Application Of Impossible Things A Near Death Experience In Iraq:

Application of Impossible Things - My Near Death Experience in Iraq Natalie Sudman, 2021-02-09 Natalie's near death experience when her truck was hit with a roadside bomb in Iraq. She recalls the entire spirit side experience as they repair her body so she could live.

Why Materialism Is Baloney Bernardo Kastrup, 2014-04-25 The present framing of the cultural debate in terms of materialism versus religion has allowed materialism to go unchallenged as the only rationally viable metaphysics. This book seeks to change this. It uncovers the absurd implications of materialism and then uniquely presents a hard nosed non materialist metaphysics substantiated by skepticism, hard empirical evidence and clear logical argumentation. It lays out a coherent framework upon which one can interpret and make sense of every natural phenomenon and physical law as well as the modalities of human consciousness without materialist assumptions. According to this framework the brain is merely the image of a self localization process of mind analogously to how a whirlpool is the image of a self localization process of water. The brain doesn't generate mind in the same way that a whirlpool doesn't generate water. It is the brain that is in mind, not mind in the brain. Physical death is merely a de-clenching of awareness. The book closes with a series of educated speculations regarding the afterlife, psychic phenomena and other related subjects.

Qualcos'altro. Esperienze dell'aldilà messe a confronto Giulia Sergio, 2018-08-01 L'idea che l'uomo abbia un'anima che sopravvive vecchia come il mondo, ma se i racconti sull'aldilà da sempre accompagnano il genere umano solo di recente le NDE, esperienze di morte temporanea, li hanno portati all'attenzione del grande pubblico e della scienza. La maggior parte di noi per non aver avuto esperienze trascendentali, una visione, un'apparizione, una NDE di conseguenza per ritenere accettabile quello che ci viene detto, bisogna che provenga da qualcuno di credibile e sano di mente. Occorre anche che ci siano altri in grado di offrire testimonianze simili o uguali per metterle a confronto e cercare di capire cosa c'è aldilà di questa vita e di questa realtà. The idea we have a surviving soul is as old as the world but if tales of the afterlife have always accompanied mankind only recently NDEs, experiences of temporary death brought them to attention of great audiences and science. Most of us however have not had transcendental experiences, a vision, an apparition, an NDE and in order to accept what we are told it must come from someone credible and sane. There must also be others able to offer similar or identical testimonies to compare them and try to understand what lies beyond this life and this reality.
