Beyond Love Moustafa El Guindy:

Beyond Love Moustafa El-Guindy, 2015-11-30 What would you do if you had given up your whole life for someone someone who had proclaimed their undying love for you only to find that they had been unfaithful from the start James a prestigious university professor struggles to rebuild his life and sanity after giving up his family and career for Jennifer a young student that he falls passionately hopelessly frantically in love with only to see his life in tatters after she betrays him helplessly caught in her own web of deceit and despair After years of struggle he embarks on a new career and rebuilds his life only to find that he cannot leave the past behind and must return and rescue the one who destroyed him Moustafa El Guindy tells a story of a passionate man who founders on the shoals of love betrayed but finds hope and redemption BEYOND LOVE BEYOND LOVE is a tale of love betrayal anguish and redemption the story of two people whose love dies in a storm of lies deceit and despair leaving them both shattered and hopelessly alone James story discloses that one step beyond love can encompass love life and everything in between Moreover sometimes life demands from lovers more than just love James faces the challenge of destiny and has to prove that his feeling goes far away beyond love **Islam in Global Modernity** Dietrich Jung, 2023-01-01 This book combines sociological theorising with studies on the Middle East and Islam The diversity of modernities that can be observed in our world is linked to the claim of living in a global modernity in a world society The book underpins this claim with numerous excursions into Islamic history It criticises the view that modernisation can be equated with westernisation and considers different projects of specifically Islamic modernities as integral parts of world society From this perspective the study contributes to the provincialisation of European history in contemporary social scientific thought Contrary to the theories of postcolonialism associated with the call for the provincialisation of Europe however this book adheres to essential traditions of classical sociology It thus aims to make a contribution to the social theoretical discussion on modernity which is empirically underpinned with the help of data from the history of the Middle East and Islam The translation was done with the help of artificial intelligence A subsequent human revision was done primarily in terms of content 2007, (2007 4) , (2006 1) 2006, (2006 23)
