## Aleks Guide Stand Alone:

*Philip and Alex's Guide to Web Publishing* Philip Greenspun, 1999 Web guru Philip Greenspun offers a comprehensive look at Web publishing with techniques and examples gleaned from his experiences in developing over 70 Web services He has added fresh ideas and insights to this thoroughly revised guide including new chapters on electronic commerce and static site development more material on building systems to foster community and collaboration and new examples and case studies Cover Title *Geared-up for Adventure* Leah Ross, History has a way of protecting itself Reinventing society can't erase the past There are those seeking the vestiges of antiquity looking for the enduring legacies of the ancients Some search for knowledge for truth But the ones chasing mythical energy sources purported to be more powerful than the Blast itself are the most dangerous They're the ones out to destroy everything Taggart Sheridan lives in obscurity an unremarkable overworked server at the Firebend tavern He's seen his friends take off on adventures that he can't even imagine leaving him behind to pick up the slack All he knows is Firebend The larger world is nothing but a vast terrifying mystery No one ever comes looking for him and nothing exciting ever happens to him Then Alex King shows up and Taggart suddenly finds himself at the wrong end of a gun Alex has seen it all done it all in his dogged pursuit of the world's foremost ancient legend He's spent most of his life and his entire career hunting down the truth becoming one of the top experts in Arthurian archaeology He's already rebuilt his reputation once he's not letting anything get between him and the proof that he knows is out there All he needs is his determination his resourcefulness and to stay one step ahead of the grave robbers He definitely does not need a partner Forced together by circumstance and gun-toting artifact smugglers Taggart and Alex are stuck with each other whether they like it or not In a race around the globe they have to hope that luck and ingenuity can keep them ahead of the criminals as they search for history's best kept secret They have to get there first If they fail the world's history and its future will be sold to the highest bidder This work is intended for a mature audience and contains mature content For a more comprehensive list of content tags please see this book's information page at the author's website [INFORMS Annual Meeting](#) Institute for Operations Research and the Management Sciences.
