Aquarian Odyssey Don Snyder, 1979

Aquarian odyssey Don Snyder, 1979

The 1960s Rebecca Jackson, 1992-12-10

The 1960s were a particularly turbulent period and the events of those years continue to interest and influence American society This bibliography records and documents the most significant happenings of that decade The volume spans the years between 1960 and the resignation of President Nixon in 1974 It includes citations for more than 1300 books related to that period Some of the books were written during the 1960s and directly influenced people of that time Others were written afterward and analyze and interpret the events of the decade The entries are arranged in topical chapters and each citation is accompanied by a descriptive and evaluative annotation The volume begins with an introduction that overviews and discusses the major events and trends of the time The 17 topical chapters that follow treat virtually every aspect of life in the 1960s The first few chapters include general works on the underlying social political and economic conditions that served to define the decade Other chapters discuss works on the presidencies social protests the impact of the Vietnam war the cultural revolution and trends in art music literature and religion The bibliography concludes with author title and subject indexes that add to its value as a reference tool

Across the Great Divide Rhys Davies, Christopher Townsend, Alexandra

Trott, 2014-10-21 There s nothing pure about modernism For all the later critical emphasis upon medium specificity modernist artists in their own times revel in the exchange of motifs and tropes from one kind of art to another they revel in staging events where different media play crucial roles alongside each other where different media interfere with each other to spark new and surprising experiences for their audiences This intermediality and multi media activity is the subject of this important collection of essays The authoritative contributions cover the full historical span of modernism from its emergence in the early twentieth century to its after shocks in the 1960s Studies include Futurism s struggle to create an art of noise for the modern age the radical experiments with poetry painting and ballet staged in Paris in the early 1920s the relationship of poetry to painting in the work of a neglected Catalan artist in the 1930s the importance of architecture to new conceptions of performance in 1960s Happenings and the complex exchange between film music and sadomasochism that characterises

The Acid Queen Susannah Cahalan, 2025-04-22

Shines a light on one of the twentieth century s most amazing untold life stories An essential read and an unforgettable trip Robert Kolker author of Hidden Valley Road Cahalan details a piece of lost but fascinating history the story of a woman who embodied an era of freedom experimentation and psychedelic adventure Meticulously reported and beautifully crafted Susan Orlean The untold story of the woman who played a critical role in bringing psychedelics into the mainstream until her audacious exploits forced her into the shadows from the 1 New York Times bestselling author of Brain on Fire Rosemary Woodruff Leary has been known only as the wife of Timothy Leary the Harvard professor turned psychedelic high priest whose jailbreak captivated the counterculture and whose life on the run with Rosemary inflamed the government But Rosemary was more

than a mere accessory She was a beatnik a psychonaut and a true believer who tested the limits of her mind and the expectations for women of her time Long overlooked by those who have venerated her husband Rosemary spent her life on the forefront of the counterculture working with Leary on his books and speeches sewing his clothing and shaping for better and for worse the media s narrative about LSD Ultimately Rosemary sacrificed everything for the safety of her fellow psychedelic pioneers and the preservation of her husband s legacy Drawing from a wealth of interviews diaries archives and unpublished sources Susannah Cahalan writes the definitive portrait of Rosemary Woodruff Leary reclaiming her narrative and her voice from those who dismissed her Page turning revelatory and utterly compelling *The Acid Queen* shines an overdue spotlight on a pioneering psychedelic seeker *The Future's Not what it Used to be* Lester Louis Poehner,2000

The Literature of Rock, II, 1979-1983 Frank W. Hoffmann,B. Lee Cooper, Lee Ann Hoffmann,1986 **Psychedelic Refugee** Rosemary Woodruff Leary,2021-02-16 A memoir by one of the original female psychedelic pioneers of the 1960s Shares Rosemary s early experimentation with psychedelics in the 1950s her development through the psychedelic revolution of the 1960s and her involvement at first exciting but then heartbreaking with Dr Timothy Leary Describes her LSD trips with Leary their time at the famous Millbrook estate their experiences as fugitives abroad including their captivity by the Black Panthers in Algeria and Rosemary s years on the run after she and Timothy separated One of the original female psychedelic pioneers Rosemary Woodruff Leary 1935 2002 began her psychedelic journey long before her relationship with Dr Timothy Leary In the 1950s she moved to New York City where she became part of the city s most advanced music art and literary circles and expanded her consciousness with psilocybin mushrooms and peyote In 1964 she met two former Harvard professors who were experimenting with LSD Timothy Leary and Ralph Metzner who invited her to join them at the Millbrook estate in upstate New York Once at Millbrook Rosemary went on to become the wife and accomplice of the man Richard Nixon called the most dangerous man in America In this intimate memoir Rosemary describes her LSD experiences and insights her decades as a fugitive hiding both abroad and underground in America and her encounters with many leaders of the cultural and psychedelic milieu of the 1960s Compiled from Rosemary s own letters and autobiographical writings archived among her papers at the New York Public Library the memoir details Rosemary s imprisonment for contempt of court the Millbrook raid by G Gordon Liddy the tours with Timothy before his own arrest and imprisonment and their time in exile following his sensational escape from a California prison She describes their surreal and frightening captivity by the Black Panther Party in Algeria and their experiences as fugitives in Switzerland She recounts her adventures and fears as a fugitive on five continents after her separation from Timothy in 1971 While most accounts of the psychedelic revolution of the 1960s have been told by men with this memoir we can now experience these events from the perspective of a woman who was at the center of the seismic cultural changes of that time *Directions* ,1980 **Jumbo's Hide, Elvis's Ride, and the Tooth of Buddha** Harvey Rachlin,2013-08-30 Once again historian Harvey Rachlin uncovers odd and stirring stories behind

