Alexis Rockman A Fable For Tomorrow:

Alexis Rockman Joanna Marsh, Alexis Rockman, 2010 Highlights Rockman's unique synthesis of art and science along with his meticulous attention to detail and striking use of color **Shark** Richard Ellis, 2012-04-17 The sharks ancient or modern real or imaginary have always been with us and will probably remain with us forever They appear not only in movies and literature but in countless permutations of size shape and materials permeating our daily lives with their silent menace In a sense humans live in a world replete with sharks not vice versa Thus Richard Ellis sets about chronicling and debunking the myths of sharks throughout history From 18th century art to the phenomena of JAWS the shark has remained the indomitable aggressor of the deep the last demon of humankind The image of the shark and the fear it inspires infiltrates our daily lives with its mythical power and strength But it is not man who should fear the shark Our need to dominate these predators is destroying them and their habitat Through hundreds of full color images Ellis proves the necessity of preserving these majestic creatures As curator of the Ft Lauderdale Museum of Art's exhibition entitled Shark debuting May 2012 Ellis adeptly turns these sleek efficient hunters from monsters of the deep into rare beautiful forces of nature **Living in the Anthropocene** W. John Kress, Jeffrey K. Stine, 2017-09-26 Explores the causes and implications of the Anthropocene or Age of Humans from multiple points of view including anthropological scientific social artistic and economic Although we arrived only recently in Earth's timeline humans are driving major changes to the planet's ecosystems Even now the basic requirements for human life air water shelter food nature and culture are rapidly transforming the planet as billions of people compete for resources These changes have become so noticeable on a global scale that scientists believe we are living in a new chapter in Earth's story the Anthropocene or Age of Humans Living in the Anthropocene Earth in the Age of Humans is a vital look at this era The book contextualizes the Anthropocene by presenting paleontological historical and contemporary views of various human effects on Earth It discusses environmental and biological systems that have been changed and affected the causes of the Anthropocene such as agricultural spread pollution and urbanization how societies are responding and adapting to these changes how these changes have been represented in art film television and literature and finally offers a look toward the future of our environment and our own lives **Thomas Cole's Journey** Elizabeth Mankin Kornhauser, Tim Barringer, 2018-01-29 Thomas Cole 1801-1848 is celebrated as the greatest American landscape artist of his generation Though previous scholarship has emphasized the American aspects of his formation and identity never before has the British born artist been presented as an international figure in direct dialogue with the major landscape painters of the age Thomas Cole's Journey emphasizes the artist's travels in England and Italy from 1829 to 1832 and his crucial interactions with such painters as Turner and Constable For the first time it explores the artist's most renowned paintings The Oxbow 1836 and The Course of Empire cycle 1834-36 as the culmination of his European experiences and of his abiding passion for the American wilderness The four essays in this lavishly illustrated catalogue examine how Cole's first

hand knowledge of the British industrial revolution and his study of the Roman Empire positioned him to create works that offer a distinctive even dissident response to the economic and political rise of the United States the ecological and economic changes then underway and the dangers that faced the young nation A detailed chronology of Cole s life focusing on his European tour retraces the artist s travels as documented in his journals letters and sketchbooks providing new insight into his encounters and observations With discussions of over seventy works by Cole as well as by the artists he admired and influenced this book allows us to view his work in relation to his European antecedents and competitors demonstrating his major contribution to the history of Western art
