## **Between Two Gardens Reflections On Sexuality And Religious Experience:**

**Between Two Gardens** James B. Nelson, 2008-05-01 In *Between Two Gardens* theologian and ethicist James B. Nelson seeks to stimulate a further reexamination of human sexuality and the Christian experience. Here he continues to explore concerns posed in his earlier work *Embodiment*. Traditionally the relationship between religion and spirituality has reflected this one dimensional question: What does faith say about human sexuality? Nelson however takes a different tack and asks more pertinently: What does sexuality say about faith, theology, scripture, tradition and the meaning of the gospel? With this more existential perspective in mind he explores a wide range of sexual and medical issues. Nelson discusses men's liberation, sexuality in Jewish, Catholic and Protestant interpretations, religious and moral questions of professionals working with homosexual counselees, singleness of the church, the family and attitudes toward abortion. Reflecting on these topics he writes out of a healthy conviction that the process of integrating human sexuality and the life of faith is an important journey.

*Christian Ethics* Judith Caron, 2001-12-27 *Christian Ethics* focuses on understanding the relationship between one's ethical self, society's rules and the consequences of one's actions. It operates from a Judeo-Christian perspective that also takes into account the ethical system of other major world religions. *Christian Ethics* draws from philosophy, theology and psychology. It considers the roles of personality development, conscience formation, gender difference, religious values and social structures in ethical decision making. It probes the questions and dilemmas of good vs evil, personal vs communal values, authority vs conscience, religion vs society and civil vs moral law. Examples and case studies drawn from the fields of social, medical, sexual, business, political, environmental and personal ethics are used throughout the book and illuminate the process for personal decision making.

*Sexual Fulfillment* Herbert W. Chilstrom, Lowell O. Erdahl, This book approaches some of the more difficult to discuss areas of human sexuality: singles and sexual fulfillment, unmarried persons and sexual fulfillment, same sex relationships and sexual fulfillment in the elder years. The authors distinguish between life giving sex and life degrading sex. They then discuss healthy sexuality in a variety of life stages and relationships. With a pastoral and compassionate tone the authors explore the issues Christian people face with respect to the experience and expression of their sexuality. Questions for discussion are intended both to elicit personal reflection and to move congregations to become safe places.

**Sexuality and the Sacred** James B. Nelson, Sandra P. Longfellow, 1994-01-01 This volume is rooted in two convictions: first, sexuality is far more comprehensive and more fundamental to our existence than simply genital sex and second, sexuality is intended by God to be neither incidental nor detrimental to our spirituality but a fully integrated and basic dimension of that spirituality. The authors address what our sexual experience reveals about God, the ways we understand the gospel and the ways we read scripture and tradition and attempt to live faithfully.

*Preaching as Weeping, Confession, and Resistance* Christine M. Smith, 1992-01-01 How can a person preach a word of hope and faith in a world filled with violence and suffering? Smith says that one must encounter and name the radical evil that oppresses persons in the world. She believes

preaching is an interpretation of our present world and an invitation to a profoundly different world Erotic Justice Marvin Mahan Ellison, 1996-01-01 Ethicist Marvin Ellison compellingly argues that current crises in family personal life and sexuality are related to our culture's prevailing attitudes about human sexuality He proposes a liberating Christian ethic of erotic justice that goes beyond the prevailing patriarchal paradigm **Men's Bodies, Men's Gods** Bjorn Krondorfer, 1996 Men's Bodies Men's Gods explores the intersection of body religion and culture from the specific perspective of male identities How are male bodies constructed in different historical periods and contexts How do race ethnicity and sexual preference impact on the intersection of male bodies and religious identity Does Christianity provide models to cope with the aging and ailing male body Does it provide models for intimacy between men and women Between men and men And how do men reflect the carnal dimensions of power abuse and justice **Integrating Spirituality into Multicultural Counseling** Mary A. Fukuyama, Todd D. Sevig, 1999-07-28 Fukuyama and Sevig have compiled a significant volume that underscores the importance of counselors addressing clients spiritual values and experiences in the context of providing culturally competent services One of the primary strengths of this book is that it is reader friendly as the authors are quite skillful in blending scholarly and personal perspectives throughout I would highly recommend this book to counselors supervisors academicians researchers and students who wish to expand their understanding of the impact of spiritual issues in the lives of culturally diverse clients Madonna G Constantine Columbia University Finally A book that examines the interface between spirituality and multiculturalism Mary Fukuyama and Todd Sevig have created a timely masterpiece that provides a holistic view of multiculturalism one that integrates spirituality into its fabric The authors appropriately cover less known spiritual paths such as Native American and Afrocentric perspectives The chapter on developmental models of the spiritual journey is especially useful to counselors and other helping professionals The authors also tackle the challenging question of positive and negative expressions of spirituality The self awareness questions in each chapter prompt readers to examine their own spiritual and multicultural experiences and beliefs Numerous case examples stimulate helping professionals to grapple with realistic and multifaceted issues that their clients face The integration of materials from diverse spiritual and multicultural perspectives makes this book a unique reference for anyone who is interested in this topic As Fukuyama and Sevig note spirituality is highly subjective and dynamic their goal is to identify and explore good questions rather than propose definitive answers The authors have succeeded in their goal I highly recommend their book to counselors and all helping professionals for all counseling is multicultural and spirituality is an essential component of the human experience Pamela Highlen Ohio State University In today's world multicultural contact and the search for meaning go hand in hand This book provides an overview of spiritual and multicultural processes that will challenge and energize professionals who desire to engage in the complexities of the postmodern world The authors propose that integrating spiritual values into multicultural learning and exploring spirituality from multicultural perspectives are synergistic and mutually reciprocal processes Chapter topics

