

The background of the cover is a photograph of a landscape. In the foreground, a large, dark, conical stone monument, possibly a cairn or a small tower, sits on a grassy slope. Behind it, a calm lake reflects the sky. The middle ground shows rolling hills covered in low-lying vegetation. In the far distance, a range of mountains is visible under a pale, overcast sky.

Archaeology of Skye and the Western Isles Ian Armit,1996-04-01 No detailed description available for The Archaeology of Skye and the Western Isles Archaeological Fieldwork and Opportunities Bulletin ,1998 **Irish and Scottish Art, c. 900-1900** Heather Pulliam,Rachel Moss,2024-11-30 As evidenced by the famed Book of Kells and monumental high crosses Scotland and Ireland have long shared a distinctive artistic tradition The story of how this tradition developed and flourished for another millennium through survival adaptation and revival is less well known Some works were preserved and repaired as relics objects of devotion believed to hold magical powers Respect for the past saw the creation of new artefacts through the assemblage of older parts or the creation of fakes and facsimiles Meanings and values attached to these objects and to places with strong early Christian associations changed over time but their Celtic and or Gaelic character has remained to the forefront of Scottish and Irish national expression Exploring themes of authenticity imitation heritage conservation and nationalism these interdisciplinary essays draw attention to a variety of understudied artworks and illustrate the enduring link that exists between Scottish and Irish cultures **Soulfaring** Cintra Pemberton,1999-10

Pilgrimage going to ancient holy sites in search of God has become increasingly popular for people seeking to deepen their relationship with the Holy Sister Cintra Pemberton seeks to enrich the experiences of today s pilgrims by helping them draw on the history of pilgrimage itself as well as by suggesting particularly rich sites to visit Part One of Soulfaring explores the history of pilgrimage beginning in Celtic times and moving through the early Christian period the Middle Ages and even the revival of pilgrimage today Part Two explores fifteen sites in Wales Ireland Scotland and the Isle of Man Each of the descriptions of the various sites includes not only suggestions of what may be seen there but the author s personal meditations on the experience of the Holy in each place The Naked Clansmen on Mull & Iona 1700 - 1860 Ian

McPhee,2019-08-06 At the start of the 1700s the life of Scottish clansmen was settled compared to the past This book describes how Clan families lived simple lives in primitive homes The Battle of Culloden in 1746 changed Scotland forever Clansmen were now subject to English justice prohibited from wearing traditional clothing and carrying weapons Clan chiefs morphed into hard nosed landlords and ordinary clansmen faced a different and difficult future with challenges never experienced by their forefathers Land reform and the introduction of sheep displaced Gaelic Scots who had to either live elsewhere become crofters or emigrate The development of crofting communities dependant on growing potatoes and the lives of the people who lived in them is an essential part of this book While focused on Mull and Iona it is a fascinating story about the hardship that tenants experienced throughout Scotland Disease that decimated potato crops in 1846 caused famine starvation and great poverty People lost their livelihoods and were evicted from their homes Evictions starvation and government policy led to an upsurge in emigration Until economic conditions improved during the Crimean War emigration played a key role in the salvation of a starving population *Land and People* Michael J. Allen,Niall Sharples,Terry O'Connor,2009-09-10 This volume is derived in concept from a conference held in honour of John Evans by the School of History and Archaeology and The Prehistoric Society at Cardiff University in March 2006 It brings together papers that address themes and landscapes on a variety of levels They cover geographical methodological and thematic areas that were of interest to and had been studied by John Evans The volume is divided into five sections which echo themes of importance in British prehistory They include papers on aspects of environmental archaeology experiments and philosophy new research on the nature of woodland on the chalklands of southern England coasts and islands people process and social order and snails and shells a strong part of John Evans career This volume presents a range of papers examining people s interaction with the landscape in all its forms The papers provide a diverse but cohesive picture of how archaeological landscapes are viewed within current research frameworks and approaches while also paying tribute to the innovative and inspirational work of one of the leading protagonists of environmental archaeology and the holistic approach to landscape interpretation
