

Beyond Choice Reproductive Freedom In The 21st Century

**Burns H. Weston, Richard A.
Falk, Hilary Charlesworth**

Beyond Choice Reproductive Freedom In The 21st Century:

Beyond Choice Alexander Sanger, 2005-07-06 Thirty years after Roe v Wade the argument between pro choicers and pro lifers has reached stalemate Pro choice arguments haven't persuaded a comfortable majority that legal abortion is vital to our society nor addressed our moral qualms Younger people are less and less supportive of reproductive rights Since 1996 state legislatures have enacted nearly 300 pieces of anti choice legislation With Roe in jeopardy International Planned Parenthood Council Chair Alexander Sanger asks a simple but heretical question How many more pieces of anti choice legislation will it take to get the pro choice movement to rethink its approach to the issue In *Beyond Choice* Sanger explores the history of the reproductive rights movement to discover how it got stuck in its thinking and then provides a convincing new argument for the moral rightness of its cause He shows why it is vital to the health and survival of the human race that couples be able to have children or not when they choose why reproductive rights are just as important to men as to women and why in an era of new reproductive technologies completely unfettered choice is not morally defensible *Beyond Choice* is inspiring and important reading for women's rights advocates opinion leaders medical ethicists and anyone concerned to preserve our freedom to reproduce or not without government intervention

Beyond Choice Alexander Sanger, 2005-09-01 The world has changed but the pro choice position hasn't Now an internationally renowned pro choice advocate and grandson of Margaret Sanger offers a compelling new basis for keeping abortion legal

God in the Corridors of Power Michael Ryan, Les Switzer, 2009-08-25 *God in the Corridors of Power* Christian Conservatives the Media and Politics in America is a comprehensive study of Christian conservative power in America's political culture how it was achieved how it is maintained and where it is going It came about in part because of an enduring influence in the school room the seminary and in the pulpit and in part because conservatives are so skilled at using commercial and non commercial media including religious media to disseminate their views to broader audiences Though their power has waxed and waned they continue to be a potent force in public policy today The authors argue that the astonishing electoral successes of Christian conservatives at all levels of national state and local government was made possible by linking political social media and religious interests with an emerging consensus about what constitutes a conservative mindset in American politics Christian conservatives unquestionably have been the most significant component in a coalition of religious conservatives traditionalist conservatives and neoconservatives that has driven the Republican Party now for almost two generations This multifaceted understanding of Christian conservative activists in religion and politics traces the impact Christian conservatives have had on American Christianity as a whole while also examining the limitations imposed on the Christian conservative agenda by American civil religion the Constitution and case law The authors explore women's reproductive rights in the debate over contraception and abortion and gay civil rights in the debate over gay marriage and family rights The debate over intelligent design and evolution is examined in the context of the campaign to transform public

school education The run up to the wars in Afghanistan and Iraq is scrutinized against the background of the declared war on terrorism While the conservative religious and secular coalition within the Republican Party began to fragment even before the end of George W Bush s first term in office it remained a powerful force in the 2004 and 2008 elections The book concludes with some thoughts about the impact of Christian conservatives in politics media and religion in the future

Procreative Ethics Fritz Oehlschlaeger,2010-01-01 Procreative Ethics addresses questions at the beginning of life from a point of view that is alternatively philosophical and Christian The author seeks to defend philosophically some positions taken partly on Christian grounds while also trying to make the implications of Christian convictions intelligible to those who do not necessarily share those convictions The author positions himself neither as a moral friend nor moral stranger preferring instead the role of moral acquaintance to his audience From that position the goal is to find areas of fruitful agreement while clarifying differences that may lead to truer reconciliations further on in the conversation The book opens with an attempted natural law defense of artificial contraception devotes four chapters to criticism of current defenses of abortion and then takes up in six remaining chapters such matters as genetic enhancement of children the justice or injustice of genetic revision the harm conundrum or non identity problem designing for disability and reproductive cloning **Bitch** ,2006

