Richard Lachmann

Betraying Our Troops The Destructive Results Of Privatizing War 1st First Edition:

Betraying Our Troops Dina Rasor, Robert Bauman, 2007-05-01 In this shocking exposé two government fraud experts reveal how private contractors have put the lives of countless American soldiers on the line while damaging our strategic interests and our image abroad From the shameful war profiteering of companies like Halliburton KBR to the sinister influence that corporate lobbyists have on American foreign policy Dina Rasor and Robert H Bauman paint a disturbing picture Here they give the inside story on troops forced to subsist on little food and contaminated water on officers afraid to lodge complaints because of Halliburton's political clout on millions of dollars in contractors bogus claims that are funded by American taxpayers Drawing on exclusive sources within government and the military the authors show how money and power have conspired to undermine our fighting forces and threaten the security of our country First Class Passengers on a Sinking Ship Richard Lachmann, 2020-01-14 Why great powers decline from Spain to the United States The extent and irreversibility of US decline is becoming ever more obvious as America loses war after war and as one industry after another loses its technological edge Lachmann explains why the United States will not be able to sustain its global dominance and contrasts America's relatively brief period of hegemony with the Netherlands similarly short primacy and Britain's far longer era of leadership Decline in all those cases was not inevitable and did not respond to global capitalist cycles Rather decline is the product of elites' success in grabbing control over resources and governmental powers Not only are ordinary people harmed but also capitalists become increasingly unable to coordinate their interests and adopt policies and make investments necessary to counter economic and geopolitical competitors elsewhere in the world Conflicts among elites and challenges by non-elites determine the timing and mold the contours of decline Lachmann traces the transformation of US politics from an era of elite consensus to present day paralysis combined with neoliberal plunder explains the paradox of an American military with an unprecedented technological edge unable to subdue even the weakest enemies and the consequences of finance's cannibalization of the US economy Naval Law Review, 2009 *Caesar Ate My Jesus* Meg Gorzycki, 2017-06-09 What the hell happened on the way to making the world a better place We boomers were told our success would be unlimited We had democracy and capitalism and God was on our side We took our religious teachings seriously and set out to end bigotry violence and destitution Inevitably we collided with American Caesars whose power and wealth was sufficient to dominate national and international affairs Political and religious Caesars appropriated Jesus and used him to justify war sexism racism dictatorships and poverty What were the faithful to do Lots of boomers I know tossed the spiritual baby out with the religious institution's bathwater and became cynical about civic engagement It is not time to abandon hope in our goodness however and it is not time to surrender our conscience to Caesar Our experiences as boomers teach us that it is possible to bring the love of God to bear in our lives despite Caesar's constant pressure to cherish power wealth celebrity and things more than we cherish people This book is for folks who are ready to get off Caesar's treadmill and dig deeply into their

hearts and minds to see what remains of the Kingdom of God within
