**Youth Contact Sports**

**and Broken Brains** Bruce Parkman,2022-09-26 A young athlete goes down Our knees go weak We hold our breath The seconds stretch into minutes but finally the athlete rises We cheer The athlete rubs their head then bravely plays on We breathe again No damage done Or so we think How familiar is this sight to parents and families around the country How many times a week does this take place Sports related injuries suffered by child athletes often go unreported and undiagnosed Here in Youth Contact Sports And Broken Brains Bruce Parkman tells the story of his athletic son Mac Parkman and how his repetitive exposure to concussive subconcussive trauma caused him to silently suffer with depression schizophrenia and suicidality before taking his life at the age of 17 Sports have a long history in society and the discussion of these issues may seem an unwelcome cultural shift but in Youth Contact Sports And Broken Brains Bruce Parkman takes a logical and scientific approach to linking mental illness with concussive subconcussive trauma suffered by young athletes in contact sports Mac s story and the family s vulnerability are powerful and followed by undeniable science Youth Contact Sports And Broken Brains breaks down the science of brain development repetitive brain trauma and their links to mental illness while giving parents the information they need to keep their children safe when participating in contact sports It is important to know The human brain is not designed to handle repetitive trauma Concussive subconcussive trauma cannot be

prevented by wearing helmets or pads The exposure of a developing brain to subconcussive and concussive trauma can cause significant impact to the brain's structure which over time can lead to cognitive and behavioral challenges including mental illness Repeated episodes of concussive subconcussive trauma can cause significant changes to the structure and function of the brain in a condition known as Chronic Traumatic Encephalopathy CTE Every child that plays a contact sport will suffer subconcussive trauma at every practice and game Any damage done to the brain cannot be accurately assessed and its impacts will not be seen for years or decades after being damaged There are forms of non contact sports and numerous athletic activities for kids to enjoy let them be kids This book and The Mac Parkman Foundation was formed out of the loss of a great young man to suicide at the age of 17 after struggling with mental illness caused by prolonged exposure to concussive and subconcussive trauma from contact sports at a young age Proceeds from this book will directly fund research and education on the links between concussive subconcussive trauma and mental health surrounding contact sports and youth athletes

*Community of the Transfiguration* Paul R. Dekar, 2008-02-01 In the 1930s German theologian Dietrich Bonhoeffer anticipated the restoration of the church after the coming second world war through a new kind of monasticism a way of life of uncompromising adherence to the Sermon on the Mount in imitation of Christ Since then the renewal of Christian monasticism has become a great spiritual movement Imbued with a love for God and neighbor and with a healthy self love people are going to monasteries to deepen their relationship with God to pray and to find peace While some monastic institutions are suffering a decline in traditional vocations many Christians are exploring monastic lifestyles This book introduces The Community of the Transfiguration in Australia the story of a new monastic community and an inspiring source of hope for the world at another time of spiritual social and ecological crisis

Abdur-Rahman,2024-01-05 In Millennial Style Aliyyah I Abdur Rahman looks at recent experiments in black expressive culture that begin in the place of ruin By ruin Abdur Rahman means the political terror and social abjection that constitute the ongoing peril of black lives Whereas earlier black writers and artists have employed realist modes of expression to represent racial harm and to imaginatively remediate it the black avant garde of today displays more experimental methods Abdur Rahman outlines four widely employed modes in contemporary African diasporic cultural production Black Grotesquerie Hollowed Blackness Black Cacophony and the Black Ecstatic Mobilizing black feminist and black radical thought she considers work by such cultural practitioners as Wangechi Mutu Marci Blackman Alexandria Smith Colson Whitehead Toni Morrison Harmony Holiday and Essex Hemphill Writerly and experimental Millennial Style theorizes contemporary black art as the holding or hoarding of black mortal and material resources against the injuries of social death as the fashioning of relational ethics and as exuberant black world building in ruinous times **The Cursed Quarry** Alice Arnold, Detective Lily Gray arrives in Havenwood a town clinging precariously to the side of a mountain its history etched into the very rock face She comes bearing the weight of a past she s struggling to outrun seeking solace and a chance to

rebuild her shattered life What she finds instead is a community steeped in secrets a place where the whispers of the past seem to cling to the very air a place where the line between folklore and reality is dangerously thin The disappearances initially dismissed as mere coincidence or the fanciful ramblings of superstitious locals quickly take on a more sinister tone under Lily s scrutiny The quarry a gaping maw in the earth looms large casting a long shadow over the town both literally and metaphorically It is a place of both beauty and dread a source of both sustenance and death a silent witness to the town s darkest secrets As Lily delves deeper into the mystery she uncovers a web of interconnected lives fractured relationships and long buried truths that some would kill to protect The closer she gets to the truth the more she realizes that the tranquil facade of Havenwood masks a sinister reality a reality far more terrifying than any local legend could ever prepare her for This is a story of resilience determination and the courage to face the darkness both within and without It is a story of uncovering truth in the face of deception of confronting your own demons while battling the forces of evil that threaten to engulf a whole town Prepare to enter a world where the whispers of the past become screams in the present and where the shadows hold the key to unlocking a chilling truth