Pro-Life, Pro-Choice Bertha Manninen,2014-07-01 In this provocative and accessible book the author defends a pro choice perspective but also takes seriously pro life concerns about the moral value of the human fetus questioning whether a fetus is nothing more than mere tissue She examines the legal status of the fetus in the recent Personhood Amendments in state legislatures and in Supreme Court decisions and asks whether Roe v Wade should have focused on the viability of the fetus or on the bodily integrity of the woman Manninen approaches the abortion controversy through a variety of perspectives and ethical frameworks She addresses the social circumstances that influence many women s decision to abort and considers whether we believe that there are good and bad reasons to abort Manninen also looks at the call for post abortion fetal grieving rituals for women who desire them and the attempt to make room in the pro choice position for the views of prospective fathers The author spells out how the two sides demonize each other and proposes ways to find degrees of convergence between the seemingly intractable positions **Conscience** ,2003 *The Changing Voice of the*

Anti-Abortion Movement Paul Saurette,Kelly Gordon,2015-01-01 In *The Changing Voice of the Anti Abortion Movement* Paul Saurette and Kelly Gordon suggest that anti abortion activism increasingly presents itself as pro women employing rhetorical tactics to present the anti abortion position as more feminist than pro choice feminism **International Law and World Order** Burns H. Weston,Richard A. Falk,Hilary Charlesworth,2006 Weston Falk Charlesworth and Strauss s *International Law and World Order* is a problem oriented coursebook that poses four clusters of world order problems that require students to identify and frame legal issues in factual context It enables students to Determine the relevance of information Organize relevant law and policy Test their analytical skills Develop a critical understanding of the possibilities of

international law Explore the nature of international law and the structure of its processes Examine the relationship of international law and lawyers to the world order The text focuses on the current work of the International Criminal Tribunals for the Former Yugoslavia and Rwanda Comprises a series of hypothetical problems involving fictional countries in real world decision making settings organized around themes that conveniently cluster the principal challenges to the cu **Sex and Consequences** Phillip B. Levine, 2004 This book represents the most thorough examination I ve seen on the effects of abortion policy on reproductive choice **After Misogyny** Julie C. Suk, 2023-04-11 A rigorous analysis of systemic misogyny in the law and a thoughtful exploration of the tools needed to transcend it through constitutional change beyond litigation in the courts Just as racism is embedded in the legal system so is misogyny even after the law proclaims gender equality and criminally punishes violence against women In After Misogyny Julie C Suk shows that misogyny lies not in animus but in the overempowerment of men and the overentitlement of society to women s unpaid labor and undervalued contributions This is a book about misogyny without misogynists From antidiscrimination law to abortion bans the law fails women by keeping society s dependence on women s sacrifices invisible Via a tour of constitutional change around the world After Misogyny shows how to remake constitutional democracy Women across the globe are going beyond the antidiscrimination paradigm of American legal feminism and fundamentally resetting baseline norms and entitlements That process what Suk calls a constitutionalism of care builds the public infrastructure that women s reproductive work has long made possible for free

Abortion Melody Rose, 2008-01-30 This thought provoking reference work explores the evolution of America s heated abortion debate in a selection of over 40 primary documents from the 19th century to the present day The guide includes not only key laws and court cases that have determined abortion policy but also political speeches medical essays theological writings newspaper advertisements magazine articles and popular books that offer insight into America s changing attitudes towards women race the medical field and the role of government in its citizens personal lives Each document is preceded by an introduction and is followed by analysis to help readers understand its significance and historical context Today abortion is America s most contentious political and religious rallying point Yet 150 years ago it was a virtual non issue quietly performed for centuries by women and mid wives What changed This thought provoking reference work explores the evolution of America s abortion debate in a balanced selection of over 40 primary documents by doctors feminists religious leaders politicians extremists and judges from the 19th century to the present day This guide not only examines the key laws and court cases like Roe v Wade and the Partial Birth Abortion Ban that have determined abortion policy but offers insight into America s changing attitudes towards women race the medical field and the role of government in its citizens personal lives Memoirs of early abortion providers excerpts from popular women s self help books the complete text of Pope Paul VI s Humanae Vitae and personal writings from key liberal and conservative figures on both sides of the debate provide a more complete picture of an issue that is deeply personal deeply divisive and anything but clear cut A straightforward and

