exam is that it is unseen it's best to work on extracts you've never read before There is more than one way to tackle an exam paper You could sit it in one go and complete it in exam conditions from start to finish You could go at the papers gently with modelled examples in front of you to help check out the videos at [youtube.com/mrbruff](https://www.youtube.com/mrbruff) Another method is to try three question themes all in a row slide tackling your way through the paper You might want to complete all of the Section B questions before beginning Section A However you do it take your time and use the indicative content at the end to check your work The indicative content isn't everything You might make a point that we haven't included Marking your own work is quite difficult so although these are good to practise on you should share with someone who understands the marking system to mark your work and give you feedback This book is not a guide to the exam it is a set of practice papers For a detailed question by question guide to AQA English language you should pick up a copy of Mr Bruff's Guide to GCSE English Language in paperback on Amazon or eBook at [mrbruff.com](https://www.mrbruff.com) Please note we are not endorsed by or affiliated to the AQA exam board We are simply two experienced teachers creating resources
