Dr. Ian Traill, Many may ask What does walking in the Spirit mean They understand the fruit of the Spirit the Spirit of Christ and God But how do you implement walking in the Spirit into ones life In this book we will look the dynamics which work hand in hand with the spiritual development of the Christian Political Pentecostalism Leandro L. B. Fontana, Markus Luber, 2021-08-13 The last decade has witnessed fundamental shifts in the relationship between religion and politics In this light religious symbols motifs justifications and practices are increasingly noticeable in political discourses as well as agendas particularly in the Global South with Pentecostal Christians standing out as salient actors Performative practices enacted in political contexts such as the anointing of state authorities prophecies warfare prayers etc have drawn the attention of numerous scholars worldwide The four surveys contained in this volume account for these developments in Africa Asia and Latin America and synoptically engage with the following question Can any meaningful nexus connecting multiple and apparently isolated nodes of Pentecostal engagement in the political sphere around the globe be identified In addition they do the groundwork for drawing parallels on a global level on the basis of which new light can be shed on fundamental changes in Pentecostal actorhood and self understanding Thus local developments and ethnographic studies are for the first time reflected upon from a global perspective The Crucifixion of the Warrior God Gregory A. Boyd, 2017-04-17 The Crucifixion of the Warrior God in an epic constructive investigation takes up the set of dramatic tensions between depictions of divinely sanctioned violence in Scripture and the message and life of peace of Jesus centering the New Testament Over two volumes author Gregory A Boyd argues that we must take seriously the full range of Scripture as inspired and the centrality of the crucified and risen Christ as the supreme revelation of God Handbook of Research on Examining Global Peacemaking in the Digital Age Cook, Bruce L., 2017-11-30 Violent behavior has become deeply integrated into modern society and it is an unavoidable aspect of human nature Examining peacemaking strategies through a critical and academic perspective can assist in resolving violence in societies around the world The Handbook of Research on Examining Global Peacemaking in the Digital Age is a pivotal reference source for the latest research findings on the

utilization of peacemaking in media leadership and religion Featuring extensive coverage on relevant areas such as human rights spirituality and the Summer of Peace this publication is an ideal resource for policymakers universities and colleges graduate level students and organizations seeking current research on the application of conflict resolution and international negotiation

Renewal Apologetics Christopher J. Wilson, 2019-12-09 Why do you believe in God Why do you believe in the Bible Why do you believe in miracles These are questions that Christians are often asked by sceptics The field of apologetics attempts to provide rational answers to these and other questions Unfortunately apologetical answers to these questions are often abstract and philosophical However the Christian apologist evangelist has a much more powerful argument in their arsenal the argument from miracles Miracles are the original Christian apologetic It was through the witnessing of miracles that Christianity was originally spread By applying modern tools of philosophical inquiry and scientific methodology Wilson is able to establish a core set of miracles which defy naturalistic explanations and strongly point toward occurrences of Special Divine Action SDA However once these occurrences are proven to be genuine miracles several questions remain Why does God sometimes perform miracles Why does he often answer no How do these random acts fit into his overall plans of redemption By answering these and other questions Wilson develops a comprehensive apologetic for both Christianity in general and the Renewal Movement in particular
