Fiend Harold Schechter,2012-11-13 The unputdownable true crime story about a killer who preyed on children but was not much older than his victims When fourteen year old Jesse Pomeroy was arrested in 1874 Boston s nightmarish reign of terror came to an end Called the Boston Boy Fiend he was finally safely behind bars But questions remained about how and why a teenager could commit such heinous crimes Acclaimed true crime writer Harold Schechter brings his brilliant insight and fascinating historical documentation to this unforgettable exploration of one of America s youngest serial killers

Finding Pete Jill Hunting,2012-01-01 Two days after Jill Hunting turned fifteen she lost her only brother a volunteer with International Voluntary Services and one of the first civilian casualties of the Vietnam War News broadcasts and headlines announced to the world that Pete had been led into an ambush by friends When Jill s mother told her that Pete s letters home had all been destroyed in a basement flood the connection between Jill and her brother was lost forever or so she thought Decades later 175 letters surfaced Through them and the sweethearts and many friends who had never forgotten Pete Jill came to know him again Finding Pete is one of the great untold true stories of an escalating war and a young man caught in its sights This personalized account of a critical moment in U S history is the moving story of an altruistic youth who personifies what America lost in Vietnam It is also a portrait of a family s struggle with loss a mother s damaging grief and most of all a sister s quest to solve a mystery and recover the connection with her brother Includes a reader s guide

Antpittas and Gnateaters Harold Greeney,2018-07-12 This authoritative handbook part of the Helm Identification Guide series looks in detail at the beautiful antpittas Elusive study organisms for ornithologists and highly prized additions to the

birders' life list the antpittas Grallariidae and gnateaters Conopophagidae are among the most poorly known Neotropical bird groups. This authoritative handbook is the first book dedicated solely to these two families, combining an exhaustive review of more than two centuries of literature with original observations by the author and many knowledgeable contributors. Antpittas and Gnateaters provides a thorough guide to the identification and ecology of these birds, with detailed maps accompanying the text. A series of superb plates illustrate most of the 156 recognized taxa, supplemented by more than 250 colour photographs. The immature plumages and natural history of many species are depicted for the first time. This book is the ultimate reference on these remarkable and beautiful birds and an indispensable addition to the libraries of researchers and birders for many years to come.
