Academic Advising Approaches Jayne K. Drake, Peggy Jordan, Marsha A. Miller, 2013-09-16 Strong academic advising has been found to be a key contributor to student persistence Center for Public Education 2012 and many are expected to play an advising role including academic career and faculty advisors counselors tutors and student affairs staff Yet there is little training on how to do so Various advising strategies exist each of which has its own proponents To serve increasingly complex higher education institutions around the world and their diverse student

cohorts academic advisors must understand multiple advising approaches and adroitly adapt them to their own student populations Academic Advising Approaches outlines a wide variety of proven advising practices and strategies that help students master the necessary skills to achieve their academic and career goals This book embeds theoretical bases within practical explanations and examples advisors can use in answering fundamental questions such as What will make me a more effective advisor What can I do to enhance student success What conversations do I need to initiate with my colleagues to improve my unit campus and profession Linking theory with practice Academic Advising Approaches provides an accessible reference useful to all who serve in an advising role Based upon accepted theories within the social sciences and humanities the approaches covered include those incorporating developmental learning centered appreciative proactive strengths based Socratic and hermeneutic advising as well as those featuring advising as teaching motivational interviewing self authorship and advising as coaching All advocate relationship building as a means to encourage students to take charge of their own academic personal and professional progress This book serves as the practice based companion to Academic Advising A Comprehensive Handbook also from NACADA Whereas the handbook addresses the concepts advisors and advising administrators need to know in order to build a success advising program Academic Advising Approaches explains the delivery strategies successful advisors can use to help students make the most of their college experience

Coaching Applications and Effectiveness in Higher Education Hunaiti, Ziad, 2021-06-25 Coaching has become such a ubiquitous concept that it can connote any professional practice for empowering people and unlocking their potential to make the most of their performance and achieve their goals This can be accomplished by establishing collaborative relationships between the coach and coachee the person being coached based on the effective communication and professional skills of the coach which include the ability to create a safe environment ask effective questions pay attention listen actively keep an open mind stay non judgmental paraphrase challenge and give and accept constructive feedback while remaining respectful The higher education sector is one of the key areas that can benefit from adopting coaching practices Coaching Applications and Effectiveness in Higher Education provides relevant applications of coaching and their effectiveness within the sector of higher education This branches out to teaching and learning and involves students staff and staff development Chapters include information on coaching models coaching in blended environments and with technology coaching effectiveness and coaching equity This book is ideal for researchers working in the field of coaching and higher education in different disciplines coaches HR and management policymakers researchers academicians and students who want to improve their understanding of where coaching can be applied in higher education and its effectiveness

Employee Wellbeing Pooja Vishwanathan, 2024-09-30 Drawing on work and positive psychology this insightful book addresses contemporary workplace challenges and analyses evidence based interventions in the employee wellbeing domain Recent years have seen significant developments in the area of employee wellbeing with many organisations becoming more interested in wellbeing at work

This book begins by contextualising employee wellbeing before and after the onset of the pandemic and demonstrates how employers are seeking advice and proactively implementing wellbeing policies and practices. It goes on to consider such issues as employee voice, employee growth mindset, burnout, quiet quitting, sleep hygiene, workplace isolation, and psychological safety. Each chapter is supported by thought-provoking questions and activities that encourage readers to reflect on their learning and apply their understanding of the material in practice, as well as suggestions for further reading that offer resources for continued study. The book closes by analysing a range of specific interventions that organisations can employ, including potential pitfalls to avoid. In so doing, it offers clear practical guidance for employers looking to improve employee wellbeing in their organisation. Employee Wellbeing is an important read for stakeholders within and outside of organisations and will also be of interest to students and academics studying work psychology, organisational behaviour, wellbeing at work, and related fields.

A Research Agenda for Social Wellbeing Neil Thin, 2020-11-27 This Research Agenda for Social Wellbeing introduces scholars and planners to the importance of a wellbeing lens for the study and promotion of social flourishing. It demonstrates the importance of wellbeing as a public good, not just a property of individuals.

The Coaching Secret Andrew Machon, 2011-01-10 Coaching as a field has mushroomed in recent years. Thousands of new coaches enter the field after only completing short and superficial training programmes. The problem with this is that coaching is not i) something you can simply learn in a short programme, ii) a superficial practice. The books available on coaching tend to just reinforce this by going over coaching methodology without delving into what it really means to be a coach. The Coaching Secret remedies this by going beneath the surface, looking at what it really means to be a coach and showing how you can go from simply understanding

Critical Perspectives on the Intersections of Coaching and Leadership Wefald, Andrew J., 2024-04-16 A distinctive challenge has emerged in business and educational industries: how to navigate the intersections of life coaching, relational coaching, and leadership coaching. The surge in popularity of these coaching methods has significantly impacted the practices and philosophies of leaders across various sectors. As leaders increasingly incorporate coaching into their approaches, a critical need arises to comprehensively understand the theoretical underpinnings and practical applications of these intersections. Critical Perspectives on the Intersections of Coaching and Leadership addresses this challenge by showcasing the knowledge of experts engaged in this discourse, spanning the spectrum of academic and practical exploration. The book examines the intersections of coaching and leadership, providing readers with an understanding through diverse perspectives. By critically analyzing these intersections, the book addresses pivotal questions: What role should coaching play in leadership? How can these intersections contribute to forging a more inclusive and fairer world? By addressing these questions directly, the book explores the challenges that emerge in these intersections and explains how coaching within diverse leadership approaches can be a transformative force. The aim is to offer valuable insights to scholars and practitioners in coaching and leadership, fostering a deeper exploration of the

symbiotic relationship between these dynamic fields

Coaching with the Brain in Mind David Rock, Linda J. Page, 2009-08-24 DISCOVER THE SCIENCE BEHIND BRAIN BASED COACHING By understanding how the brain works coaching professionals can better tailor their language strategies and goals to be in alignment with an individual's hard wired way of thinking Written by two well known coaching professionals David Rock and Linda Page *Coaching with the Brain in Mind* presents the tools and methodologies that can be employed by novice and experienced coaches alike to create an effective and ultimately more rewarding relationship for both coach and client This informative guide to the neuroscience of coaching clearly demonstrates how brain based coaching works in practice and how the power of the mind can be harnessed to help an individual learn and grow Illustrated with numerous case examples and stories this book is organized for immediate use by professionals in their client work Coverage includes A succinct but comprehensive overview of the major scientific and theoretical foundations for coaching and their implications for practice How the language of coaching setting goals making connections becoming more aware seeking breakthroughs and taking action parallels what neuroscientists tell us about how the brain operates Neuroscience as a natural platform for the ongoing development of coaching Building on the existing foundation of coaching by adding neuroscience as an evidence base for the profession *Coaching with the Brain in Mind* shows that it is possible to become a better professional coach by understanding how the brain works As well the authors through their research present that an understanding of neuroscience research however new and speculative can help coaches and leaders fulfill their potential as change agents in the lives of others
