Maragos,2018-11-15 Thomas Pynchon's fiction has been considered masculinist misogynist phallogocentric and pornographic its formal experimentation irony and ambiguity have been taken both to complicate such judgments and to be parts of the problem To the present day deep critical divisions persist as to whether Pynchon's representations of women are sexist feminist or reflective of a more general misanthropy whether his writing of sex is boorishly pornographic or effectually transgressive whether queer identities are celebrated or mocked and whether his departures from realist convention express masculinist elitism or critique the gendering of genre Thomas Pynchon Sex and Gender reframes these debates As the first book length investigation of Pynchon's writing to put the topics of sex and gender at its core it moves beyond binary debates about whether to see Pynchon as liberatory or conservative instead examining how his preoccupation with sex and gender conditions his fiction's whole worldview The essays it contains which cumulatively address all of Pynchon's novels from V 1963 to Bleeding Edge 2013 investigate such topics as the imbrication of gender and power sexual abuse and the writing of sex the gendering of violence and the shifting representation of the family Providing a wealth of new approaches to the centrality of sex and gender in Pynchon's work the collection opens up new avenues for Pynchon studies as a whole

Narrative and Culture Janice Carlisle,Daniel R. Schwarz,2010-08-01 Narrative and Culture draws together fourteen essays in which leading scholars discuss narrative texts and practices in a variety of media and genres subjecting them to sustained cultural analysis The essays cross national borders and historical periods as often and as easily as they traverse disciplinary boundaries and they examine canonical fiction as well as postmodern media photography film television The primary subject of these pieces notes Janice Carlisle is the relation between the telling of tales and the engagement of their tellers and listeners in the practices of specific societies Contributors Nina Auerbach Thomas B Byers Jay Clayton Marcel Cornis Pope Mary Lou Emery Colleen Kennedy Vera Mark Caroline McCracken Flesher Paul Morrison Ingeborg Majer O Sickey John Carlos Rowe Daniel R Schwarz Carol Siegel Felipe Smith *Pynchon's California* Scott McClintock,John Miller,2014-11-01 Pynchon's California is the first book to examine

Thomas Pynchon's use of California as a setting in his novels Throughout his 50 year career Pynchon has regularly returned to the Golden State in his fiction With the publication in 2009 of his third novel set there the significance of California in Pynchon's evolving fictional project becomes increasingly worthy of study Scott McClintock and John Miller have gathered essays from leading and up and coming Pynchon scholars who explore this topic from a variety of critical perspectives reflecting the diversity and eclecticism of Pynchon's fiction and of the state that has served as his recurring muse from *The Crying of Lot 49* 1965 through *Inherent Vice* 2009 Contributors explore such topics as the relationship of the California novels to Pynchon's more historical and encyclopedic works the significance of California's beaches deserts forests freeways and hieroglyphic suburban sprawl the California inspired noir tradition and the surprising connections to be uncovered between drug use and realism melodrama and real estate private detection and the sacred The authors bring insights to bear from an array of critical social and historical discourses offering new ways of looking not only at Pynchon's California novels but at his entire oeuvre They explore both how the history geography and culture of California have informed Pynchon's work and how Pynchon's ever skeptical critical eye has been turned on the state that has been in many ways the flagship for postmodern American culture CONTRIBUTORS Hanjo Berressem Christopher Coffman Stephen Hock Margaret Lynd Scott MacLeod Scott McClintock Bill Millard John Miller Henry Veggian

