**Journal of Horticulture, Cottage Gardener and Country Gentlemen** ,1864 *The English Flower Garden* William Robinson,1895 Gardening ,1893 **An all the Year Garden** Margery Fish,2013-01-16 The garden to strive for is one that has no off moments but is interesting and attractive whatever the time of year So says Margery Fish in her introduction to the original edition of this book In the 21st century this may seem like stating the obvious but in 1958 it was a more surprising notion The strength of this book is that it proves the point Starting as a gardening journalist then gaining a reputation as a lecturer Margery caught the attention of more gardeners and made a more lasting impact with her first book We Made a Garden Having completed the tribute to her late husband in this her second book she set out in detail how to achieve her aim of a garden that looks good all the year round This is a confident Margery Fish making her own garden in her own way and writing about it with natural enthusiasm to help gardeners break away from the traditional idea of empty

and desolate gardens in winter In particular she focuses on the plants themselves highlighting those that can be relied upon to flower in winter on evergreen foliage plants that fill the garden with long term interest and on plants with unusually long seasons of colour Recognising that the period from autumn through to the bulbs of spring is the most difficult time for most gardeners planning an all the year garden Margery highlights hellebores and hardy cyclamen plants which in the 1950s were not considered particularly significant Through her persuasive prose based as ever on her own experiences at East Lambrook Manor she raises them to the first rank She also stirred interest in heathers as winter flowers in peat gardening and her infectious delight in collecting plants like hellebores and the old hose in hose primroses still delights us And all the while her own appreciation of the way her plants grew and her understanding of how to encourage them to give their best adds fundamental horticultural wisdom to her natural enthusiasm for the plants themselves This is a book that changed the way we garden
