Mathematics Education in a Neocolonial Country: The Case of Papua New Guinea Patricia Paraide, Kay Owens, Charly Muke, Philip Clarkson, Christopher Owens, 2023-01-10 Most education research is undertaken in western developed countries While some research from developing countries does make it into research journals from time to time but these articles only emphasize the rarity of research in developing countries The proposed book is unique in that it will cover education in Papua New Guinea over the millennia Papua New Guinea's multicultural society with relatively recent contact with Europe and the Middle East provides a cameo of the development of education in a country with both a colonial history and a coup less transition to independence Discussion will focus on specific areas of mathematics education that have been impacted by policies research circumstances and other influences with particular emphasis on pressures on education in the last one and half centuries This volume will be one of the few records of this kind in the education research literature as an in depth record and critique of how school mathematics has been grown in Papua New Guinea from the late 1800s and should be a useful addition to graduate programs mathematics education courses history of mathematics as well as the interdisciplinary fields of cross cultural studies scholarship focusing on globalization and post decolonialism linguistics educational administration and policy technology education teacher education and gender studies

Global Indian Diaspora J. Vijay Maharaj, Radica Mahase, 2021-11-22 Indian Diaspora World Convention was held in Trinidad in 2017 to commemorate the 1917 decision of the Indian legislature to end further recruitment of Indians for overseas indentured service The eleven essays in this second volume cover a wide range under the heading Charting New Frontiers It is a diverse collection indicating broad scope among the researchers on this theme The contributors to this volume think through the conundrum of national citizenship in relation to their routes and roots from a variety of perspectives The essays compiled in this monograph thus reveal that the subject areas comprising the study of the Indian diaspora are interdisciplinary in nature and constantly evolving Please note Taylor Francis does not sell or
