Between Ally and Partner Chae-ho Chŏng, 2008 Definitive study on China's relations with the Korean peninsula since the 1970's concentrating on the burgeoning relationship between the Chinese and South Korean governments societies and business communities

Conflict and Cooperation in Sino-US Relations Jean-Marc F. Blanchard, Simon Shen, 2015-02-20 Numerous crosswinds are buffeting the more than 40 year old People's Republic of China American relationship yet only once since Nixon's historic trip to China in 1972 has a major conflagration seemed a real possibility Anchoring the relationship throughout multiple storms are the two countries broad areas of collaboration such as deep links in culture economics and education However for some observers the conflictual aspects of the relationship seem to be gaining prominence Conflict and Cooperation in Sino US Relations offers a timely and current look at one of the world's weightiest bilateral relationships It goes beyond detailing the conflict and cooperation that have been integral facets of China US interactions since 1972 to gauging the relationship's evolution and future trends examining its nuances regarding diverse issues such as the Asia Pacific leadership structure the South China Sea and the Korean peninsula The book further delves into the causes of conflict and cooperation offers diverse solutions for tempering frictions between Beijing and Washington and considers the efficacy of some of the mechanisms e.g military to military exchanges that China and the US currently employ to manage their relationship The chapters suggest that extreme anxieties about China US relations may be misplaced but that there nonetheless are some worrisome signs even in areas like economics and the environment that are perceived as naturally cooperative While the book does not offer any silver bullets various contributors contend that successful management of Sino American relations may require greater American accommodation of China's interests This book will be of great interest to students and scholars of Chinese politics American politics international relations and Asian studies as well as to policy makers working in the field

South Korean Strategic Thought toward Asia G. Rozman, I. Hyun, Shin-wha Lee, 2008-04-28 At the crossroads of Northeast Asia South Korea provides a critical vantage point for viewing changes in the region This comprehensive review of the past quarter century covers its strategic thinking in regard to China Japan Russia regionalism and reunification

China in the United Nations Wei Liu, 2014 This book examines China's participation in the United Nations UN There are two research components First the author seeks to find a pattern of China's multilateral diplomatic behavior in the UN by examining China's behavior toward peacekeeping operations and arms control issues during different leadership periods under Mao Zedong Deng Xiaoping and Jiang Zemin respectively Second a model is proposed to explain this pattern of behavior By marrying rationalism and constructivism this model argues that the amelioration of China's external security environment changes in its projected self image Furthermore China's consistently strong view of sovereignty determines its evolving pattern of behavior in the UN Contents Introduction China and the United Nations China's Pattern of Participation Explaining China in the UN China's UN Policy Under Mao's Leadership

Into the Hu-Wen Era John Wong, Hongyi Lai, 2006 This volume is an updated survey and assessment of the recent policy initiatives of Hu Jintao and Wen Jiabao which have come to be known as the Hu Wen's New Deal Individual chapters are written by scholars from different academic disciplines and backgrounds These scholars hail from Singapore the United States Australia Korea Hong Kong Taiwan and Mainland China Topics cover the patterns and process of leadership succession emerging political factions social unrest sources of economic growth income disparities social security reform land use policy banking reform corporate governance labor and population policies rule of law and changes in the Party and ideology On the external aspects discussion includes China's changing relations with the U S Japan and ASEAN In many ways the Hu Wen leadership today is still coming to grips with the same issues and problems as discussed in this book **North**

Korea and the Global Nuclear Order Edward Howell, 2023-04-26 For a state that has gained a global reputation as a violator of international norms not least through its unwavering pursuit of nuclear weapons North Korea's determination to become a nuclear armed state is puzzling If nuclear weapons beget security insecurity and other costs for the state how might we understand this pursuit and the delinquent behaviour that has arisen from it In North Korea and the Global Nuclear Order Edward Howell offers an answer to this question focusing on North Korea's quest for status in the international system and developing the theoretical framework of strategic delinquency Featuring previously unpublished and new interviews with international negotiators with North Korea and drawing upon new academic literature Howell proffers an original theoretical framework to apply to the North Korean case Covering a time period from the 1990s to the present day and using unprecedentedly rich empirical evidence he makes the overarching argument that North Korea has strategically deployed behaviour that breaks international norms in order to reap benefits In so doing this book posits how over time North Korea has learnt that despite the low status and opprobrium that might ensue bad behaviour can pay **China's Reforms and**

