Integration Paul J. Morrison, 2022-06-23 While the Southern Baptist Convention has so often been a step behind on the issue of race since its formation there was still light shining in the darkness a group of biblically faithful men and women who both recognized and fought for their racially marginalized brothers and sisters Chief among these men and women was Thomas Buford Maston T B Maston faithfully engaged the topic as the SBC's preeminent ethicist from 1922-1963 as a professor at Southwestern Baptist Theological Seminary This stand ultimately cost him his job Even still some sixty years later his theology and ethics model the full unity in Christ This book examines the writings of T B Maston in his efforts to reform the racially misguided interpretations of Scripture in the church and their subsequent prejudices Maston is not merely a visionary who foreshadowed the eventual position of the SBC and more widely the evangelical church but is one who directly caused legitimate change Maston's profound yet humble work gives a blueprint for future racial reconciliation through integration in the church

**Honorable in Business** Annetta Gibson, Daniel Augsburg, 2019-01-14 How can one be a Christian in the world of business not just on the weekend How can one be honorable in business Through the integration of the Christian worldview and business ethics this book provides Christians with a mental framework with which to answer these important questions Beginning with Genesis as the foundation for the Christian's worldview and the Ten Commandments as the outline for the Christian's ethical obligations the authors develop principles upon which ethical choices can be made even when working in a primarily non-Christian oriented business environment The book is designed to be helpful both to those beginning their career in business and those already employed in business who struggle with how to engage in today's business environment while maintaining their commitment to God's vision for life to be both meaningful and honorable Topics of business ethics such as employee rights discrimination technology and privacy insider trading and accounting fraud and the special challenges of working internationally are covered The added value this book brings to these discussions lies in its serious consideration of the Christian worldview as foundational to ethical decision making in everyday areas of business

*Transformational Ethics of Film* Martin P. Rossouw, 2021-05-31 What is the good of the film experience And how does the budding field of film as philosophy answer this question Charting new routes for film ethics Martin P Rossouw develops a critical account of the transformational ethics at work within the film as philosophy debate Whenever philosophers claim that

films can do philosophy they also persistently put forward edifying practical effects potential transformations of thought and experience as the benefit of viewing such films Through rigorous appraisals of key arguments and with reference to the cinema of Terrence Malick Rossouw pieces together the idea of an inner makeover through cinema a cinemakeover which casts a distinct vision of film spectatorship as a practice of self transformation Recasting much of the existing debate Martin Rossouw s emphasis on film s power for enacting ethical transformation rather than theoretical insight or discovery gives a much needed shot in the arm to a topic whose development has stalled in recent years This highly original book offers a unique and provocative contribution to the scholarship Rossouw is a persistent questioner often demonstrating sharp philosophical instincts Shawn Loht Philosophy in Review Vol 43 no 1 February 2023 At once a comprehensive record and a ceaseless meta critique Rossouw s Transformational Ethics of Film is a thorough and bittersweet investigation into the aspiration and limits of this strand of film philosophy scholarship Rossouw s detailed commitment to this critical exercise both provides a bountiful resource for film ethics scholarship bringing organized clarity to an otherwise scattered but nonetheless commanding school of thought and presents a potentially radical prospect for the position of meta hermeneutics in the world of art theory Daniel E Smith New Review of Film and Television Studies Vol 22 no 2 July 2024     *Atheism?*

practice of application and then proposes a biblically consistent method for application The book is substantive but accessible relevant for believers generally as well as preachers It begins by sketching the broad theological context of Bible application relating it to the gospel generally and to sanctification specifically The heart of the study then synthesizes key Old and New Testament passages relative to the process of application Building on this foundation the book sets forth a sensible approach for arriving at legitimate applications of Scripture A rich assortment of positive and negative case studies illustrates the method motivating believers to apply the Scriptures for themselves