accessible book ideal for both students and general readers looking to expand their understanding of one of the most complicated and still unresolved issues of our day Each excerpt is preceded by a brief explanation of its significance and followed by author analysis to help readers understand its implications and the historical context in which it was written Readers gain direct access to America's most important legal papers and transcripts on abortion complimented by a well rounded view of the public beliefs and sentiments that have fueled abortion debates Suggestions for further reading conclude each chapter perfect for research or to guide interested readers in their search for material The front matter includes a Timeline of major events in abortion history and the back matter offers a Bibliography of 50 titles on abortion and over 30 Web links

Encyclopedia of Women and American Politics, Third Edition Lynne Ford, 2021-07-01 Encyclopedia of Women and American Politics Third Edition contains all the material a reader needs to understand the role of women throughout America's political history This informative A to Z volume contains hundreds of entries covering the people events and terms involved in the history of women and politics Entries include Abortion Alexandria Ocasio Cortez The birth control movement Black Lives Matter Hillary Rodham Clinton Deb Haaland Domestic violence Equal Rights Amendment ERA Glass ceiling League of Women Voters MeToo movement Michelle Obama Sonia Sotomayor Elizabeth Warren and many more

Civil Disobedience Mary Ellen Snodgrass, 2015-04-08 Throughout American history people with strong beliefs that ran counter to society's rules and laws have used civil disobedience to advance their causes From the Boston Tea Party in 1773 to the Pullman Strike in 1894 to the draft card burnings and sit ins of more recent times civil disobedience has been a powerful force for effecting change in American society This comprehensive A Z encyclopedia provides a wealth of information on people places actions and events that defied the law to focus attention on an issue or cause It covers the causes and actions of activists across the political spectrum from colonial times to the present and includes political social economic environmental and a myriad of other issues Civil Disobedience ties into all aspects of the American history curriculum and is a rich source of material for essays and debates on critical issues and events that continue to influence our nation's laws and values It explores the philosophies themes concepts and practices of activist groups and individuals as well as the legislation they influenced It includes a detailed chronology of civil disobedience listings of acts of conscience and civil disobedience by act and by location a bibliography of primary and secondary sources and a comprehensive index complete the set

The Abortion Debate Johannah Haney, 2009-01-01 Examines the debate over abortion discussing both the pro life and pro choice sides of the argument the history and laws on abortion in the United States and finding a middle ground on the issue Provided by publisher

Abortion Rights Backlash Alison Brysk, 2025-02-15 Reproductive rights are fundamental for the life freedom health and safety of over half the world's population Yet reproductive freedoms are under attack worldwide even where women have achieved political rights and workplace participation According to the World Health Organization about a third of pregnancies end in abortion but about half of abortions are unsafe resulting in tens of thousands of deaths each year

Why are abortion rights backsliding even in developed democracies? Why do some modern societies progress toward reproductive freedoms while others regress or stagnate? And what can the struggle for reproductive rights teach us about broader movements for human rights and gender justice? In *Abortion Rights Backlash*, Alison Brysk shows how threats to reproductive rights stem from a gendered political struggle over declining democracy, national identity, and widening inequality due to globalization. Formerly dominant groups facing social and economic crisis promote reactionary nationalist ideologies built around patriarchy, race, and religion as they seek to control population politics. Brysk demonstrates that this is a global phenomenon, comparing the diverging experiences of the politics of abortion in Ireland, Poland, Argentina, Brazil, and the United States. California vs. Texas: Timely and pathbreaking in its global perspective and feminist analysis, *Abortion Rights Backlash* transforms our understanding of human rights, the future of democracy, and the struggle for gender justice worldwide.

