Pomson**

Appropriately Subversive Modern Mothers In Traditional Religions:

Appropriately Subversive Tova Hartman Halbertal, 2002 The author interviewed mothers of teenage daughters in religious communities Catholic in the USA and Orthodox Jews in Israel to find out how to reconcile conflicting loyalties

Women, Ritual, and Power Elizabeth Ursic, 2014-09-30 Reveals the triumphs and struggles of contemporary Christian congregations to express female imagery of God in worship Many Christians do not know the Bible contains female images of God because they have never heard nor seen them in church In Women Ritual and Power Elizabeth Ursic gives the reader insight into four Christian communities that worship God with female imagery both as a worship focus and a community identity These Methodist Presbyterian Lutheran and Catholic congregations operate within their established church denominations and are led by either ordained Protestant ministers or vowed Catholic sisters Because expressing God as She can expose strident claims for maintaining God as He this book shows not only how patriarchy continues to operate in churches today but also how it is being successfully challenged through liturgy Women Ritual and Power is an important contribution to the theological world Elizabeth Ursic sheds light on what has enabled churches to include female images for the divine and provides multiple narratives of the negative reactions to such images As she displays how gender is understood in Christian worship with evidence that some churches do include feminist imagery the continuing presence of patriarchy is also revealed The book is basically about the constructive function of the inclusion of feminine images for all One of the main reasons we need this book is that Ursic perceives there is a much wider larger group of Christians who would love to have more feminist images than is recognized in churches and church practices Mary McClintock Fulkerson author of Changing the Subject Women's Discourses and Feminist Theology **Why are Women more Religious than**

Men? Marta Trzebiatowska, Steve Bruce, 2012-09-20 Women are more religious than men Despite being excluded from leadership positions in almost every culture and religious tradition women are more likely than men to pray to worship and to claim that their faith is important to them Women also dominate the world of New Age spirituality and are far more superstitious than men This book reviews the now sizeable body of social research to consider if the gender gap in religion is indeed universal Marta Trzebiatowska and Steve Bruce extensively critique competing explanations of the differences found They conclude that the gender gap is not the result of biology but is rather the consequence of important social differences overlapping and reinforcing each other Responsibility for managing birth child rearing and death for example and attitudes to the body illness and health each play a part In the West the gender gap is exaggerated because the social changes that undermined the plausibility of religion bore most heavily on men first Where the lives of men and women become more similar and where religious indifference grows the gender gap gradually disappears Written in an accessible style whilst drawing some robust conclusions the book's main purpose is to serve as a state of the art review for those interested in one of the largest differences between male and female behaviour **The Spiritual Practice of Remembering** Margaret

Bendroth,2013-11-11 We often dismiss history as dull or irrelevant but our modern disengagement from the past puts us fundamentally out of step with the long witness of the Christian tradition Yet says Margaret Bendroth the past tense is essential to our language of faith and without it our conversation is limited and thin This accessible beautifully written book presents a new argument for honoring the past The Christian tradition gives us the powerful image of a vast communion of saints all of God s people both living and dead in vital conversation with each other This kind of connection with our ancestors in the faith Bendroth maintains will not happen by wishing or by accident She argues that remembering must become a regular spiritual practice part of the rhythm of our daily lives as we recognize our world to be in many ways a gift from others who have gone before

Handbook of Religion and Society David Yamane,2016-07-15 The Handbook of Religion and Society is the most comprehensive and up to date treatment of a vital force in the world today It is an indispensable resource for scholars students policy makers and other professionals seeking to understand the role of religion in society This includes both the social forces that shape religion and the social consequences of religion This handbook captures the breadth and depth of contemporary work in the field and shows readers important future directions for scholarship Among the emerging topics covered in the handbook are biological functioning organizational innovation digital religion spirituality atheism and transnationalism The relationship of religion to other significant social institutions like work and entrepreneurship science and sport is also analyzed Specific attention is paid where appropriate to international issues as well as to race class sexuality and gender differences This handbook includes 27 chapters by a distinguished diverse and international collection of experts organized into 6 major sections religion and social institutions religious organization family life course and individual change difference and inequality political and legal processes and globalization and transnationalism

Re-envisioning Jewish Identities Efraim Sicher,2021-08-30 This innovative study shows how the imaginary constructions of self and Other are shaping identification with Jewishness in the twenty first century The texts and artworks discussed in this book test a diverse range of ways of identifying as Jews and with the Jewish people while engaging with postmodern and postcolonial discourses of hybridity and multiculturalism This book selects six key areas in which the boundaries of Jewish identities have been interrogated and renegotiated nation ethnicity gender sexuality religion and the Holocaust In each of these areas Sicher explores how major and emerging contemporary writers and artists re envision the meaning of their identities Such re envisioning may be literally visual or metaphorical in the search for expression of artistic self between the conventional paradigms of the past and new ways of thinking

