## **Beyond The Heavens A Story Of Contact:**

*Beyond the Heavens* Maurizio Cavallo, 2008-04-04 Maurizio Cavallo's book reveals a secret so powerful in its transformative potential that national security agencies around the world have been vigorously suppressing it for over fifty years. Human looking extraterrestrials are visiting and living among us and come with a message of individual empowerment, global peace and social upliftment. This book takes you through an Italian contactee's astonishing journey where he experienced a truth that transformed his personal world. A similar experience lies on the road ahead for all those willing to experience contact with human looking visitors from other worlds who can help transform our lives and our planet.

Michael E Salla Ph D Author *Exopolitics Political Implications of the Extraterrestrial Presence* 2004 *Beyond the Heavens* is an unearthly experience and a realization that we have human looking aliens quite like us living and working on Earth. It is their intention, says Maurizio, to raise the vibration of this humanity and aid us in the coming Earth changes and most of all to offer us hope that we will find our true destiny in the stars.

Paola Harris Journalist Researcher Author *Connecting the Dots Making Sense of the UFO Phenomena Exopolitics How Does One Speak to a Ball Of Light* To express Maurizio Cavallo's Jhlos works of serene beauty we should have as he has the gift of silence and his same lightly sensual sense of the sacred.

Journalist and philosopher painter sculptor and musician Maurizio Cavallo met inhabitants of a planet in the third galaxy distant from Earth about 150 000 light years away.

Michel Gay Art critic Chairman of the Peintres en Provence Association Author of several historic research books for which he was granted the French Legion of Honor

SkyTryke,Alexander L. Lee,2025-02-18 In Beyond Heaven Volume 2 continue the story with our heroes and their adventures from the previous book Beyond Heaven Volume 1 **Beyond Heaven and Earth** Gabriel Levy,2022-02-01 An approach to understanding religion that draws on both humanities and natural science but rejects approaches that employ simple monisms and radical dualisms In Beyond Heaven and Earth Gabriel Levy argues that collective religious narratives and beliefs are part of nature they are the basis for the formation of the narratives and beliefs of individuals Religion grows out of the universe but to make sense of it we have to recognize the paradox that the universe is both mental and material or neither We need both humanities and natural science approaches to study religion and religious meaning Levy contends but we must also recognize the limits of these approaches First we must make the dominant metaphysics that undergird the various disciplines of science and humanities more explicit and second we must reject those versions of metaphysics that maintain simple monisms and radical dualisms Bringing Donald Davidson s philosophy a form of pragmatism known as anomalous monism to bear on religion Levy offers a blueprint for one way that the humanities and natural sciences can have a mutually respectful dialogue Levy argues that in order to understand religions we have to take their semantic content seriously We need to rethink such basic concepts as narrative fiction information agency creativity technology and intimacy In the course of his argument Levy considers the relation between two closely related semantics fiction and religion and outlines a new approach to information He then applies his theory to discrete cases ancient texts modern media and intimacy

De Graaff,2025-06-20 Scripture s compelling message of love and justice is powerfully

relevant for today The implications of the Amsterdam way of interpreting Scripture are evident throughout the book It is both a personal and timely way of speaking to our disintegrating society The Prophetic Call to Love and Justice provides a meaningful and radical yet simple way of re connecting with the Bible As one of the founders of the Amsterdam way of interpretation Karel Deurloo stated The opportunity to learn anew and understand the language of the Bible has been taken away Often the focus is on the assumed origin and history of a text a historical literary approach or a fundamentalist view creating a fragmented moralistic and doctrinaire emphasis which has alienated many from churches Instead Deurloo and others focused on the prophetic meaning that speaks to all of us as the living word of God today This alternative is rooted in the Hebrew Scriptures Its abiding prophetic message of love and justice is reiterated in the Gospels and apostolic letters Hence the choice of subtitle Rediscovering the Old Testament It is a joyful journey of discovery finding new meaning in the Bible for our lives
