Beyond Survival Building On The Hard Times A Pows Inspiring Story:

Beyond Survival Gerald Coffee, 2013-10-23 When life loses its meaning when suddenly the world is turned upside down when there is nothing left that resembles life as we've known it where do we find the strength and sustenance to go on For naval aviator Jerry Coffee and others who were held as prisoners of war in North Vietnam there was only one choice to go within Beyond Survival is a journey into the invincible human spirit that unites heart and mind in a compelling and unforgettable experience Drawing from his seven years as a POW Captain Coffee provides timeless lessons that apply to the physical emotional and ethical challenges of everyday life Proving that leadership and creativity are possible in difficult and uncertain circumstances Captain Coffee offers a message we can draw on in any trying situation His story demonstrates that conviction must come from within and in telling that story he touches the place inside of us where growth begins Beyond Survival is a positive statement about love and commitment in the midst of war and division It contrasts the cold reality of war degradation and torture with the warmth of human connections inner serenity and kinship with all of life It poignantly illustrates that to be stripped of everything that is familiar and by which we identify ourselves leaves us with only what unites us our human identity It conveys truths about relationships at every level with ourselves with others with our country and with our God Without inflaming the wounds inflicted by America's involvement in Vietnam Beyond Survival explores an issue at the heart of every free society the willingness of ordinary individuals to maintain a passion for freedom so compelling that adversity strengthens rather than weakens personal resolve in the worst of circumstances Through Gerald Coffee's story you will discover the universal principles of survival and triumph that empower anyone to overcome adversity The Unlikely War Hero Marc Leepson, 2024-12-17 What a strange fascinating and ultimately powerful account of one man's endurance of life as a POW during the American war in Vietnam This book I believe will stand the test of time as one of the finest nonfiction narratives to emerge from the Vietnam War Tim O'Brien author of The Things They Carried On April 6 1967 twenty year old U.S. Navy Seaman Apprentice Doug Hegdahl fell off his ship a guided missile cruiser in the Gulf of Tonkin Close to exhaustion after nearly four hours in the water he was picked up by a small fishing boat and soon found himself in Hanoi Prison the notorious North Vietnamese POW camp the prisoners called the Hanoi Hilton Under intense interrogation Hegdahl pretended to be a country bumpkin who could barely read or write His captors fell for the ruse calling him The Incredibly Stupid One But Doug Hegdahl was far from stupid Possessing a razor sharp memory during the next two years he memorized the names of 254 fellow prisoners and senior officers ordered him to accept an early release After coming home in August 1969 Hegdahl shocked his debriefers by rattling off the names of the men Hanoi had admitted holding only a few dozen although the U.S. military had reliable intel on scores of others With Hegdahl's names 63 missing servicemen were reclassified to Prisoners of War But that's not all In addition to divulging the names Doug Hegdahl told the Pentagon about the systematic torturing of the American POWs in Hanoi and reported many other hitherto unknown details about life inside

the Hanoi POW camps The new information became an important factor in North Vietnam's fall 1969 decision to make life immeasurably easier for the 500 plus POWs held in Hanoi and assuaged the doubts and fears of dozens of POW families In a vividly written book based on archival research personal interviews and his experiences in the Vietnam War Marc Leepson for the first time tells the incredible tale of the youngest and lowest ranking American POW captured in North Vietnam Doug Hegdahl has never been properly recognized for his extraordinary efforts and his story has never been fully told It's a story of survival has own and scores of POWs As a U S Navy historian put it the North Vietnamese made a bad mistake when they released Seaman Doug Hegdahl Voices of the Vietnam POWs Craig Howes,1993-09-30 Unsure whether they would be greeted as traitors or heroes POWs returning from Vietnam responded by holding tight to their chosen motto Return with Honor We're giving the American people what they want and badly need heroes said a Vietnam jungle POW I feel it's our responsibility our duty to help them where possible shed the idea this war was a waste useless as unpopular as it may have been In the first book to explore the entire range of memoirs biographies and group histories published since America's Vietnam POWs returned home Craig Howes explores the development of a collective history He describes how these captives drew upon their national heritage to compose a unified common story while still in prison and how individual POWs have responded to this Official Story Examining what racial cultural and political assumptions support this shared Official Story Howes places the POWs experiences squarely in the center of American history and within those larger clashes of opinion and belief which characterized the nation's response to the Vietnam War The result is an engrossing study of what these captivity narratives can tell us about the POWs their captors and America's Vietnam legacy Dissenting POWs Tom Wilber,Jerry Lembcke,2021-04-22 Looking into the underlying factional divide between pro war hardliners and anti war dissidents among the POWs authors Wilber and Lembcke delve into the postwar American culture that created the myths of the Hero POW and the dissidents blamed for the loss of the war What they found was that it was the class backgrounds of the captives and their pre captive experience that drew the lines After the war the hardcore hero holdouts like John McCain moved on to careers in politics and business while the dissidents faded from view as the antiwar movement that might otherwise have championed them disbanded **Honor Bound** Stuart I. Rochester,Frederick T. Kiley,1998 Honor Bound is the result of a fruitful collaboration between Stuart I Rochester and Frederick Kiley In examining the lives of the prisoners in captivity it presents a vivid sensitive sometimes excruciating account of how men sought to cope with the physical and psychological torment of imprisonment under wretched and shameful conditions It includes insightful analyses of the circumstances and conditions of captivity and its varying effects on the prisoners the strategies and tactics of captors and captives the differences between captivity in North and South Vietnam and between Laos and Vietnam and analysis of the quality of the source materials for this and other works on the subject *Voices from Captivity* Robert C. Doyle,1994 Doyle shows that though setting and circumstances may change POW stories share a common structure and are driven by similar