International Political Economy David Zweig, Zhimin Chen, 2009-05-21 Written by an international team of experts this important and interesting text gives vital insights into China's likely development and international influence in the next decade **Korean Unification and a New East Asian Order** Korea Institute for National Unification (South Korea), Choi

Jinwook, 2013-02-27 The Korea Institute for National Unification KINU is working on a four year project 2010-2013 on the subject of Korean unification The objective of this project is to propose a grand plan for Korean unification The Unification Forum series is one of the tasks of this project In the first two years the forums reviewed the positions of the neighboring countries on Korean unification 2010 and analyzed US-China relations and their implications for Korean unification 2011 The forums are also intended to serve as a channel to deliver our unification vision to the international community Korean

 Will China Help Russia Two Koreas and Unification Prospects *The Belt and Road Initiative in Asia, Africa, and Europe*
 David Arase, Pedro Miguel Amakasu Raposo de Medeiros Carvalho, 2022-11-11 This book examines the progress and
 reception of China's Belt and Road Initiative BRI in key subregions of Asia Africa and Europe Through its exploration of the
 patchwork of distinctive sub regions of each continent the book analyses how well the BRI accommodates sub regional
 variation as it attempts to integrate Asia Africa and Europe under Chinese auspices Individual chapters focus on how
 developing subregions experience BRI relations with China while others focus on how liberal powers seek to compete with
 China's BRI agenda The contributions also gauge the impact of the COVID 19 pandemic on the BRI in regional settings and
 point to its future implications Offering a panoramic view of the vast mosaic of Asian African and European sub regions
 targeted by the BRI this book will be of interest to scholars and students of International Relations and Global Political
 Economy as well as Chinese politics and those with an interest in the Belt and Road Initiative more broadly **Chinese**
Foreign Policy Marc Lanteigne, 2015-12-22 This updated and expanded 3rd edition of Chinese Foreign Policy seeks to
 explain the processes actors and current history behind China's international relations as well as offering an in depth look at
 the key areas of China's modern global relations Among the key issues are The expansion of Chinese foreign policy from
 regional to international interests China's growing economic power in an era of global financial uncertainty Modern security
 challenges including maritime security counter terrorism and protection of overseas economic interests The shifting power
 relationship with the United States as well as with the European Union Russia and Japan China's engagement with a growing
 number of international and regional institutions and legal affairs The developing great power diplomacy of China New
 chapters address not only China's evolving foreign policy interests but also recent changes in the international system and
 the effects of China's domestic reforms In response to current events sections addressing Chinese trade bilateral relations
 and China's developing strategic interest in Russia and the Polar Regions have been extensively revised and updated This book
 will be essential reading for students of Chinese foreign policy and Asian international relations and highly recommended for
 students of diplomacy international security and IR in general **Bipolar Orders** Hyung Gu Lynn, 2009-11-02 North Korea
 and South Korea are never far from the news headlines one for the alleged danger it poses to the world the other for its
 apparent capitalist success story In *Bipolar Orders* Hyung Gu Lynn analyzes the processes driving both countries since the
 1980s North Korea has experienced severe economic deterioration and increasing international isolation while South Korea
 has undergone democratization and witnessed the emergence of a vibrant consumer culture Paradoxically this growing gap

