Part 3 of 3

QUESTION 4

In the diagram, the circle with centre O has the equation $x^2 + y^2 = 25$. $OQ(4; 4)$ is the centre of the larger circle. A common tangent touches the circles at P and T respectively, such that $OQ(4; 4)$ lies in the POQ system.

- 4.1 Show that $OQ(4; 4)$ lies on the smaller circle, hence that $p = 4$. (2)
- 4.2 $OQ(4; 4)$ is the midpoint of OT . Determine the coordinates of T . (2)
- 4.3 Determine the equation of the common tangent, PT , in the form $y = mx + c$. (4)
- 4.4 Calculate the value of $\angle$. Show ALL working. (2)
- 4.5 Determine the equation of the larger circle in the form $(x - a)^2 + (y - b)^2 = r^2$ with $a, b, r \in \mathbb{R}$. (4)

future this book is the place to start Daniel H Pink author of Drive and A Whole New Mind Challenge Success synthesizes the research on effective school practices and offers concrete tools and strategies that educators and parents can use immediately to make a difference in their communities By focusing on the day to day necessities of a healthy schedule an engaging personalized and rigorous curriculum and a caring climate this book is an invaluable resource for school leaders teachers parents and students to help them design learning communities where every student feels a sense of belonging purpose and motivation to learn the skills necessary to succeed now and in the future Linda Darling Hammond Charles E Ducommun Professor of Education Stanford University Finally a book about education and student well being that is both research based and eminently readable With all the worry about student stress and academic engagement Pope Brown and Miles gently remind us that there is much we already know about how to create better schools and healthier kids Citing evidence based best practices gleaned from years of work with schools across the country they show us what is not working but more importantly what we need to do to fix things Filled with practical suggestions and exercises that can be implemented easily as well as advice on how to approach long term change Overloaded and Underprepared is a clear and compelling roadmap for teachers school administrators and parents who believe that we owe our children a better education Madeline Levine co founder Challenge Success author of The Price of Privilege and Teach Your Children Well This new book from the leaders behind Challenge Success provides a thorough and balanced exploration of the structural challenges facing students parents educators and administrators in our primary and secondary schools today The authors unique approach of sharing proven strategies that enable students to thrive while recognizing that the most effective solutions are tailored on a school by school basis makes for a valuable handbook for anyone seeking to better understand the many complex dimensions at work in a successful learning environment John J DeGioia President of Georgetown University

Students at Risk of School Failure José Jesús Gázquez, José Carlos Núñez, 2018-10-18 The main objective of this Research Topic is to determine the conditions that place students at risk of school failure identifying student and context variables In spite of the fact that there is currently little doubt about how one learns and how to teach in some countries of the developed world there is still there is a high rate of school failure Although the term school failure is a very complex construct insofar as its causes consequences and development from the field of educational psychology the construct student engagement has recently gained special interest in an attempt to deal with the serious problem of school failure School engagement builds on the anatomy of the students involvement in school and describes their feelings behaviors and thoughts about their school experiences So engagement is an important component of students school experience with a close relationship to achievement and school failure Children who self set academic goals attend school regularly and on time behave well in class complete their homework and study at home are likely to interact adequately with the school social and physical environments and perform well in school In contrast children who miss school are more likely to display disruptive behaviors

in class miss homework frequently exhibit violent behaviors on the playground fail subjects be retained and if the behaviors persist quit school Moreover engagement should also be considered as an important school outcome eliciting more or less supportive reactions from educators For example children who display school engaged behaviors are likely to receive motivational and instructional support from their teachers The opposite may also be true But what makes student engage more or less The relevant literature indicates that personal variables e g sensory motor neurodevelopmental cognitive motivational emotional behavior problems learning difficulties addictions social and or cultural variables e g negative family conditions child abuse cultural deprivation ethnic conditions immigration or school variables e g coexistence at school bullying cyberbullying may concurrently hinder engagement preventing the student from acquiring the learnings in the same conditions as the rest of the classmates
