Beyond New Testament Theology:

Beyond New Testament Theology Heikki Räisänen, 1990 *Beyond Biblical Theology* Timo Eskola, 2013-10-02 Reading Heikki Räisänen's hermeneutics in context Timo Eskola explores the development of Western New Testament interpretation Reclaiming a Wredean approach to the Scriptures Räisänen focuses on tradition and interpretation He builds on Weberian sociology adopted through Peter Berger's theories and substitutes sacralized culturalism for biblical theology After examining fourteenth century Quran criticism and its impact on Reimarus Eskola discusses the genesis of the revised history of religion theory that Räisänen developed when investigating the Quran's relationship to the Bible Sociology then becomes a link between standard historicism and poststructuralism as Räisänen reinterprets Berger's sociology of knowledge Räisänen's sacralized culturalism finally becomes the theory from which his magnum opus *The Rise of Christian Beliefs* has been written

Howard Marshall offers guidance for this perennial task in *Beyond the Bible* Using a principled approach Marshall moves from Scripture itself to contemporary understanding and application of Scripture He examines how principles can be established from Scripture whether explicitly or implicitly and explores how the continuing development of insight can provide us with guidelines for the ongoing task of developing and applying Christian theology Responses from Kevin Vanhoozer and Stanley Porter are included Students and scholars of the Bible and theology will be interested in this latest work from I. Mead,2007-01-01 In this the first overview of biblical theology in nearly thirty years James K Mead addresses the core issues of biblical theology essential to both Old Testament and New Testament study Can we draw theological principles from Scripture What methods will give useful results for theological exploration of biblical texts Aptly synthesizing classic and recent scholarship while asserting his own theological findings Mead provides an excellent overview of the history of biblical theology and a thorough examination of its basic issues methods and themes *Inconsistency in Paul?* Teunis Erik van Spanje,1999 Is Paul as inconsistent in this thinking as Heikki Raisanen demonstrates With the help of several hermeneutical techniques T E van Spanje shows that the contrary is the case **Beyond Old and New Perspectives on Paul** Chris Tilling,2014-05-05 New Testament studies are witnessing many exciting developments And Douglas Campbell s groundbreaking publications are an important contribution to future discussions relating to Paul Familiar problems relating to justification old and new perspectives and much more besides have

New Testament Theology Jon Isaak, 2011-01-01 New Testament theology ought to be both descriptive and constructive this is the argument of New Testament Theology Extending the Table According to Isaak New Testament theology is descriptive in that it deals with the accounts that people narrate of their experience with Yahweh the God of Israel in the light of Easter It is constructive in that it joins the diverse testimonies of the New Testament writers into a textured and thick space within which contemporary followers of Jesus continue to be shaped by the ancient yet living Spirit of God Isaak's approach is historical thematic and theological in orientation It explores the conversation taking place around the table where the writers of the NT share their guiding vision of God's saving work among them and their passion for the Christian church engaged in God's mission The differing perspectives of the New Testament authors are held together without reduction forming a deep and rich space within which ongoing community reflection and praxis can take place

Theology in Language, Rhetoric, and Beyond Jack R Lundbom, 2015-02-26 Theology in Language Rhetoric and Beyond places before a broad audience of students and general readers theological essays on both the Old and New Testaments Theology is seen to derive from a number of sources the biblical language biblical rhetoric and composition academic disciplines other than philosophy and above all a careful exegesis of the biblical text The essay on Psalm 23 makes use of anthropology and human development theory the essay on Deuteronomy incorporates Wisdom themes the essay called Jeremiah and the Created Order looks at ideas not only about God and creation but also about the seldom considered idea of God and a return to chaos and the essay on the Confessions of Jeremiah examines not the words that this extraordinary prophet was given by God to preach but what he himself felt and experienced in the office to which he was called One essay on Biblical and theological themes includes a translation into the African language of Lingala which weaves together the story of early Christianity with the more recent founding of churches in Africa and Asia Jack R Lundbom argues eloquently through these essays that theology is rooted in biblical words in themselves in rhetoric and their different contexts

Biblical Theology of the Old and New Testaments Brevard S. Childs, 1993 This monumental work is the first comprehensive biblical theology to appear in many years and is the culmination of Brevard Childs's lifelong commitment to constructing a biblical theology that surmounts objections to the discipline raised over the past generation Childs rejects any approaches that overstress either the continuity or discontinuity between the Old and New Testaments He refuses to follow the common pattern in Christian thought of identifying biblical

theology with the New Testament's interest in the Old. Rather, Childs maps out an approach that reflects on the whole Christian Bible with its two very different voices, each of which retains continuing integrity and is heard on its own terms.

Beyond New Testament Theology Heikki Räisänen, 2012 *Reclaiming the Old Testament* Gordon Zerbe, 2018-07-10

This festschrift honors one of the most important Old Testament scholars in the modern Mennonite tradition, and the essays produced by colleagues and former students reflect Janzen's influence and productivity as both a scholar and a teacher.

Scriptures and Other Essays Heikki Räisänen, 2017-12-01. The essays by Heikki Räisänen (1941–2015) collected in this volume deal with a broad array of topics ranging from early Christian identities to bibliodrama and other modern-day approaches to the scriptures. The exegetical studies in the first part explore issues related to early Christian eschatology, virgin conception, and Paul's complex argumentation about the Jews and their salvation in Romans 9–11. The essays on ancient and modern interpretations of the Bible in the second part pay special attention to ethical issues, address the dark sides of its reception, and discuss the biblical interpretations of Marcion and Joseph Smith. The third section comprises studies on the Bible and Qur'an, while the concluding chapter provides a comprehensive description of the Bible as scripture from a comparative perspective.