Global Antisemitism: A Crisis of Modernity Charles Asher Small,2013-11-28 This volume contains a selection of essays based on papers presented at a conference organized at Yale University and hosted by the Yale Initiative for the Interdisciplinary Study of Antisemitism YIISA and the International Association for the Study of Antisemitism IASA entitled Global Antisemitism A Crisis of Modernity The essays are written by scholars from a wide array of disciplines intellectual backgrounds and perspectives and address

the conference's two inter-related areas of focus: global antisemitism and the crisis of modernity currently affecting the core elements of Western society and civilization. Rather than treating antisemitism merely as an historical phenomenon, the authors place it squarely in the contemporary context. As a result, this volume also provides important insights into the ideologies, processes, and developments that give rise to prejudice in the contemporary global context. This thought-provoking collection will be of interest to students and scholars of antisemitism and discrimination as well as to scholars and readers from other fields.

What Animals Teach Us about Families Beth A. Berkowitz, 2026-01-06 Reading the Bible and rabbinic literature to reimagine the bonds between animals. Moving beyond debates about the ethics of animal consumption to focus on animals' intimate lives, Beth A. Berkowitz examines the contribution of religious traditions and sacred texts to contemporary conversations about animals. Reading the four animal family laws of the Bible alongside their rabbinic interpretations from ancient times to today, she examines the bonds that animals form with each other and reimagines family to include new forms of life and alternative modes of kinship. Humanitarian politics and biblical law tend to take for granted that human interests supersede animal interests and that our moral obligation extends only to avoiding unnecessary suffering, but necessity is determined by humans. *What Animals Teach Us About Families* looks at animal emotions, animal agency, family diversity, and human response to reconsider the obligations and opportunities the animal family presents.

Religion and Democracy in the United States Alan Wolfe, Ira Katznelson, 2010-08-30 The United States remains a deeply religious country, and religion plays an inextricably critical role in American politics. Controversy over issues such as abortion is fueled by opposition in the Catholic Church and among conservative Protestants; candidates for the presidency are questioned about their religious beliefs; and the separation of church and state remains hotly contested. While the examination of religion's influence in politics has long been neglected, in the last decade the subject has finally garnered the attention it deserves. In *Religion and Democracy in the United States*, prominent scholars consider the ways Americans understand the relationship between their religious beliefs and the political arena. This collection, a work of the Task Force on Religion and American Democracy of the American Political Science Association, thoughtfully explores the effects of religion on democracy and contemporary partisan politics. Topics include how religious diversity affects American democracy; how religion is implicated in America's partisan battles; and how religion affects ideas about race, ethnicity, and gender. Surveying what we currently know about religion and American politics, the essays introduce and delve into the range of current issues for both specialists and nonspecialists. In addition to the editors, the contributors are Allison Calhoun Brown, Rosa DeLauro, Bette Novit Evans, James Gibson, John Green, Frederick Harris, Amanyeh Jamal, Geoffrey Layman, David Leal, David Leeger, Nancy Rosenblum, Kenneth Wald, and Clyde Wilcox.

Appropriately Subversive Tova Hartman Halbertal, 2002 The author interviewed mothers of teenage daughters in religious communities: Catholic in the USA and Orthodox Jews in Israel, to find out how to reconcile conflicting loyalties.

The Deepening Darkness Carol Gilligan, David A. J. Richards, 2008-11-10 Why is America

again unjustly at war Why is its politics distorted by wedge issues like abortion and gay marriage Why is anti-Semitism still so powerfully resurgent Such contradictions within democracies arise from a patriarchal psychology still alive in our personal and political lives in tension with the equal voice that is the basis of democracy This book joins a psychological approach with a political theoretical one that traces both this psychology based on loss in intimate life and resistance to it based on the love of equals to the Roman Republic and Empire and to three Latin masterpieces Virgil's Aeneid Apuleius's The Golden Ass and Augustine's Confessions In addition this book explains many other aspects of our present situation including why movements of ethical resistance are often accompanied by a freeing of sexuality and why we are witnessing an aggressive

fundamentalism at home and abroad **International Handbook of Jewish Education** Helena Miller, Lisa D. Grant, Alex Pomson, 2011-04-02 The International Handbook of Jewish Education a two volume publication brings together scholars and practitioners engaged in the field of Jewish Education and its cognate fields world wide Their submissions make a significant contribution to our knowledge of the field of Jewish Education as we start the second decade of the 21st century The Handbook is divided broadly into four main sections Vision and Practice focusing on issues of philosophy identity and planning the big issues of Jewish Education Teaching and Learning focusing on areas of curriculum and engagement Applications focusing on the ways that Jewish Education is transmitted in particular contexts both formal and informal for children and adults Geographical focusing on historical demographic social and other issues that are specific to a region or where an issue or range of issues can be compared and contrasted between two or more locations This comprehensive collection of articles providing high quality content constitutes a definitive statement on the state of Jewish Education world wide as well as through a wide variety of lenses and contexts It is written in a style that is accessible to a global community of academics and professionals

