Adventure Motor Trike:

Backpacking with a Bunion Terry Grigg, 2012-02-22 Backpacking With A Bunion is a travelogue of discovery and adventure across the countries of S E Asia The journey begins in Bangkok where else and ends up on the island of Flores in Indonesia My story as a mature gapper is outlined in the Introduction as well as some of the highlights from my trip The reader if so inclined could follow my journey on a map it works quite well as a jigsaw though I have certainly left plenty of room for flexibility and spontaneity Travel like life is not always straightforward but thats the joy in it Each chapter is given a descriptive heading to provide a unique flavour to the areas visited They are roughly in chronological order to give a sense of continuity to my travelling over a period of eighteen months but could stand alone as set pieces I have tried to make the book as varied as possible with various quotations travellers tales and humour and more serious religious cultural political and environmental observations I have included some facts and figures where appropriate on history geography transport arrangements places of interest and personal experiences thus painting a picture in words of sights sounds and happenings The book concludes with S E Asia in a nutshell a summary of what the traveller might expect and emphasising that travelling changes the traveller And hopefully reading this book will change the readers perspective too
