Advocacy Organizations And Collective Action

Quinn Everett, AI

Advocacy Organizations And Collective Action:

Advocacy Organizations and Collective Action Professor of Political Science and Walker Family Professor for the College of Arts and Sciences Aseem Prakash, Mary Kay Gugerty, 2014-05-14 A new agenda for studying advocacy organizations which treats them as firms operating in policy markets

Strengthening Organizations and Collective Action in Fisheries Daniela Coswig Kalikoski, Nicole Franz, 2014 This document provides a summary of the Workshop held in Rome 18-20 March 2013 The workshop anticipated the implementation of the SSF Guidelines by looking at the diversity of existing organizations and collective action in SSFs analyzing their strengths and weaknesses and proposing elements for a capacity development strategy to reduce poverty while promoting responsible fisheries The document contains a summary of the plenary presentations and discussions the working group outcomes and is complemented by the full text of two background papers

Publisher's description

Humanitarian Hypocrisy Andrea L. Everett, 2018-02-15 Devil in the details peace operations civilian protection and policy design Political will organized hypocrisy and ambitions resources gaps Quantitative evidence France in Rwanda The United States in Darfur Australia in the Southwest Pacific

Migrant World Making Sergio F. Juárez, Julia Khrebtan-Hörhager, Michael Lechuga, Arthur Soto-Vásquez, 2023-12-01 For most migrants developing communication strategies in host countries is vital for finding social connections navigating the pressures of assimilation and maintaining links to their original cultures Migrant World Making explores this process of constructing a homeplace by creating a network of communication tools and strategies to connect with multiple communities Since what it means to be a migrant differs from person to person the contributors to this edited collection showcase numerous practices migrants adopt to communicate and connect with others as they forge their own identities in globalized yet highly nationalistic societies With varying aspirations and motives for seeking new homes migrants build communities by telling stories engaging in social media activism protesting writing scholarly criticism and using many other modes of communication To match this variety the transnational scholars represented here use a wide array of rhetorical cultural and communication methodologies and epistemologies to describe what the experience of migration means to those who have lived it

Nonprofit Organizations and Civil Society in the United States Kelly LeRoux, Mary K. Feeney, 2014-11-13 LeRoux and Feeney's Nonprofit Organizations and Civil Society in the United States makes a departure from existing nonprofit texts on the market rather than focus on management it focuses on nonprofit organizations and their contributions to the social political and economic dimensions of society The book also covers the nexus between nonprofits and civil society This text offers a theory oriented undergraduate introduction to the nonprofit field and an examination of the multifaceted roles these organizations play in American society

Global Encyclopedia of Public Administration, Public Policy, and Governance Ali Farazmand, 2023-04-05 This global encyclopedic work serves as a comprehensive collection of global scholarship regarding the vast fields of public administration public policy governance and management Written and edited by leading international

scholars and practitioners this exhaustive resource covers all areas of the above fields and their numerous subfields of study. In keeping with the multidisciplinary spirit of these fields and subfields the entries make use of various theoretical, empirical, analytical, practical and methodological bases of knowledge. Expanded and updated, the second edition includes over a thousand of new entries representing the most current research in public administration, public policy, governance, nonprofit and nongovernmental organizations and management covering such important sub areas as:

- 1 organization theory, behavior, change and development
- 2 administrative theory and practice
- 3 Bureaucracy
- 4 public budgeting and financial management
- 5 public economy and public management
- 6 public personnel administration and labor management relations
- 7 crisis and emergency management
- 8 institutional theory and public administration
- 9 law and regulations
- 10 ethics and accountability
- 11 public governance and private governance
- 12 Nonprofit management and nongovernmental organizations
- 13 Social health and environmental policy areas
- 14 pandemic and crisis management
- 15 administrative and governance reforms
- 16 comparative public administration and governance
- 17 globalization and international issues
- 18 performance management
- 19 geographical areas of the world with country focused entries like Japan, China, Latin America, Europe, Asia, Africa, the Middle East, Russia and Eastern Europe, North America and
- 20 a lot more.

Relevant to professionals, experts, scholars, general readers, researchers, policy makers and managers and students worldwide, this work will serve as the most viable global reference source for those looking for an introduction and advance knowledge to the field.

