Approaching The New Millennium An Amillennial Look At A D 2000:

Approaching the New Millennium Paul Butler, 1998 By looking at history and geography it is clear that many end time passages from the Old Testament prophecies have been fulfilled Applying the same process to the familiar New Testament end time passages Butler shows that most of these prophecies have also been fulfilled *The Last Days of Dispensationalism* Alistair W. Donaldson, 2010-10-28 How we understand God's future purposes for the world must shape to a significant degree how Christians live life in the present The decades since the publication of Hal Lindsey's *The Late Great Planet Earth* have seen a great deal of end times speculation Signs of the end time apocalypse occurring soon have been heralded across our radios televisions the internet and through written forms of media urging people to either be ready for the rapture or be left behind to endure the horrific suffering of the tribulation as God's end time program unfolds Is this really what the Bible teaches about the purposes of the God of whom our Bible declares so loved the world that he gave his only son in order that all things be reconciled *The Last Days of Dispensationalism* carefully examines this popular understanding known to us as dispensationalism and urges us to think again and to see within the Bible's grand salvation narrative and in the person of Jesus Christ a better message of redemptive hope for the future and a greater sense of meaning and purpose for the present

Aguzzi, 2017-07-28 Since the calls of the Second Vatican Council Roman Catholic theologians have sought to overcome an overarching problem facing Jewish Christian relations the concept of supersessionism the idea that God has revoked the spiritual and historical promises made to the Jewish people in favour of granting those same privileges to a predominantly Gentile Church Israel the Church and Millenarianism breaks new ground by applying an ancient principle to the problem of Israel's replacement the early Church's promotion of millennialism Utilizing the best in Patristic research Aguzzi argues that these earliest Christian traditions made room for the future of Israel because Christ's reign in the Church was viewed as provisional to his historical reign on earth Israel's role in salvation history was and is not yet complete Aguzzi's research also opens the door for a greater Catholic understanding of the millennial principle not shying away from its validity and relevance for understanding the importance of safeguarding Jewish particularity while concluding that the Synagogue and the Church are indeed on a parallel trajectory what will their Israel's acceptance be but life from the dead Romans 11:15 Ultimately the divine will is fulfilled through both Christian and Jewish means in history while each community is dependent in different ways upon the unfolding of God's future and the coming Parousia of Christ **Cumulated Index to the Books**, 1999 **American Book Publishing Record**, 1999 **Who's who in America**, 2003 *New Religious Movements and Religious Liberty in America* Derek Davis, Barry Hankins, 2003 New nontraditional religious movements are the most likely groups to offend mainstream culture and the least likely to have representatives in government to ensure that their liberty is protected These new religious movements are sometimes ostracized and subject to various forms of discrimination As America becomes increasingly pluralistic with more and more groups contributing to the nation's religious mosaic new religious movements may well play an increasing role in the course of religious liberty in America just as groups such as the Jehovah's Witnesses did formerly This book explores the problems and possibilities posed by new religious movements for religious liberty in America **Why Creeds and Confessions?** Jay Rogers, 2016-03-24 Why a book on the creeds and confessions of the Church A single book containing the actual texts of the most important creeds of the early Church will not often be found Out of the multitude of works on the evangelical Christian book market today those dealing with the creeds of the Church are scarce This book contains the full texts of the most important creeds of the early Church The purpose is to put into the reader's hands a book containing the creeds that all Christians throughout the ages Roman Catholic Eastern Orthodox and

Protestant have believed When we come to the Reformation period we will see that the matter of salvation and church government became a matter of debate However there has always been a continuous thread of teaching that all Christians have held in common Why Creeds and Confessions provides a foundation of biblical orthodoxy as a defense against the false and truly heretical doctrines advanced by the spirit of this age The End of the World Tom McIver,1999 This bibliography contains careful and bias free annotations of close to 3 500 works written over many centuries about the end of the world predominantly but not entirely from a Christian perspective The books pamphlets websites and selected other media cover a wide variety of eschatological beliefs from the numerous fundamentalist scenarios to the mystical and the violent and include such topics as the Tribulation the Rapture the Millennium Armageddon the Second Coming the Antichrist and the Apocalypse Works on other major religions such as Judaism Islam the mythos of popular cultures Mayan prophecies Norse Ragnarok UFO occult and psychic theories Heaven s Gate Nostradamus and secular theories Y2k computer chaos can be found The work is in four parts plus indexes Entries in the pre 1800 part are arranged chronologically beginning with the Books of Enoch in the second century BC Other entries are arranged alphabetically within the three chronological subdivisions of 1800 1910 1910 1970 and post 1970 All include full bibliographic information and annotations regarding format type of work theme the author s background the category of theories espoused distinctive or notable characteristics the intended readership and the significance of the work There are cross references to works by the same author An introduction describes major types of beliefs outlines basic Fundamentalist end of the world scenarios summarizes Biblical sources and explains important terms concepts and relationships among sources The work is extensively indexed by author title and subject **Religious and Theological Abstracts** ,2001 *Apocalypticism and Millennialism* Loren L. millennium really begin January 1 2000 or January 1 2001 Although seemingly trivial the debate over this issue tells an intriguing story about the cultural history of the twentieth century And why must our calendars be so complex leading to our search for arbitrary regularity including a fascination with millennia This revised edition begins with a new and extensive preface on a key subject not treated in the original version As always Gould brings into his essays a wide range of compelling historical and scientific fact including a brief history of millennial fevers calendrical traditions and idiosyncrasies from around the world the story of a sixth century monk whose errors in chronology plague us even today and the heroism of a young autistic man who has developed the extraordinary ability to calculate dates deep into the past and the future Ranging over a wide terrain of phenomena from the arbitrary regularities of human calendars to the unpredictability of nature from the vagaries of pop culture to the birth of Christ Stephen Jay Gould holds up the mirror to our millennial passions to reveal our foibles absurdities and uniqueness in other words our humanity *Fearful Hope* Christopher Kleinhenz, Fannie LeMoine, 1999 From disaster movies to cult movements apocalyptic images surround us as we mark the end of the current millennium *Fearful Hope Approaching the New Millennium* provides a wide range of essays probing the meaning and significance of millennial expectations and apocalyptic visions From John J Collins s essay on the sense of ending in pre Christian Judaism to Paul Boyer s discussion of apocalyptic fears and foreboding in the 20th century *Fearful Hope* explores the apocalyptic in both religion and secular culture discussing biblical prophets medieval manuscripts cult movements and even the current obsession with conspiracy in television shows like *The X Files* Finally Archbishop Rembert Weakland and Bishop Johannes Hempel stress the importance of maintaining hope in our own age **The Third Millennium** Brian M. Stableford, David Langford, 1988 **AD 2000** Juniper Von Phitzer Press, 1996 **1000 for 2000** John Hogue, 1999 **The New Millennium** Pat Robertson, 1990-10-01 Looks at the political military economic social and philosophical trends in the U S and abroad for the next ten years and identifies the key problems we will face
