

What the experts are saying about James Grosjean's
new book, *Beyond Counting: Exploiting Casino Games
from Blackjack to Video Poker:*

"Beyond Counting, by newcomer James Grosjean, is like no other casino gaming text I have ever read — and I've read quite a few! It is rare for a relatively unknown author to burst onto the scene with the brilliance that Grosjean has shown in his first endeavor. His mathematical abilities are, unquestionably, first-rate, and his insights into the various games he studies are fresh, original, and unerringly accurate. There is so much material that is new and exciting, you won't know where to begin in your desire to digest it all. I predict that Grosjean will be with us for a long time and that Beyond Counting will be hailed by the critics as one of the finest and most innovative casino gambling works ever published."

—Don Schlesinger
author of *Blackjack Attack*

"This book [Beyond Counting] establishes [James Grosjean] as an expert on casino gambling at the very top of the upper echelons of expertise. I cannot begin to praise this work highly enough, nor begin to describe the value contained within its pages for professional players..."

—Arnold Snyder