in ideologies and material standards has led to improved relations between the two countries Why has this counterintuitive development occurred Is North Korea really a threat and if so for whom This book provides a substantive accessible and timely examination of the complex and compelling histories of the two Koreas *China and the International System* Xiaoming Huang,2013 This book considers the evolving relationship between China and the international system and the interaction between a China of profound change in its identity capability and influence and an international system that is itself experiencing a process of far reaching transformation It develops an analytical framework that allows us to capture understand and explain a more dynamic pattern of agent structure interaction in China s relationship with the international system By demonstrating a more dynamic and mutually constitutive relationship between China and the international system the book explores the extent to which both transform themselves in the process and provides a fuller and more effective assessment of the evolving nature of the relationship In doing so it addresses key issues in the current literature on the relationship of China and the international system and helps close the gap in our knowledge of the conditions and consequences of change and stability in the international system as a result of the change in distributions of power capability and influence among nation states **Decoding the Sino-North Korean Borderlands** Adam Cathcart,Christopher Green,Steven Denney,2025-10-01 Since the 1990s the Chinese North Korean border region has undergone a gradual transformation into a site of intensified cooperation competition and intrigue These changes have prompted a significant volume of critical scholarship and media commentary across multiple languages and disciplines Drawing on existing studies and new data Decoding the Sino North Korean Borderlands brings much of this literature into concert by pulling together a wide range of insight on the region s economics security social cohesion and information flows Drawing from multilingual sources and transnational scholarship this volume is enhanced by the extensive fieldwork undertaken by the editors and contributors in their quests to decode the borderland In doing so the volume emphasizes the link between theory methodology and practice in the field of Area Studies and social science more broadly *Base Encounters* Elisabeth Schober,2016-04-20 Base Encounters explores the social friction that US bases have caused in South Korea where the entertainment districts next to American military installations have come under much scrutiny The Korean peninsula is one of the most heavily militarised regions in the world and the conflict between the North and South is continually exacerbated by the presence of nearly 30 000 US soldiers in the area Crimes committed in GI entertainment areas have been amplified by an outraged public as both a symbol for and a symptom of the uneven relationship between the United States and the small East Asian nation Elisabeth Schober s ethnographic history scrutinises these controversial zones in and near Seoul Sharing the lives of soldiers female entertainers and anti base activists she gives a comprehensive introduction to the social economic and political factors that have contributed to the tensions over US bases in South Korea **China's Local Administration** Jae Ho Chung,Tao-chiu Lam,2009-10-16 This book presents a comprehensive survey of China s local administration It

considers all kinds of local government units and their administrative functions both historically and in the present day ranging from the provinces centrally administered municipalities and autonomous regions to prefectures counties townships and urban districts

East Asian Security Shulong Chu, Gilbert Rozman, 2007 A new framework for Northeast Asian security must cope with the legacy of six decades of frequent changes in the region's great power relations In order to realize the goals of the Joint Agreement in the Six Party Talks multilateralism is becoming more important U S leadership faces challenges from the Sino U S rivalry that is better managed because of cooperation over North Korea the Russo U S rivalry that has intensified although there is potential to stabilize it in this region Sino Russian partnership which has drawn closer in response to the nuclear crisis but could be tested by progress that would reveal conflicting national interests North Korean belligerence which is unlikely to end even if the nuclear crisis is brought under control South Korean balancing which would remain even under a conservative president and Sino Japanese rivalry which is somewhat under control in 2007 but remains the main barrier to regionalism A U S regional strategy is needed that addresses all of these challenges in the context of the Six Party Talks

ASEAN and the Institutionalization of East Asia Ralf Emmers, 2011-09-28 This book examines the evolving multilateral security arrangements in East Asia It discusses the role of ASEAN highlighting its successes and its deficiencies including the fact that it is confined to Southeast Asia and has among its members none of the major East Asian powers nor any of the external powers such as the United States which have a strong interest in the region

The Making of Northeast Asia Kent Calder, Min Ye, 2010-08-16 This book offers a detailed analysis of the domestic politics of regionalism in the three major nations of Northeast Asia China Japan and Korea as well as in the most important external actor the United States

China's Foreign Policy since 1978: Return to Power Nicholas Khoo, 2020-11-27 The success of China's post 1978 reforms has provided it with significant resources to reshape its external environment This book shows how China has leveraged this power from a neorealist perspective projecting military and economic power to advance Chinese interests

The Black Box Victor D. Cha, 2024-09-03 North Korea is commonly thought of as the most mysterious place in the world The country is marked by its opacity and inaccessibility its inner workings seen as impossible for outsiders to grasp In this groundbreaking book the leading scholar and practitioner Victor D Cha shines a light into the black box of North Korea and draws critical lessons for the possible reunification of Korea after many decades of division The Black Box demonstrates convincingly that North Korea while far from transparent is less inscrutable than is typically assumed Using innovative research methods from data scraping to ethnography including microsurveys of ordinary North Koreans Cha unearths a trove of new information Through these pioneering findings and incorporating his experiences as a White House official negotiating with North Korean interlocutors and traveling to North Korea he paints a vivid picture of this enigmatic country and develops a grounded account of its behavior Cha explores the regime's core tendencies its policies toward the U S South Korea alliance cybersecurity threats the potential for economic development the growth of a nascent civil society and

pathways toward Korean unification among other topics The Black Box provides both an essential understanding of contemporary North Korea and an insightful guide to studying the country from one of the world's most esteemed experts