Conspiracy Culture Dr Peter Knight, Peter Knight, 2013-04-15 Conspiracy theories are everywhere in post war American culture From postmodern novels to *The X Files* and from gangsta rap to feminist polemic there is a widespread suspicion that sinister forces are conspiring to take control of our national destiny our minds and even our bodies Conspiracy explanations can no longer be dismissed as the paranoid delusions of far right crackpots Indeed they have become a necessary response to a risky and increasingly globalized world in which everything is connected but nothing adds up Peter Knight provides an engaging and cogent analysis of the development of conspiracy culture from 1960s countercultural suspicions about the authorities to the 1990s where a paranoid attitude is both routine and ironic *Conspiracy Culture* analyses conspiracy narratives about familiar topics like the Kennedy assassination alien abduction body horror AIDS crack cocaine the New World Order as well as more unusual ones like the conspiracies of patriarchy and white supremacy *Conspiracy Culture* shows how Americans have come to distrust not only the narratives of the authorities but even the authority of narrative itself to explain What Is Really Going On From the complexities of Thomas Pynchon's novels to the endless mysteries of *The X Files* Knight argues that contemporary conspiracy culture is marked by an infinite regress of suspicion Trust no one because we have met the enemy and it is us

The Sublime Today Gillian B. Pierce, 2013-01-04 *The Sublime Today* considers contemporary applications of aesthetic philosophy and earlier theories of the sublime from Longinus Boileau Burke Kant and Hegel to current literary and cultural contexts Today aesthetic experience itself seems to be changing given the rise of new media and new conditions for the viewing and the reception of works of art How might the rhetoric of the sublime be used to both describe our current situation and help

formulate constructive responses to it The Sublime Today collects the work of scholars in literature film art and media studies and provides a forum for investigating the contemporary relevance of the sublime both as it has been understood historically and as it has been formulated by more recent theorists such as Jameson Lyotard Kristeva and others The volume includes essays on literary readings of the sublime in Coetzee Eggers Lahiri and Auster essays on film and the visual arts in the work of Fran ois Ozon and in recent participatory art and essays on how new technologies and media as in media representations of 9 11 re frame our relationship to the aesthetics of the sublime especially as they intersect with questions of gender the postcolonial and the uneasy politics of terror New York Magazine ,1990-01-29 New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country With award winning writing and photography covering everything from politics and food to theater and fashion the magazine s consistent mission has been to reflect back to its audience the energy and excitement of the city itself while celebrating New York as both a place and an idea Not Bored! Anthology 1983-2010 Bill Brown,2011 Massive anthology of essays and illustrations published in NOT BORED between 1983 and 2010 *Postmodern Ecology* Daniel R. White,1998-01-01 Provides a significant picture of the ecological crisis from the interdisciplinary perspective of postcolonial cultural studies in order to map the emerging virtual and ecological territories of the twenty first century electropolis **American Fiction and the Metaphysics of the Grotesque** Dieter Meindl,1996 By synthesizing Kayser s and Bakhtin s views of the grotesque and Heidegger s philosophy of Being American Fiction and the Metaphysics of the Grotesque seeks to demonstrate that American fiction from Poe to Pynchon has tried to convey the existential dimension the pre individual totality or flow of life which defines itself against the mind and its linguistic capacity Dieter Meindl shows how the grotesque through its self contradictory nature has been instrumental in expressing this reality conception an antirationalist stance in basic agreement with existential thought The historical validity of this new metaphysics which grants precedence to Being the context of cognition over the cognizant subject must be upheld in the face of deconstructive animadversions upon any metaphysics of presence The notion of decentering the subject Meindl argues did not originate with deconstruction The existential grotesque confirms the protomodernist character of classic American fiction Meindl traces its course through a number of well known texts by Melville James Gilman Anderson Faulkner and O Connor among others To convey life conceived as motion these writers had to capture that is immobilize it in their art an essentially distortive and therefore grotesque device Melville s Bartleby dealing with a mort vivant is the seminal text in this mode of indirectness As opposed to the existential grotesque which grants access to a preverbal realm the linguistic grotesque of postmodern fiction works on the assumption that all reality is referable to language in a textual universe American Fiction and the Metaphysics of the Grotesque will significantly alter our understanding of certain traditions in American literature Occupy Pynchon Sean Carswell,2017 Cover Half Title Title Copyright Dedication Contents CHAPTER 1 Pynchon in Zuccotti Park An