themes Capture incarceration isolation propaganda torture capitulation or resistance death spiritual quest escape liberation and repatriation are recurrent key motifs in these narratives *The American P.O.W. experience* , *Caged Heroes* Jon Couch,2011 *The Longest Rescue* Glenn Robins,2013-09-20 While serving as a crew chief aboard a U S Air Force Rescue helicopter Airman First Class William A Robinson was shot down and captured in Ha Tinh Province North Vietnam on September 20 1965 After a brief stint at the Hanoi Hilton Robinson endured 2 703 days in multiple North Vietnamese prison camps including the notorious Briarpatch and various compounds at Cu Loc known by the inmates as the Zoo No enlisted man in American military history has been held as a prisoner of war longer than Robinson For seven and a half years he faced daily privations and endured the full range of North Vietnam s torture program In *The Longest Rescue* The Life and Legacy of Vietnam POW William A Robinson Glenn Robins tells Robinson s story using an array of sources including declassified U S military documents translated Vietnamese documents and interviews from the National Prisoner of War Museum Unlike many other POW accounts this comprehensive biography explores Robinson s life before and after his capture particularly his estranged relationship with his father enabling a better understanding of the difficult transition POWs face upon returning home and the toll exacted on their families Robins s powerful narrative not only demonstrates how Robinson and his fellow prisoners embodied the dedication and sacrifice of America s enlisted men but also explores their place in history and memory "Aid and Comfort" Henry Mark Holzer,Erika Holzer,2015-08-13 Jane Fonda s visit to Hanoi in July 1972 and her pro North Vietnamese anti American conduct especially her pose with an anti aircraft gun used to shoot down American planes and her propaganda broadcasts directed toward American troops angered many Americans In their eyes she was guilty of treason but she was never charged by the American legal system Instead she has made millions been the recipient of countless awards and remained an honored American icon This work investigates Fonda s activities in North Vietnam and argues that she could have been indicted for treason that there would have been enough evidence to take the case to a jury that she could have been convicted and that a conviction probably would have been upheld on appeal It also considers Fonda s early life and the effect it had on her behavior and beliefs in her later years her audience of American POWs who were forced by the Vietnamese to listen to her broadcasts condemning them as war criminals her arrival in Vietnam and how it was viewed by American servicemen and civilians the crime of treason throughout history and the only Congressional inquiry into her actions which resulted in the government s decision to take no legal action against her Texts of Fonda s radio broadcasts to American servicemen comprise the appendix *Special Bibliography Series* ,1957

What in the World Are You Doing with Cancer? Hannah McGinnis,2013-10-03 Cancer Dont only old people and little kids get cancer How on earth did I get cancer Thats what Hannah McGinnis thought when she found out she had Hodgkins lymphoma as a twenty one year old college senior She didnt qualify for aid wigs or wish fulfillment programs like children under eighteen but she didnt feel old enough to be lumped in with middle aged women and men fighting cancer She found herself in the prime of life battling a formidable disease without warning and without resources for her situation in life In *What in the World Are You Doing with Cancer* McGinnis walks through her journey with the disease from her diagnosis to the final treatment and her later reflections She reveals her thoughts fears joys and struggles with a touch of sarcasm along the way Ultimately though the diagnosis was both surreal and frightening she found hope a deeper purpose and a faithful God McGinnis encourages us whether we have cancer or not to remember that God is sovereign to finish strong and to find the eternal perspective in whatever unexpected trials we may face *Audio Video*

Frankum Jr.,2011-06-10 For Southeast Asia the Vietnam War altered forever the history topography people economy and politics of the Democratic Republic of Vietnam DRV the Republic of Vietnam RVN Cambodia and Laos That the war was controversial is an understatement as is the notion that the war can be understood from any one perspective One way of understanding the Vietnam War is by marking its time with turning points both major and minor that involved events or decisions that helped to influence its course in the years to follow By examining a few of these turning points an organizational framework takes shape that makes understanding the war more possible *Historical Dictionary of the War in Vietnam* emphasizes the international nature of the war as well as provide a greater understanding of the long scope of the conflict The major events associated with the war will serve as the foundation of the book while additional entries will explore the military diplomatic political social and cultural events that made the war unique While military subjects will be fully explored there will be greater attention to other aspects of the war All of this is done through a chronology an introductory essay an extensive bibliography and over 600 cross referenced dictionary entries This book is an excellent access point for students researchers and anyone wanting to know more about the Vietnam War *Library Journal* ,1990 **Captured: An American Prisoner of War in North Vietnam (Scholastic**
