## **Adventures Of The Scapegoat Episode 1 Retribution:**

**Adventures of the Scapegoat Episode 1** Donnell Craig, 2012-11-02 The African American saga in the land of Uncle Sam is an empirical tale of drama replete with conflict and struggle at the physical spiritual and psychological level as individually and collectively experienced by Africans in America Preoccupations and concern with identity issues have been a driving force in spurring many black American leaders and intellectuals the like of Dr W E B Dubois to espouse the uniqueness of the American Negro s dual identity and inheritance an inescapable product of their African ancestral heritage and American experience Addressing this psychological and genetic dualism encoded within the African American Dr Dubois once asserted and concluded that it was indeed possible to wear both hats that of Africa and that of America However coming to terms with this double consciousness requires a gradual process of unlearning and deconstruction that engages the individual self In the beginning pages of this book the author sets the tone to what appears to be a journey of self discovery once he sets foot in Africa He Lit space E the protagonist goes through great length depicting the inner psychological struggle raging from within himself as his prior mis education and mental programming that schools and the western social media had deceitfully projected collides headlong with the reality of Africa a continent on uphill mobility Paradoxically unlike the Tarzan image depicted by Hollywood Lit gradually comes to grips with the depth of western deception as his African adventure unfolds This progressive realization of the misrepresentation of the true African identity and heritage was central to the internal conflict that was raging in the innermost confines of the narrator s mind He was now an eye witness and real time observer of the beauty and majesty of the Motherland Undoubtedly this mental re examination was not only an eye opener but more importantly it helped expose lies and dispel misconceptions and the distorted image about the Continent as a waste land still entrenched in backwardness This critical introspection inevitably helped resurrect and empower the dormant spirit of Kunta the warrior within Lit the protagonist by setting the records straight and truth back into perspective To the narrator as to many African American brethren Roots of Alex Haley is the most popular near authentic historical source of reference that documents the African American journey from Freedom in homeland Africa through the Middle passage conditioning to servitude bondage and slavery in America This progressive psychological transformation from Kunta Warrior spirit to Toby Submission in Haley s novel was skillfully used by the author to elaborate a poignant and introspective fictional narrative that delves deep into the psychological recesses of the narrator s passionate quest for redeeming answers and retribution Perhaps the idea of retribution or at least re establishing the truth has the outcome of vindicating the un human age long mistreatment slaves suffered at the hands of slave industry perpetrators and white supremacy In the parallel world of the author s imagination historical flashbacks bringing back to life biblical figures such as Pharaoh of Egypt and Judas serving punishment for their crimes interacting with current postmodern institutionalized programs such as public aid and food stamps designed to perpetrate bondage oppression and keep the Black

family divided are juxtaposed By the same token powerful images and iconic figures the likes of Kwame Ture Malcolm X Dr King Mohammed Ali Marcus Garvey to name only a few postured as crusaders against the white supremacist establishment and represented signs of Kunta on the rise These icons had indeed transcended the Toby spirit a brainwashing condition that afflicts most Negro Americans and have fully assumed and championed Kunta It is precisely the very resurrection and reconnection with this African spirit that fueled the author s desire and determination to deepen his search for the truth as he proceeded to uncover the inconsistencies and misconceptions entrenched in his American mis education The protagonist s pilgrimage to the slave house on Goree Island set the stage for the gist of the narrative and marked a turning point in the story by elevating the author to new levels of consciousness and awareness
