Desire Daniel Odier,2001-04-01 Explains how the primal energy generated by physical desire can be used to achieve enlightenment Reveals the techniques used by Tantric adepts to attain mastery over breath thought and all physical processes Nothing can match the explosive energy created in the body by pure desire For millennia Tantric adepts have harnessed this force as a means of attaining the summits of the mystical life The energies fueled by passion are used to nourish the inner flame that burns away the egotistical perception of the mind Desire explores the subtle techniques of Tantra that enable the seeker to attain the triple mastery of the breath thought and the natural processes of the body Tantrics believe that the body is the temple and divinity lies at its heart In order to arrive at profound awareness the body needs to be perfectly tuned and working toward a state of perfect fluidity Desire reveals many of the secret practices intended for this purpose that have been passed down in the major Tantric treatises such as the Vijnanabhariva Tantra and Ch an master Chinul s treatise on the Secrets of Cultivating the Mind including the important techniques of the ritual sexual observances known as Maithuna

Sexed Paul Neil Abramowitz,2021-08-02 Sexed Sex d Hardwired by Nature Evolving by Choice is a first of a kind book about the sexual hardwiring of the heterosexual male While shining a spotlight on some of the predicaments of heterosexual male sexuality it takes a deep archeological dive into the meeting place of sex consciousness biology and intimacy In so doing it offers a granular look at the impact of our sexual hardwiring on our lived experience as men far beyond comedy and caricature or the superficial conversations society has thus far offered us Sexed offered both as a reference for therapists and a personal study guide for the curious and evolving and brings the reader closer to a more crystalized sense of sexual self agency access to intimacy and the opportunity to continue to bring the best possible version of himself to his relationship and the world Of course women readers can benefit too by gaining insight into the development and inner workings of the heterosexual man s mind and a broader understanding as to why the hardwiring and its impact has proven to be somewhat trans historical and transcultural

Religion, Disease, and Immunology Thomas B. Ellis,2023-11-30

This book argues that religion has emerged over evolutionary time as a strategy for managing the transmission contraction and eradication of infectious disease From purity and pollution codes to blood sacrifices and irrational beliefs the book shows how religion supports not only the physiological immune system but the behavioral and psychological immune systems as well The book also addresses those moments when it appears that religion becomes maladaptive that is when religion causes autoimmune problems such as celibacy and anti vaccination Engaging material ranging from evolutionary and social psychology to human behavioral ecology biological anthropology Darwinian medicine and religious studies the book proposes that in order to understand the human animal s enduring fascination with religion one must take into account the enduring need to manage infectious disease Emotions in Indian Thought-Systems Purushottama Bilimoria,Aleksandra

Wenta,2020-11-29 A stimulating account of the wide range of approaches towards conceptualising emotions in classical Indian philosophical religious traditions such as those of the Upanishads Vaishnava Tantrism Bhakti movement Jainism Buddhism Yoga Shaivism and aesthetics this volume analyses the definition and validity of emotions in the construction of