include understanding multicultural worldviews and developmental models of the spiritual journey integrating spiritual and multicultural competencies clarifying healthy and unhealthy expressions of spirituality exploring spiritual issues expressed through pain and loss as well as needs for power and creativity Understanding counseling process issues including ethical concerns and integrating spiritual interventions into one's own counseling style      **Redeeming Men** Stephen Blake Boyd, W. Merle Longwood, Mark William Muesse, 1996-01-01 Contributors to this book historians biblical specialists theologians ethicists and scholars of comparative religions examine the relationship between religious tradition and manhood The essays cover a broad range of topics from the dynamics of power in shaping masculine identity to the role religion plays in shaping masculine identity to the experience of myth ritual spiritual discipline and community in the lives of men

Hadewijch and Her Sisters John Giles Milhaven, 1993-08-24 Hadewijch a thirteenth century woman describes her relationship with God as a mutual loving in which God and she affect each other personally and profoundly This book presents in detail the account by Hadewijch of this supreme and most satisfying experience Presented here are phenomenologically specific traits of the bodily knowing that Hadewijch and other women of her time and place prized in their devotion to Christ and his saints The opposition to the traditional Western ideal and norm is evident In prizing embodied mutuality Hadewijch has learned from Bernard of Clairvaux but sees much more      *Reformed Spirituality* Howard L. Rice, 1991-01-01 Rice makes a concerted effort to point us toward new and exciting avenues of spiritual growth and development I find the book provocative stimulating and challenging Ben Campbell Johnson Peachtree Professor of Evangelism and Church Growth Columbia Theological Seminary Decatur Georgia      **A Brief, Liberal, Catholic Defense of Abortion** Daniel A. Dombrowski, Robert John Deltete, 2000 The Catholic church has always opposed abortion but contrary to popular belief not always for the same reasons This tightly argued historically grounded study sets out to demonstrate that a pro choice stance now held by a significant minority of Catholics is as fully justified by Catholic thought as an anti abortion view and may even be more compatible with Catholic tradition than the current opposition to abortion espoused by many Catholics and most Catholic leaders A Brief Liberal Catholic Defense of Abortion argues that the current Catholic anti abortion stance is justified neither by modern embryology nor by ancient church teachings Combining up to date information on fetal development with a thorough grasp of the works of the church's early thinkers Daniel A Dombrowski and Robert Deltete expose crucial contradictions between the early and the modern church's views of abortion Returning to the writings of two pillars of early Christian thought Sts Augustine and Thomas Aquinas the authors show that abortion was originally condemned by the church on the grounds of perversity since it nullified the only permissible reason for sexual relations procreation Only in more recent times has the view arisen of abortion as indefensible on the ontological grounds that human personhood begins at the moment of conception The authors demonstrate that the early church's view of fetal development delayed hominization in which the fetus is endowed with a human soul only when it achieves a physical human body is

diametrically opposed to the current anti abortion stance In fact the authors show the insistence on immediate hominization that provides the foundation for the current pro life view stems from two seventeenth century scientific misconceptions preformationism and the homunculus that have since been thoroughly discredited By considering the history of Catholic thought in its relation to the history of science Dombrowski and Deltete bring a new level of detail and focus to the abortion debate Their thoughtful measured argument provides a fresh perspective that will benefit participants on all sides of the controversy