The Handbook of Social and Political Conflict Sergei Samoilenko, Solon Simmons, 2025-03-25. Provides real world insights into social and political conflict across disciplines. The Handbook of Social and Political Conflict offers a comprehensive exploration of conflict from a variety of disciplinary perspectives, merging insights from fields including sociology, political science, psychology, communication and conflict resolution. Bringing together original work by experts from around the world, this authoritative volume provides readers with a deep understanding of the mechanisms, causes and consequences of conflict. Designed for those who wish to bridge academic disciplines, the Handbook both advances theoretical understanding and offers practical conflict resolution strategies that can be applied in a broad range of contexts, from interpersonal disputes to international tensions. Each in depth chapter tackles a unique concept while maintaining a coherent narrative that spans topics such as political polarization, the rhetoric of social control, the role of technology in shaping conflict behaviors and much more. Presenting new theoretical perspectives and tools to address today's most pressing issues, the Handbook of Social and Political Conflict examines contemporary issues such as political polarization, social ostracism, cancel culture and information warfare. Contains in depth analysis of critical contemporary issues such as the role of technology, artificial intelligence and media in modern conflict. Addresses both adversarial and cooperative approaches to conflict resolution. Incorporates cutting edge research and theoretical frameworks on contemporary social and political conflicts. Offers practical approaches to fostering resilience, peacebuilding and critical media literacy. Whether examining the escalation of political tensions or exploring the potential for

peacebuilding the Handbook of Social and Political Conflict is ideal for graduate and advanced undergraduate students in conflict resolution political science sociology and communication studies It is also an invaluable reference for professionals working in conflict management diplomacy international relations and social advocacy

Non-profit Organizations and Co-production Caitlin McMullin, 2022-10-07 Non profit Organizations and Co production The Logics Shaping Professional and Citizen Collaboration develops a novel framework for analyzing the practices of co production between citizens and professionals in the non profit sector Analysing organizations in three contexts Sheffield England Lyon France and Montreal Quebec Canada the book examines the international differences between non profits evidenced by the way that they variously blend or assimilate the logics of the market state and community and how this shapes the motivations for and approaches to co production at the micro level in each context This book presents a major step forward in comparative non profit studies and the co production of public services This book will be of interest to researchers policymakers practitioners and graduate postgraduate students in public administration and management particularly within Public Nonprofit Management and Organization Studies The book speaks directly to key contemporary debates in these fields including the nature of organizational hybridity public service innovation and approaches to service user involvement

Alt-Labor and the New Politics of Workers' Rights Daniel J. Galvin, 2024-02-02 Over the last half century two major developments have transformed the nature of workers rights and altered the pathways available to low wage workers to combat their exploitation First while national labor law which regulates unionization and collective bargaining has grown increasingly ineffective employment laws establishing minimal workplace standards have proliferated at the state and local levels Second as labor unions have declined a diversity of small under resourced nonprofit alt labor groups have emerged in locations across the United States to organize and support marginalized workers In Alt Labor and the New Politics of Workers Rights political scientist Daniel J Galvin draws on rich data and extensive interviews to examine the links between these developments With nuance and insight Galvin explains how alt labor groups are finding creative ways to help their members while navigating the many organizational challenges and structural constraints they face in this new context Alt labor groups have long offered their members services and organizing opportunities to contest their unfair treatment on the job But many groups have grown frustrated by the limited impact of these traditional strategies and have turned to public policy to scale up their work They have successfully led campaigns to combat wage theft raise the minimum wage improve working conditions strengthen immigrants rights and more These successes present something of a puzzle relative to their larger wealthier and better connected opponents alt labor groups are small poor and weak Their members are primarily low wage immigrant workers and workers of color who are often socially economically and politically marginalized With few exceptions the groups lack large dues paying memberships and are dependent on philanthropic foundations and other unpredictable sources of funding How given their myriad challenges have alt labor groups managed to make gains for their members Galvin

reveals that alt labor groups are leveraging their deep roots in local communities their unique position in the labor movement and the flexibility of their organizational forms to build their collective power and extend their reach A growing number of groups have also become more politically engaged and have set out to alter their political environments by cultivating more engaged citizens influencing candidate selection processes and expanding government capacities These efforts seek to enhance alt labor groups probabilities of success in the near term while incrementally shifting the balance of power over the long term Alt Labor and the New Politics of Workers Rights comprehensively details alt labor s turn to policy and politics provides compelling insights into the dilemmas the groups now face and illuminates how their efforts have both invigorated and complicated the American labor movement

Race Unveiled: A Practical Approach to Engaging in Honest Conversations about Racism Kathryn Calderon,2025-04-04 Unveil the unspoken truths about racism with Race Unveiled This comprehensive guide empowers individuals to confront the deeply rooted and systemic nature of racism in a practical and accessible way Through thought provoking insights and real life examples the book uncovers the hidden biases stereotypes and microaggressions that perpetuate racial inequality It offers actionable steps and strategies for engaging in honest and respectful conversations about race fostering understanding and challenging the status quo Ideal for individuals committed to social justice Race Unveiled is an essential tool for promoting racial equity and creating a more inclusive society Its engaging content captivates readers from diverse backgrounds inspiring them to become active allies in the fight against racism By empowering readers to speak up challenge assumptions and bridge divides the book empowers individuals to make a tangible difference in the pursuit of a just and equitable world