some of the most fascinating objects in the world Jumbo s Hide Publisher s Weekly writes is entertaining and enlightening a pageant of human aspiration achievement obsession and belief Artifacts explored include The truce flag that ended World War I The Maltese Falcon John Adam s pigtail and Jesse James Stickpin and Galileo s middle finger The Publishers' Trade List Annual ,1983 *The Popular Music Handbook* B. Lee Cooper,1984 *The Cumulative Book Index* ,1980 A world list of books in the English language *The Last of NASA's Original Pilot Astronauts* David J. Shayler,Colin Burgess,2017-06-19 Resulting from the authors deep research into these two pre Shuttle astronaut groups many intriguing and untold stories behind the selection process are revealed in the book The often extraordinary backgrounds and personal ambitions of these skilled pilots chosen to continue NASA s exploration and knowledge of the space frontier are also examined In April 1966 NASA selected 19 pilot astronauts whose training was specifically targeted to the Apollo lunar landing missions and the Earth orbiting Skylab space station Three years later following the sudden cancellation of the USAF s highly classified Manned Orbiting Laboratory MOL project seven military astronauts were also co opted into NASA s space program This book represents the final chapter by the authors in the story of American astronaut selections prior to the era of the Space Shuttle Through personal interviews and original NASA documentation readers will also gain a true insight into a remarkable age of space travel as it unfolded in the late 1960s and the men who flew those historic missions *Summer of Love* Christoph Grunenberg,Jonathan Harris,Jonathan P. Harris,2005-01-01 Though more than a generation has passed since the revolutionary fervor of the Summer of Love of 1967 the 1960s in many ways seem with us still From recurring debates over the war in Vietnam to the perpetually appealing music of the Beatles and the Rolling Stone to the concern about youth drug use the legacy of the 1960s is ubiquitous in contemporary life The Summer of Love brings together an impressive group of historians artists and cultural critics to present a rich and varied interpretation of this seminal decade and its continuing influence on politics society and culture The Summer of Love which accompanies an exhibition at Tate Liverpool pays particular attention to the wildly creative psychedelic art of the era Perceptive essays on psychedelic comics graphic design and typography light shows and film successfully rescue psychedelic art from the fog of nostalgia and unjust critical neglect Distinguished contributors also explore the role of 1960s fashion and architecture and they consider anew the central influence of hallucinogenic drugs on the art of the era Running throughout the essays are the elements of epochal change from sexual liberation to student revolutions that still form the backdrop of our collective consciousness of the 1960s An incisive collection of writings on all aspects of 1960s art and culture tempered by time and critical distance The Summer of Love will be indispensable for those who wish they had been there or for those who were but can t remember it

Russian Odyssey Nancy Seifer,2003-06-18 Russian Odyssey is the story of a seeker whose quest leads her back to the unfinished business of a previous lifetime Unaware of her soul s hidden agenda she first visits the Soviet Union as a citizen

diplomat While there she is inspired to write a book about the Soul of Russia Through the ensuing interplay between her own soul and the Russian soul during the 1990s she ultimately discovers the purpose of her life s journey Russian Odyssey is the outcome of her decade long struggle It is an honest book about the challenges faced by seekers of Truth on the threshold of the Aquarian Age

The American Counterculture Damon R. Bach,2020-12-03 Restricted to the shorthand of sex drugs and rock n roll the counterculture would seem to be a brief vibrant stretch of the 1960s But the American counterculture as this book clearly demonstrates was far more than a historical blip and its impact continues to resonate In this comprehensive history Damon R Bach traces the counterculture from its antecedents in the 1950s through its emergence and massive expansion in the 1960s to its demise in the 1970s and persistent echoes in the decades since The counterculture as Bach tells it evolved in discrete stages and his book describes its development from coast to heartland to coast as it evolved into a national phenomenon involving a diverse array of participants and undergoing fundamental changes between 1965 and 1974 Hippiedom appears here in relationship to the era s movements civil rights women s and gay liberation Red and Black Power the New Left and environmentalism In its connection to other forces of the time Bach contends that the counterculture s central objective was to create a new superior society based on alternative values and institutions Drawing for the first time on documents produced by self described freaks from 1964 through 1973 underground newspapers memoirs personal correspondence flyers and pamphlets his book creates an unusually nuanced colorful and complete picture of a time often portrayed in clich d or nostalgic terms This is the counterculture of love ins and flower children of the Grateful Dead and Jefferson Airplane but also of antiwar demonstrations communes co ops head shops cultural feminism Earth Day and antinuclear activism What Damon R Bach conjures is the counterculture in all of its permutations and ramifications as he illuminates its complexity continually evolving values and constantly changing components and adherents which defined and redefined it throughout its near decade long existence In the long run Bach convincingly argues that the counterculture spearheaded cultural transformation leaving a changed America in its wake
