Better Homes And Husbands:

Better Homes and Husbands Valerie Ann Leff, 2004-06 This first novel chronicles the colorful lives of the residents within the brick and limestone walls of one very exclusive address 980 Park Avenue **Better Homes of South Bend: An American Story of Courage** Gabrielle Robinson, 2015 In 1950 a group of African American workers at the Studebaker factory in South Bend met in secret Their mission was to build homes away from the factories and slums where they were forced to live They came from the South to make a better life for themselves and their children but they found Jim Crow in the North as well The meeting gave birth to Better Homes of South Bend and a triumph against the entrenched racism of the times took all their courage intelligence and perseverance Author Gabrielle Robinson tells the story of their struggle and provides an intimate glimpse into a pan of history that all too often is forgotten Book jacket The A, B, C'S of Parenting Janet Skinner, 2014-12-31 If you are a first time parent of a newborn infant you are just finding out that parenting is not just a job its a full time round the clock profession for which there is no pay I find it hard to believe that we actually get more training for the job of birthing the baby than we do for the profession of raising the child Almost all parents attend a course that lasts about eight weeks in order to learn about childbirth which takes an average of eight to fifteen hours from start to completion And you have a team of experts there with you throughout the entire process Then comes the day you take the little bundle home You are given a gift pack from the hospital and sent on your merry way to spend the next eighteen years guessing what to do next I believe this job is too important to leave up to chance For a child is a gift from God much more important than a gift to be placed on a shelf and forgotten all about Raising a child is an enormous responsibility and parents must take this responsibility seriously or face the consequences of not doing so Therefore I urge you to take the time to read this book I hope as you begin to walk down the path of parenting another human being the most important and incredible journey you will ever experience in life you will not forget the lessons learned from A to Z **Hearings, Reports and Prints of the Senate Select Committee on Nutrition and Human Needs** United States. Men to Boys Gary S. Cross, 2008 Adam Sandler movies HBO's Entourage and such magazines as Maxim and FHM all trade in and appeal to one character the modern boy man Addicted to video games comic books extreme sports and dressing down the boy man would rather devote an afternoon to Grand Theft Auto than plan his next career move He would rather prolong the hedonistic pleasures of youth than embrace the self sacrificing demands of adulthood When did maturity become the ultimate taboo Men have gone from idolizing Cary Grant to aping Hugh Grant shunning marriage and responsibility well into their twenties and thirties Gary Cross renowned cultural historian identifies the boy man and his habits examining the attitudes and practices of three generations to make sense of this gradual but profound shift in American masculinity Cross matches the rise of the American boy man to trends in twentieth century advertising popular culture and consumerism and he locates the roots of our present crisis in the vague call for a new model of leadership that ultimately failed to offer a better concept of maturity Cross does not blame the young or glorify the past He finds that men of the Greatest Generation might have embraced their role as providers but were confused by the contradictions and expectations of modern fatherhood Their uncertainty gave birth to the Beats and men who indulged in childhood hobbies and boyish sports Rather than fashion a new manhood baby boomers held onto their youth and when that was gone embraced Viagra Without mature role models to emulate or rebel against Generation X turned to cynicism and sensual intensity and the media fed on this longing transforming a life stage into a highly desirable lifestyle Arguing that contemporary American culture undermines both conservative ideals of male maturity and the liberal values of community and responsibility Cross concludes with a proposal for a modern marriage of personal desire and ethical adulthood

Hobbies Steven M. Gelber, 1999-06-25 Whether it's needlepoint or woodworking collecting stamps or dolls everyone has a hobby or is told they need one But why do we fill our leisure time with the activities we do And what do our hobbies say about our culture Steven Gelber here traces the history and significance of hobbies from the mid nineteenth century through the 1950s Although hobbies are often touted as a break from work Gelber demonstrates that they reflect and reproduce the values and activities of the workplace by bringing utilitarian rationality into the home imitating the economic stratification of the marketplace and reinforcing traditional gender roles Drawing on a wide array of social and cultural theory Hobbies fills a critical gap in American cultural history and provides a compelling new perspective on the meaning of leisure
