Discrimination through Language in Africa? Martin Pütz, 2014-01-06 No detailed description available for Discrimination through Language in Africa

Effects and Implications of Pragmatic Competence for Enhancing EFL University Students Written Performance Barham Sattar Abdulrahman, 2012-12-11 The book Effects and Implications of Pragmatic Competence for Enhancing EFL University Students Written Performance highlights the effects and implications of the Kurd EFL students lack of pragmatic competence on their written performance It includes with the written performance of the students at the recognition level and the production level and relies on the results achieved from its instruments the students test the students questionnaire and the lecturers questionnaire Depending on the results obtained from the tools the study tries to identify and find out the sources of errors in the written performance of the Kurd EFL university students The book hypothesizes that the inadequacy of the students written performance could be attributed to the curricula and or the students dependence on the grammatical aspects of the foreign language neglecting the pragmatic and the socio cultural

dimensions This gives turn to state that the students written performance is better at the recognition level than the production due to the negative interference of their mother tongue The book concludes that Kurd EFL learners at the university level face serious difficulties when writing in English The inappropriateness of their written performance can be attributed to the negative effects of their first language lack of contact with English native speakers and culture as well as the limited opportunities to have been in English speaking communities Therefore for enhancing EFL university students written performance it is recommended that they should be introduced to the English culture through adding pragmatics and English Culture as two separate subject matters to the curricula and to arrange summer courses for the students in English speaking countries UK and US in particular

**Language, Power and Ideology** Ruth Wodak,1989-01-01 The topic of Language and Ideology has increasingly gained importance in the linguistic sciences The general aim of critical linguistics is the exploration of the mechanisms of power which establish inequality through the systematic analysis of political discourse written or oral This reader contains papers on a variety of topics all related to each other through explicit discussions on the notion of ideology from an interdisciplinary approach with illustrative analyses of texts from the media newspapers schoolbooks pamphlets talkshows speeches concerning language policy in Nazi Germany in Italofascism and also policies prevalent nowadays Among the interesting subjects studied are the jargon of the student movement of 1968 speeches of politicians racist and sexist discourse and the language of the green movement Because of the enormous influence of the media nowadays the explicit analysis of the mechanisms of manipulation suggestion and persuasion inherent in language or about language behaviour and strategies of discourse are of social relevance and of interest to all scholars of social sciences to readers in all educational institutions to analysts of political discourse and to critical readers at large
