National Audit Office,2013 This report concludes that the Department for Work and Pensions has not achieved value for money in its early implementation of Universal Credit The Department was overly ambitious in both the timetable and scope of the programme took risks to try to meet the short timescale and used a new project management approach which it had never before used on a programme of this size and complexity It was unable to explain how it originally decided on its ambitious plans or evaluated their feasibility Nor did it have any adequate measures of progress Over 70 per cent of the 425 million spent to date has been on IT systems and 34 million of its new IT systems has been written off The existing systems offer limited functionality the current IT system lacks a component to identify potentially fraudulent claims so that the Department has to rely on multiple manual checks on claims and payments Problems with the IT system have delayed national roll out of the programme which will reduce the expected benefits of reform and if the 2017 completion date remains increase risks by requiring the rapid migration of a large volume of claimants The source of many problems has been the absence of a detailed view of how Universal Credit is meant to work In addition poor control and decision making undermined confidence in the programme

and contributed to a lack of progress The Department has particularly lacked IT expertise and experienced frequent changes in senior management *Monthly Catalog of United States Government Publications* United States. Beagan,2014 **Punishment in the Community** Anne Worrall,Clare Hoy,2013-01-11 This book aims to provide a critical analysis of both political and professional developments in policy and practice relating to non custodial penalties taking full account of recent developments and the creation of a National Probation Service in 2002 Its aim is to unravel the complex institutional goals the role of community punishment in the criminal justice system professional goals what can be achieved by community punishment and political goals the packaging and sale of community punishment to the law abiding public The central focus is on principles and politics of community punishment and on the changing role of the probation service **House of Commons - Committee of Public Accounts: Universal Credit: Early Progress - HC 619** Great Britain: Parliament: House of Commons: Committee of Public Accounts,2013-11-07 Universal Credit is the DWP s single biggest programme and enjoys cross party support yet its implementation has been extraordinarily poor The failure to develop a comprehensive plan has led to extensive delay and the waste of a yet to be determined amount of public money 425 million has been spent so far on the programme It is likely that much of this including at least 140 million worth of IT assets will now have to be written off Lack of day to day control meant early warning signs were missed with senior managers becoming aware of problems only through ad hoc reviews Pressure to deliver a programme of this magnitude within such an ambitious timescale created a fortress culture where only good news was reported and problems were denied There has been a shocking absence of control over suppliers with the Department failing to implement the most basic procedures for monitoring and authorising expenditure The pilot programme is not a proper pilot Its scope is limited and does not deal with the key issues that Universal Credit must address the volume of claims their complexity change in claimants circumstances and the need for claimants to meet conditions for continuing entitlement to benefit The programme will not hit its current target of enrolling 184 000 claimants by April 2014 The Department will have to speed up the later stages of the programme if it is to meet the 2017 completion date but that will pose new risks Meeting any specific timetable from now on is less important than delivering the programme successfully **TC 3-21.76 The Ranger Handbook** Headquarters Department of the Army,2017-08-26 The Ranger Handbook is an essential item in any Soldier s inventory This is the complete Ranger Handbook printed in a easy to handle paperback version Sized 6x9 inches *Celebrating the James Partridge Award* Diane L.