**God Loves Gay Women** Reverend Bonnie Kelly, 2014-02-28 Honest faithful people are wondering if the Bible is really telling them to hate gay people This book is a reasoned response to that inquiry It deals with the Scriptures most often cited to justify homophobia and provides a more loving interpretation Six lesbians tell their story and how the Church has impacted their lives Families and clergy are given clear guidelines on how to offer support and kindness to this marginalized and maligned group of women This is an important book for our time Homophobia cruelty and denial of human dignity to all gay people at home and globally have re emerged much of it fueled by false and malicious biblical interpretation

Transforming the Struggles of Tamars Lina Androvienė, 2014-05-29 This book explores the unprecedented challenge of involuntary singleness for women and the implications of disregarding this challenge for the Christian and particularly baptistic communities of faith It argues that these communities not only fail involuntarily single women but also in so doing suffer a serious detriment to their own communal health and Christian witness Taking the challenge of involuntary singleness as a test case this book explores the method of convictional theology and argues for a holistic framework that can draw together the personal communal and visionary spheres of human existence Although primarily a work of theological ethics it also draws from a number of different disciplines including cultural studies and sociology as well as intersections of science and theology

**Taking a Chance on God** John J. McNeill, 2015-10-27 Taking a Chance on God explores how lesbians and gay men can claim both a positive gay identity and a fulfilling life of Christian faith

*Power and Marginality in the Abraham Narrative - Second Edition* Hemchand Gossai, 2010-01-01 Who will speak for Hagar or Isaac or Sarah or the daughters of Lot With an interpretive trajectory that moves from the margin to the center this book gives voice to the marginalized and voiceless in the Abraham Narratives Further this approach is based on the premise that there is a continuum of power in the various characters in these narratives and that the most powerful are those who are lodged at the center while those with the least power are on the margin or beyond The intent of this study is to direct and perhaps re direct our attention to the text and with fresh eyes seek a sometimes radical realignment of roles and power It is true that many of the characters focused on in this book are women This is not however only a book about women though clearly women are the principal characters on the margin

*Doing the Work of Love* John Michael Clark, 1999 Clark's critique of the objectification that occurs in the sexual delivery system in the gay male subculture and his description of his and his partner's emergence from that subculture into a committed ongoing day to day relationship contribute significantly to the literature

that is stretching toward new ways of creating more just and satisfying intimate relationships outside of sexist and heterosexual consciousness Stephen B Boyd Wake Forest University      *Reclaiming the Bible* Robert McAfee Brown,1994-01-01 In this series of messages based on scripture the author demonstrates the vital applications of the Bible for our times dealing first with the greater words of faith such as love grace and reconciliation It then sheds light on various events in Jesus life and beyond A third group of messages shows the Bible addressing social issues such as sexuality and violence      Pastoral Care for Post-Traumatic Stress Disorder Dalene C. Fuller Rogers,Harold G Koenig,2013-12-16 Provide effective care for the members of your congregation suffering with PTSD This vital book is an overview of the nature of post traumatic stress disorder PTSD It examines the causes manifestations and problems of PTSD as they relate to a person socially spiritually emotionally physically and psychologically Stressing hope healing and compassion Pastoral Care for Post Traumatic Stress Disorder Healing the Shattered Soul includes specific suggestions for the prevention of traumatic events and for using peacemaking techniques to stop violence in your clients lives Pastoral Care for Post Traumatic Stress Disorder is a practical understandable professionally presented and researched working guide for clergy in parishes for chaplains and for seminarians who have little or no knowledge of how to pastor to people who are suffering from post traumatic stress disorder It is also for lay people who minister to those who have been traumatized Survivors will also benefit from its affirmation for the spiritual component of healing This unique volume provides the practical means to support people through the healing process while maintaining their spiritual grounding with case studies that will help develop your skills a thoughtful discussion of the theological dimensions of trauma and suffering a practical methodology for crisis intervention an examination of the specific needs of veterans a look at the potential for caregiver burnout and how to prevent it ways that churches can contribute to the prevention of the trauma that leads to PTSD methods for using scripture as a source of healing for PTSD survivors Pastoral Care for Post Traumatic Stress Disorder also defines PTSD from a mental health perspective and gives examples of the kinds of trauma that may lead to it No one working with PTSD survivors in a spiritual setting should be without this book      *Violence Against Women and Children* Carol J. Adams,Marie Fortune,1995-11-01 Violence against women and children has reached epidemic proportions It cuts across all economic strata and is found in our urban centers and the farthest corners of the nation This is the only sourcebook on domestic violence for clergy and counselors