From the Ground Up Carol A. Chetkovich, Frances Kunreuther, 2006 Grassroots social change organizations are a critical resource for progressive movement building in the United States They provide political education and sites for constituent engagement and they are beginning to create networks across issues and or communities they promote home grown leadership among groups that have been disadvantaged they contribute to a shared understanding of the problems of inequality and injustice and they offer a public space for the dialogue needed to identify common principles From the Ground Up From community organizing for affordable housing in neglected neighborhoods to providing antiviolence training for youth or litigating for the rights of sex workers grassroots organizations are engaged in energetic efforts to increase the power of marginalized groups Social change organizations operate in communities all over the United States but little has been written about the details of their operations From the Ground Up takes a close look at how social change organizations address challenges related to leadership staff development decision making resource needs and collaborations Carol Chetkovich and Frances Kunreuther both experienced nonprofit managers draw on their in depth interviews with leaders and staff members from sixteen diverse social change organizations to provide a detailed analysis of these groups and their activities They note that even working in isolation these organizations make important contributions to justice in their communities together they might form the base of a larger progressive movement for change

The Animal Advocate: A Moral Challenge Pasquale De Marco, 2025-05-18 In a world where animals are often treated as mere commodities The Animal Advocate A Moral Challenge offers a powerful call to action urging readers to confront the moral implications of our actions and strive for a more just and compassionate society This comprehensive book delves into the complex issues surrounding animal rights challenging readers to question their assumptions and consider the inherent value of all life With eloquence and passion the author explores the moral environmental and social implications of animal advocacy From the ethics of animal experimentation and hunting to the legal protections afforded to animals no stone is left unturned The book also examines the role of personal choices and everyday advocacy in promoting animal welfare empowering readers to make a difference in the lives of animals Drawing on cutting edge research and real world examples the author builds a compelling case for animal advocacy demonstrating how our current treatment of animals is not only unjust but also unsustainable The book offers a roadmap for a more ethical and compassionate future one in which animals are treated with the respect and dignity they deserve The Animal Advocate is a must read for anyone who cares about animals and wants to make a positive impact on the world It is a clarion call for change inspiring readers to join the growing movement of people who are working to create a better world for all living beings This book is essential reading for Animal advocates and activists Students and

scholars of animal ethics Policymakers and decision makers Anyone interested in creating a more just and sustainable society With its thought provoking insights and practical guidance The Animal Advocate is a powerful tool for change empowering readers to make a difference in the lives of animals and create a better world for all If you like this book write a review on google books

world where everyone can live authentically and without fear If you like this book write a review **Subnational**

Hydropolitics Scott Moore,2018 It s often claimed that future wars will be fought over water But while international water conflict is rare it s common between subnational jurisdictions like states and provinces Drawing on cases in the United States China India and France this book explains why these subnational water conflicts occur and how they can be prevented

American Public Opinion, Advocacy, and Policy in Congress Paul Burstein,2014-01-20 Between one election and the next members of Congress introduce thousands of bills What determines which become law Is it the public Do we have government of the people by the people for the people Or is it those who have the resources to organize and pressure government who get what they want In the first study ever of a random sample of policy proposals Paul Burstein finds that the public can get what it wants but mainly on the few issues that attract its attention Does this mean organized interests get what they want Not necessarily on most issues there is so little political activity that it hardly matters Politics may be less of a battle between the public and organized interests than a struggle for attention American society is so much more complex than it was when the Constitution was written that we may need to reconsider what it means in fact to be a democracy

Invisible Disability Challenges Quinn Everett,AI,2025-05-05 Invisible Disability Challenges addresses the widespread lack of understanding surrounding non apparent disabilities like chronic fatigue and anxiety disorders and how this impacts individuals in both their personal and professional lives It sheds light on the unique hurdles faced by those whose conditions aren t immediately obvious often leading to career setbacks and strained relationships The book emphasizes that societal and workplace structures are frequently ill equipped to support these individuals resulting in significant challenges to their psychological well being Readers will find it intriguing to learn that misconceptions and biases often lead to judgment and a failure to provide necessary accommodations further compounding the difficulties faced by those with invisible disabilities This book takes a solution oriented approach blending empirical research personal narratives and case studies to present a comprehensive view It progresses from introducing the range of invisible disabilities and their impact to exploring the psychological and social experiences of those living with these conditions and finally offering actionable strategies for individuals employers and policymakers A key focus is on practical guidance for advocating for needs and creating inclusive environments making it a valuable resource for individuals with invisible disabilities employers and anyone interested in fostering greater understanding and inclusion **The Oxford Handbook of Modern Diplomacy** Andrew Fenton

Cooper,Jorge Heine,Ramesh Thakur,2013-03-28 Including chapters from some of the leading experts in the field this Handbook provides a full overview of the nature and challenges of modern diplomacy and includes a tour d horizon of the key ways in which the theory and practice of modern diplomacy are evolving in the 21st Century
