### **Approaching Silence New Perspectives On Shusaku Endo's Classic Novel:**

Approaching Silence Mark W. Dennis, Darren J. N. Middleton, 2015-02-26 Shusaku Endo is celebrated as one of Japan's great modern novelists often described as Japan's Graham Greene and *Silence* is considered by many Japanese and Western literary critics to be his masterpiece. *Approaching Silence* is both a celebration of this award-winning novel as well as a significant contribution to the growing body of work on literature and religion. It features eminent scholars writing from Christian, Buddhist, literary and historical perspectives taking up for example the uneasy alliance between faith and doubt, the complexities of discipleship and martyrdom, the face of Christ and the bodhisattva ideal as well as the nature of suffering. It also frames *Silence* through a wider lens comparing it to Endo's other works as well as to the fiction of other authors. *Approaching Silence* promises to deepen academic appreciation for Endo within and beyond the West. Includes an Afterword by Martin Scorsese on adapting *Silence* for the screen as well as the full text of Steven Dietz's play adaptation of Endo's novel.

**Scorsese and Religion** Christopher B. Barnett, Clark J. Elliston, 2019-09-16 *Scorsese and Religion* concerns the religious vision of the great American filmmaker Martin Scorsese. Not only will this volume explore the foundation of Scorsese's interest in religion namely his relation to the Catholic Church but it will also highlight the religious breadth of Scorsese's corpus. Ultimately this book demonstrates that Scorsese's cinematic representation of reality brings together various religious influences Catholicism, existentialism, Buddhism etc. and topics such as violence, morality, nihilism and so on. The overarching claim is that Scorsese, who indeed once claimed that his whole life had been movies, and religion cannot be properly understood without reflecting on the ways in which his religious interests are expressed in and through his art.

**Treasure in Earthen Vessels** Ambrose Mong, 2025-01-28 Throughout history and literature, priests have been depicted as heroic figures battling evil and confronting moral dilemmas. These portrayals highlight their unwavering faith and commitment even in the midst of personal sacrifices. In movies and novels, priests are often portrayed as flawed characters struggling to fulfill their religious duties. These depictions aim to showcase priests as human beings with imperfections navigating their own challenges while remaining faithful to their calling. The media has recently highlighted scandals involving Catholic priests including cases of sexual and financial misconduct. These stories reveal the dark side of the institution with attempts to cover up wrongdoing to protect the Church's reputation. The danger is that misleading negative stereotypes of priests can come to dominate public consciousness. We need to find ways to acknowledge the dreadful seriousness of these acts while also recognizing the many priests who genuinely strive to fulfill their vocation and serve the people of God. This volume attempts to depict priests in both factual and fictional scenarios to convey the complexity of their roles as shepherds of the flock.

Back cover *Acts of Faith and Imagination* Brent Little, Mark Bosco, SJ, 2023-08-04 *Acts of Faith and Imagination* wagers that fiction written by Catholic authors assists readers to reflect critically on the question what is faith To speak of a person s faith life is to speak of change and development As a narrative form literature can illustrate the dynamics of faith which remains in flux over the course of one s life Because human beings must possess faith in something whether religious or not it inevitably has a narrative structure faith ebbs and flows flourishes and decays develops and stagnates Through an exploration of more than a dozen Catholic authors novels and short stories Brent Little argues that Catholic fiction encourages the reader to reflect upon their faith holistically that is the way faith informs one s affections and how a person conceives and interacts with the world as embodied beings Amidst the diverse stories of modern and contemporary fiction a

consistent pattern emerges Catholic fiction portrays faith at its most fundamental often unconscious level as an act of the imagination Faith is the way one imagines themselves others and creation A person's primary faith conditions how they live in the world regardless of the level of conscious reflection and regardless of whether this is a religious faith Acts of Faith and Imagination investigates the creative depth and vitality of the Catholic literary imagination by bringing late modern Catholic authors into dialogue with more contemporary ones Readers will then consider well known works such as those by Graham Greene Flannery O'Connor and Muriel Spark in the fresh light of contemporary stories by Toni Morrison Alice McDermott Uwem Akpan and several others *The Wounded Angel* Paul Lakeland, 2017-02-10 In this unique book readers are taken on a journey to explore the role of the imagination in the face of mystery whether it be the mystery of God whose full reality lies beyond our earthly horizons or the deepest mysteries of life hinted at in the work of fiction By attending to a series of novels Paul Lakeland proposes serious fiction as an antidote to the failure of the religious imagination today and shows how literature might lead the secular mind at least to the threshold of mystery

**Transcendence and Film** David P. Nichols, 2019-05-23 In this edited collection of essays ten experts in film philosophy explore the importance of transcendence for understanding cinema as an art form They analyze the role of transcendence for some of the most innovative film directors David Cronenberg Karl Theodor Dreyer Federico Fellini Werner Herzog Stanley Kubrick David Lynch Terrence Malick Yasujiro Ozu and Martin Scorsese Meanwhile they apply concepts of transcendence from continental philosophers like Alain Badiou Gilles Deleuze Martin Heidegger Michel Henry Edmund Husserl Karl Jaspers Søren Kierkegaard Maurice Merleau-Ponty Friedrich Nietzsche and Jean-Paul Sartre Each of the ten chapters results in a different perspective about what transcendence means and how it is essential to film as an art medium Several common threads emerge among the chapters The contributors find that the limitations of human existence are frequently made evident in moments of transcendence so as to bring characters to the margins of their assumed world At other times transcendence goes immanent so as to emerge in experiences of the surprising nearness of being as though for a radical intensification of life Film can also exhibit ciphers of transcendence whereby symbolic events open us to greater realizations about our place in the world Lastly the contributors observe that transcendence occurs in film not simply from isolated moments forced into a storyline but in a manner rooted within an ontological rhythm peculiar to the film itself

The Bibliograph All three present this new aesthetic object which transcends the narrow limits of the academic bibliography The alphabetical works also share a tripartite structure and identical length The Bibliograph itself is characterised by its strategic place within each book as a whole as well as by the complex variations in meaning of the dominant motifs nothingness absence and silence which recur throughout the alphabetical entries that constitute the elements of each text It's Nothing Seriously for example addresses the amusing paradox that so much continues to be written today about nothing The aleatory character of the entries in the texts encourage the modern reader to reflect on each theme and to read them in a new way The reader is invited as well to examine their various inter textual relations across given conventional boundaries in the arts and sciences at several levels of physical psychical social reproduction *Between Form and Faith* Martyn Sampson, 2021-08-03 What is a Catholic novel This book analyzes the fiction of Graham Greene in a radically new manner considering in depth its form and content which rest on the oppositions between secularism and religion Sampson challenges these distinctions arguing that Greene has a dramatic contribution to add to their methodological premises Chapters on Greene's four Catholic novels and two of his post Catholic novels are complemented by fresh insight into the critical importance of his nonfiction The study paints an image of an inviting yet beguilingly complex literary figure
