World Ignatius Donnelly, 2019-07-11 This book is an attempt to demonstrate several distinct and novel propositions These are 1 That there once existed in the Atlantic Ocean opposite the mouth of the Mediterranean Sea a large island which was the remnant of an Atlantic continent and known to the ancient world as Atlantis 2 That the description of this island given by Plato is not as has been long supposed fable but veritable history 3 That Atlantis was the region where man first rose from a state of barbarism to civilization 4 That it became in the course of ages a populous and mighty nation from whose

overflowings the shores of the Gulf of Mexico the Mississippi River the Amazon the Pacific coast of South America the Mediterranean the west coast of Europe and Africa the Baltic the Black Sea and the Caspian were populated by civilized nations 5 That it was the true Antediluvian world the Garden of Eden the Gardens of the Hesperides the Elysian Fields the Gardens of Alcinous the Mesomphalos the Olympos the Asgard of the traditions of the ancient nations representing a universal memory of a great land where early mankind dwelt for ages in peace and happiness 6 That the gods and goddesses of the ancient Greeks the Phoenicians the Hindoos and the Scandinavians were simply the kings queens and heroes of Atlantis and the acts attributed to them in mythology are a confused recollection of real historical events 7 That the mythology of Egypt and Peru represented the original religion of Atlantis which was sun worship 8 That the oldest colony formed by the Atlanteans was probably in Egypt whose civilization was a reproduction of that of the Atlantic island 9 That the implements of the Bronze Age of Europe were derived from Atlantis The Atlanteans were also the first manufacturers of iron 10 That the Phoenician alphabet parent of all the European alphabets was derived from an Atlantis alphabet which was also conveyed from Atlantis to the Mayas of Central America 11 That Atlantis was the original seat of the Aryan or Indo European family of nations as well as of the Semitic peoples and possibly also of the Turanian races 12 That Atlantis perished in a terrible convulsion of nature in which the whole island sunk into the ocean with nearly all its inhabitants 13 That a few persons escaped in ships and on rafts and carried to the nations east and west the tidings of the appalling catastrophe which has survived to our own time in the

Atlantis and Other Lost Civilizations Robert Snedden, 2020-09-03 Many people are fascinated with tales of lost civilizations such as Atlantis Camelot El Dorado and Lemuria because they believe they may have been real places There is documented evidence that suggests some ancient stories of lost worlds are grounded in truth But were they real ancient worlds or mythical lost realms Be a mystery solver by finding out where stories of these ancient civilizations may have come from and use all the evidence to decide what you believe **The History of Atlantis** Lewis Spence, 1996-09 The romantic legend of Atlantis has captured imaginations since Plato first told of a glorious island in the Atlantic that sank beneath the waves Speculation has abounded ever since and scientists who formerly dismissed the possibility that Atlantis ever existed were obliged to reconsider partly because of the author of this book Lewis Spence 1874 1955 wrote five books about Atlantis and this one is considered his best Spence sifted through a tremendous body of research in fields from mythology and comparative religion to geography geology and archeology The result is the most authoritative study ever published on the history geography animal life government and religion of this fabled island

Atlantis, the Eighth Continent Charles Berlitz, 1984 For thousands of years before the beginning of recorded history the legends tell us a powerful civilization flourished in the middle of the Atlantic Ocean This breathtakingly advanced island continent boasted splendid cities golden temples crowded seaports from which the far reaching influence of Atlantis spread to the rest of the world until its destruction in an overwhelming cataclysm Now based on careful study of scientific undersea

research Charles Berlitz proves that Atlantis is not legend but fact and unravels a mystery even more startling than the Bermuda Triangle What message lies buried with the mighty stone structures deep beneath the Atlantic What profound revelations about Atlantis have come to us from beyond the Earth Was Atlantis destroyed in an ancient nuclear war What great centers of Atlantean culture yet await discovery **Atlantis, the City and the Plain** J. M. Allen,1982 **Atlantis** Ignatius Donnelly,2006-08 Long known as the classic work on the study of Atlantis the author puts forth the idea that this was the true place where civilization began This one book has done more than any other in promoting the idea for the lost continent of Atlantis **Atlantis: the Truth Behind the Legend** Angelos Geōrgiou Galanopoulos,Edward Bacon,1969