Veiled Desires Maureen Sabine, 2013-08 *Veiled Desires* is the first full length study of the film nun to trace the shifting features of her screen representation in twelve or more postwar films that span a sixty year period It not only situates them within the changing history of modern women religious but employs an interdisciplinary perspective to argue that the film nun projects a complex and often vexed portrait of both traditional religious and modern female desires

Emotions Matter Dale Spencer, Kevin Walby, Alan Hunt, 2012-03-07 The sociology of emotions has recently undergone a renaissance raising new questions for the social sciences How should we define and study emotions How are emotions related to perennial sociological debates about structure power and agency *Emotions Matter* brings together leading international scholars to build on and extend sociological understandings of emotions Moving beyond reductionist approaches that frame emotions as idiosyncratic states of mind the scholars in this collection conceptualize emotions as the experience of social relations Empirical and theoretical chapters demonstrate how emotions relate to sociological theories of interaction the body gender and communication Pushing the boundaries of sociology and stimulating debate for related fields *Emotions Matter* offers diverse relational approaches that illustrate the crucial importance of emotions to the sociological

imagination **Between Feminism and Orthodox Judaism** Yael Israel-Cohen, 2012-07-25 In *Between Feminism and Orthodox Judaism* Yael Israel Cohen offers an intricate picture of feminist religious identity resistance and religious change

Fundamentalism in American Religion and Law David A. J. Richards, 2010-03-15 Why from Reagan to George Bush have fundamentalists in religion and in law originalists exercised such political power and influence in the United States Why has the Republican Party forged an ideology of judicial appointments originalism hostile to abortion and gay rights Why and how did Barack Obama distinguish himself among Democratic candidates not only by his opposition to the Iraq war but by his opposition to originalism This book argues that fundamentalism in both religion and law threatens democratic values and draws its appeal from a patriarchal psychology still alive in our personal and political lives and at threat from the constitutional developments since the 1960s The argument analyzes this psychology based on traumatic loss in intimate life and resistance to it based on the love of equals Obama's resistance to originalism arises from his developmental history as a democratic as opposed to patriarchal man who resists the patriarchal demands on men and women that originalism enforces in particular the patriarchal love laws that tell people who and how and how much they may love *Lilith*, 2005 **Tikkun**

, 2003 **Angels on Earth: Mothering, Religion and Spirituality** Vanessa Reimer, 2016-08-01 This collection brings together scholarly and creative pieces that reveal how the intellectual emotional and physical work of mothering is informed by women's religiosities and spiritualities Its contributors examine contemporary and historical perspectives on religious and spiritual mothering through interdisciplinary research feminist life writing textual analyses and creative non fiction work In contrast to the bulk of feminist scholarship which marginalizes women's religious and spiritual knowledges this volume explores how such epistemologies fundamentally shape the lived experiences of diverse mothers across the globe In emphasizing the empowerment and enrichment that women derive from their religious beliefs and spiritual worldviews *Angels on Earth* invites readers to cultivate a deeper understanding of how mothers are transforming their local communities religious institutions and broader spiritual traditions

The Figure of the Child in Contemporary Evangelicalism Anna Strhan, 2019-09-26 What does it mean to grow up as an evangelical Christian today What meanings does childhood have for evangelical adults How does this shape their engagements with children and with schools And what does this mean for the everyday realities of children's lives Based on in depth ethnographic fieldwork carried out in three contrasting evangelical churches in the UK Anna Strhan reveals how attending to the significance of children within evangelicalism deepens understanding of evangelicals hopes fears and concerns not only for children but for wider British society Developing a new relational approach to the study of children and religion Strhan invites the reader to consider both the complexities of children's agency and how the figure of the child shapes the hopes fears and imaginations of adults within and beyond evangelicalism *The Figure of the Child in Contemporary Evangelicalism* explores the lived realities of how evangelical Christians engage with children across the spaces of church school home and other informal educational spaces in a de

christianizing cultural context how children experience these forms of engagement and the meanings and significance of childhood Providing insight into different churches contemporary cultural and moral orientations the book reveals how conservative evangelicals experience their understanding of childhood as increasingly countercultural while charismatic and open evangelicals locate their work with children as a significant means of engaging with wider secular society Setting out an approach that explores the relations between the figure of the child children s experiences and how adult religious subjectivities are formed in both imagined and practical relationships with children this study situates childhood as an important area of study within the sociology of religion and examines how we should approach childhood within this field both theoretically and methodologically

Appropriately Subversive Modern Mothers In Traditional Religions Book Review: Unveiling the Magic of Language
