Social Entrepreneurship Marcel N. Kwedi, 2014-09-01 Can hunger be a good business? Yes, and in fact it is the only business that has ever been. Whatever the business you are in, you are in the hunger business: hunger for food, hunger for clothing, hunger for transportation, etc. This book extends the notion of Social Entrepreneurship and places it into a bigger picture: the entrepreneurship for the masses. The book revisits every aspect of business administration: microeconomics, marketing, operations, and innovation, and turns them into powerful tools to help normal people make the World around them a better place. The book brings with it three key innovations: A presentation of Marketing in a way that can be understood even by children; A step-by-step innovation process that can turn anyone into a new Steve Jobs; A pure Excel-based operation simulation model. All the revenues generated from the book sale will be used exclusively in the financing of social enterprises around the World through the crowd-funding portal www.WOHAAO.com.