Atlantis Michael Martin,2007 Describes the lost continent of Atlantis and theories about its possible location Provided by publisher **The Problem of Atlantis** Lewis Spence,1925 *Atlantis; The Antedeluvian World* Ignatius

Reference to Protohistoric Communication with America Hyde Clarke,1886 *Atlantis* Ignatius Donnelly,2013-07 This book is an attempt to demonstrate several distinct and novel propositions These are 1 That there once existed in the Atlantic Ocean opposite the mouth of the Mediterranean Sea a large island which was the remnant of an Atlantic continent and known to the ancient world as Atlantis 2 That the description of this island given by Plato is not as has been long supposed fable but veritable history 3 That Atlantis was the region where man first rose from a state of barbarism to civilization 4 That it became in the course of ages a populous and mighty nation from whose overflowings the shores of the Gulf of Mexico the Mississippi River the Amazon the Pacific coast of South America the Mediterranean the west coast of Europe and Africa the Baltic the Black Sea and the Caspian were populated by civilized nations 5 That it was the true Antediluvian world the Garden of Eden the Gardens of the Hesperides the Elysian Fields the Gardens of Alcinous the Mesomphalos the Olympos the Asgard of the traditions of the ancient nations representing a universal memory of a great land where early mankind dwelt for ages in peace and happiness 6 That the gods and goddesses of the ancient Greeks the Ph nicians the Hindoos and the Scandinavians were simply the kings queens and heroes of Atlantis and the acts attributed to them in mythology are a confused recollection of real historical events 7 That the mythology of Egypt and Peru represented the original religion of Atlantis which was sun worship 8 That the oldest colony formed by the Atlanteans was probably in Egypt whose civilization was a reproduction of that of the Atlantic island 9 That the implements of the Bronze Age of Europe were derived from Atlantis The Atlanteans were also the first manufacturers of iron 10 That the Ph nician alphabet parent of all the European alphabets was derived from an Atlantis alphabet which was also conveyed from Atlantis to the Mayas of Central America 11 That Atlantis was the original seat of the Aryan or Indo European family of nations as well as of the Semitic peoples and possibly also of the Turanian races 12 That Atlantis perished in a terrible convulsion of nature in which the whole island sunk

into the ocean with nearly all its inhabitants 13 That a few persons escaped in ships and on rafts and carried to the nations east and west the tidings of the appalling catastrophe which has survived to our own time in the Flood and Deluge legends of the different nations of the old and new worlds If these propositions can be proved they will solve many problems which now perplex mankind they will confirm in many respects the statements in the opening chapters of Genesis they will widen the area of human history they will explain the remarkable resemblances which exist between the ancient civilizations found upon the opposite shores of the Atlantic Ocean in the old and new worlds and they will aid us to rehabilitate the fathers of our civilization our blood and our fundamental ideas the men who lived loved and labored ages before the Aryans descended upon India or the Ph nician had settled in Syria or the Goth had reached the shores of the Baltic The fact that the story of Atlantis was for thousands of years regarded as a fable proves nothing There is an unbelief which grows out of ignorance as well as a scepticism which is born of intelligence The people nearest to the past are not always those who are best informed concerning the past For a thousand years it was believed that the legends of the buried cities of Pompeii and Herculaneum were myths they were spoken of as the fabulous cities For a thousand years the educated world did not credit the accounts given by Herodotus of the wonders of the ancient civilizations of the Nile and of Chaldea He was called the father of liars Even Plutarch sneered at him *Atlantis & Lemuria* Tom T. Moore,2015-08-01 Sixty thousand years ago Earth had two more continents than it does today each larger than what we now know as Australia Why are they no longer there One of these additional continents Atlantis was located in the Atlantic Ocean between North America and Africa The other Lemuria was located in the Pacific Ocean In this book you ll learn all about these huge continents and the great civilizations who called them home What did they look like What was daily life like for them What happened to them Tom asks these intriguing questions and many more The answers revealed on the pages within dig into the mysteries surrounding the continents of Atlantis and Lemuria and their eventual destructions