A Public Faith Miroslav Volf, 2011-08-01. Covering such timely issues as witness in a multifaith society and political engagement in a pluralistic world, this compelling book highlights things Christians can do to serve the common good. Now in paperback. Praise for the cloth edition: Named one of the Top 100 Books and one of the Top 10 Religion Books of 2011 by Publishers Weekly. Accessible, wise guidance for people of all faiths. Publishers Weekly starred review. Highly original. The book deserves a wide audience and is one that will affect its readers well after they have turned the final page. Christianity Today 5 star review.

Abortion in the United States Dorothy E. McBride, Jennifer L. Keys, 2018-07-20. Distinctive in its use of two disciplinary lenses, sociology and political science, *Abortion in the United States* provides a balanced scholarly analysis of the most salient issues in the pro-life/pro-choice debate. According to the CDC, more than 660,000 legal abortions were performed in the United States in 2013, yet despite these numbers—or perhaps because of them—the abortion war rages on in state legislatures, in Congress, and in courtrooms. This work offers an eye-opening look at the enduring cultural clash between reproductive rights activists who have argued that access to safe legal abortion is critical for ensuring women's equality, and impassioned activists seeking to overturn *Roe v. Wade* who fervently believe that abortion is unethical. Written for high school and college students as well as for general audiences seeking to better understand opposing viewpoints, it gives readers essential background information and addresses persistent questions regarding the abortion debate. The new Perspectives chapter features the compelling voices of those engaged in the front lines of this battle alongside those of scholars from a range of disciplinary perspectives. Notable activists and leading advocacy groups are profiled, followed by the latest data on abortion rates and public opinion. Carefully curated documents and recommended news outlets, websites, documentaries, and academic readings invite continued exploration.

The Bioarchaeology of Socio-Sexual Lives Pamela L. Geller, 2016-07-28. This volume uses bioarchaeological remains to examine the complexities and diversity of past socio-sexual lives. This book does not begin with the presumption that certain aspects of sex, gender, and sexuality are universal and longstanding. Rather, the case studies within extend from Neolithic Europe to pre-Columbian

Mesoamerica to the nineteenth century United States highlight the importance of culturally and historically contextualizing socio sexual beliefs and practices The Bioarchaeology of Socio Sexual Lives highlights a major shortcoming in many scholarly and popular presentations of past socio sexual lives They reveal little about the ancient or historic group under study and much about Western society s modern state of heteronormative affairs To interrogate commonsensical thinking about socio sexual identities and interactions this volume draws from critical feminist and queer studies Reciprocally bioarchaeological studies extend social theorizing about sex gender and sexuality that emphasizes the modern conceptual and discursive Ultimately The Bioarchaeology of Socio Sexual Lives invites readers to think more deeply about humanity s diversity the naturalization of culture and the past s presentation in mass media communications

The Comprehensive Guide to Science and Faith William A. Dembski, Casey Luskin, Joseph M. Holden, 2021-10-05 Science and Faith Can and Do Support Each Other Science and Christianity are often presented as opposites when in fact the order of the universe and the complexity of life powerfully testify to intelligent design With this comprehensive resource that includes the latest research you ll witness how the findings of scientists provide compelling reasons to acknowledge the mind and presence of a creator Featuring more than 45 entries by top caliber experts you ll better understand how scientific concepts like intelligent design are supported by evidence the scientific findings that support the history and accounts found in the Bible the biases that lead to scientific information being presented as a challenge rather than a complement to Christianity Whether you re looking for answers to your own questions or seeking to explain the case for intelligent design to others The Comprehensive Guide to Science and Faith is an invaluable apologetic tool that will help you explore and analyze the relevant facts research and theories in light of biblical truth

The Enigmatic Realm of **Beyond Choice Reproductive Freedom In The 21st Century**: Unleashing the Language is Inner Magic

In a fast-paced digital era where connections and knowledge intertwine, the enigmatic realm of language reveals its inherent magic.
