JPod By Douglas Coupland:

JPod Douglas Coupland, 2008-12-10 JPod Douglas Coupland's most acclaimed novel to date is a lethal joyride into today's new breed of tech worker Ethan Jarlewski and five co-workers whose surnames begin with J are bureaucratically marooned in JPod, a no-escape architectural limbo on the fringes of a massive Vancouver game design company. The JPodders wage daily battle against the demands of a boneheaded marketing staff who daily torture employees with idiotic changes to already idiotic games. Meanwhile, Ethan's personal life is shaped or twisted by phenomena as disparate as Hollywood marijuana grow ops, people smuggling, ballroom dancing, and the rise of China. JPod's universe is amoral, shameless, and dizzyingly fast-paced like our own. Praise for JPod: JPod is a sleek and necessary device, the finely tuned output of an author whose obsolescence is thankfully years away. *New York Times Book Review*. It's to Coupland's credit that in JPod he's still nimble enough to take the post-modern man too young for Boomer nostalgia and too old for youthful idealism and drown his sorrows in a willful joyful satire that revels in the same cultural conventions that it sends up. *Rocky Mountain News*. It's time to admire Coupland's virtuoso tone and how he has refined it over 11 novels. The master ironist just might redefine E.M. Forster's famous dictate: Only connect for the Google age. *USA Today*. Zeitgeist surfer Douglas Coupland downloads his brain into JPod. *Vanity Fair*.

Douglas Coupland Andrew Tate, 2013-07-19 This book is the first full-length study of Douglas Coupland, one of the twenty-first century's most innovative and influential novelists. The study explores the prolific first decade and a half of Coupland's career from *Generation X Tales for an Accelerated Culture* (1991) to *JPod* (2006), a period in which he published ten novels and four significant volumes of non-fiction. Emerging in the last decade of the twentieth century amidst the absurd contradictions of instantaneous global communication and acute poverty, Coupland's novels, short stories, essays, and visual art have intervened in specifically contemporary debates regarding authenticity, artifice, and art. This book explores Coupland's response in ground-breaking novels such as *Microserfs*, *Girlfriend in a Coma*, and *Miss Wyoming* to some of the most pressing issues of our times. Designed for students, researchers, and general readers alike, the study is structured around thematically focused chapters that consider Coupland's engagement with narrative, consumer culture, space, religion, and ideas of the future. *Encyclopedia of Contemporary Writers and Their Work*. Geoff Hamilton, Brian Jones, 2015-04-22 Presents an alphabetical reference guide detailing the lives and works of authors associated with the English language fiction of the twentieth and twenty-first centuries. *The Advocate*, 2006-06-20 The Advocate is a lesbian, gay, bisexual, transgender, LGBT monthly newsmagazine. Established in 1967, it is the oldest continuing LGBT publication in the United States. *JPod*.

Douglas Coupland, 2013-01-14 Willkommen im JPod. Teil einer riesigen Spieledesignfirma und als solche die tagtäglich Treppen für Ethan Jarlewski und seine fünf popkulturversehrten Programmiererkollegen. Die JPodder liegen mit ihrem Marketingteam im Clinch, das sie Tag für Tag mit idiotischen Änderungen in ohnehin schon idiotischen Spielen quält.

Humans at Work in the Digital Age Shawna Ross, Andrew Pilsch, 2019-12-05 *Humans at Work in the Digital Age* explores the roots of twenty first century cultures of digital textual labor mapping the diverse physical and cognitive acts involved and recovering the invisible workers and work that support digital technologies Drawing on 14 case studies organized around four sites of work this book shows how definitions of labor have been influenced by the digital technologies that employees use to produce interpret or process text Incorporating methodology and theory from a range of disciplines and highlighting labor issues related to topics as diverse as census tabulation market research electronic games digital archives and 3D modeling contributors uncover the roles played by race class gender sexuality and national politics in determining how narratives of digital labor are constructed and erased Because each chapter is centered on the human cost of digital technologies however it is individual people immersed in cultures of technology who are the focus of the volume rather than the technologies themselves *Humans at Work in the Digital Age* shows how humanistic inquiry can be a valuable tool in the emerging conversation surrounding digital textual labor As such this book will be essential reading for academics and postgraduate students engaged in the study of digital humanities human computer interaction digital culture and social justice race class gender and sexuality in digital realms the economics of the internet and technology in higher education

Writing the Postcolonial Nation: Contemporary Indian Voices in English Dr. Priyanka Singla , Dr. Hardeep Singh, 2024-04-12 In recent years the literature of India has seen a remarkable resurgence with writers exploring diverse themes and narratives that reflect the complexity of the postcolonial experience This edited volume *Writing the Postcolonial Nation: Contemporary Indian Voices in English* brings together a collection of essays that delve into the portrayal of postcolonial features in the works of contemporary Indian writers In the realm of literature the impact of colonialism on the cultural and social fabric of a nation is a topic that has garnered much attention and debate The echoes of colonial rule reverberate through the works of contemporary Indian writers in English as they grapple with the legacy of imperialism and its lasting effects on their identities and narratives This edited volume delves into the portrayal of postcolonial features in the works of these authors exploring how they navigate and negotiate the complexities of a postcolonial world The essays in this collection offer a multi faceted analysis of contemporary Indian writing in English examining the various ways in which writers engage with and subvert colonial discourse From reimagining

historical events to challenging traditional power structures these authors use their stories to reclaim and redefine their cultural identities in a postcolonial context Through a lens of postcolonial theory the contributors to this volume shed light on how Indian writers in English interrogate the legacies of colonialism and envision new possibilities for a decolonized future One of the central themes explored in this book is the notion of hybridity a concept that reflects the blending of multiple cultural influences and identities Indian writers in English often navigate this space of hybridity drawing from both indigenous traditions and Western literary forms to create works that are uniquely Indian yet globally resonant By embracing their diverse cultural heritage these authors challenge essentialist notions of identity and offer a nuanced understanding of postcolonial experience Another key focus of this volume is the concept of agency as seen through the portrayal of marginalized voices and perspectives in contemporary Indian literature Through the lens of post colonialism the contributors to this volume analyze how writers empower themselves and their communities through storytelling reclaiming their narratives from the confines of colonial discourse By centering the voices of the marginalized and dispossessed these authors challenge the dominant narratives of power and privilege and offer a counter narrative that speaks truth to power As editors of this volume we hope to contribute to the ongoing conversation surrounding post colonialism and contemporary Indian literature in English

It Takes a Storyteller to Know a Storyteller Julia Nikiel, 2023-01-23 If it is indeed impossible to think beyond capitalism then capital has become reality If global capitalism organizes reality through the stories it weaves capital is as strong as its fictions If capital is reality and capital is fiction then reality as such is fiction as well It is by reading this fiction for both patterns and inconsistencies that contemporary individuals can challenge global capital and unveil its hypocrisies and it is by fighting fiction with fiction i e projecting new realities such as those in the post millennial novels by William Gibson Douglas Coupland and Dave Eggers that people can imagine the world anew

The Advocate, 2006-06-20 The Advocate is a lesbian gay bisexual transgender LGBT monthly newsmagazine Established in 1967 it is the oldest continuing LGBT publication in the United States

The Routledge Companion to Experimental Literature Joe Bray, Alison Gibbons, Brian McHale, 2012-07-26 What is experimental literature How has experimentation affected the course of literary history and how is it shaping literary expression today Literary experiment has always been diverse and challenging but never more so than in our age of digital media and social networking when the very category of the literary is coming under intense pressure How will literature reconfigure itself in the future The Routledge Companion to Experimental Literature maps this expansive and multifaceted field with essays on the history of literary experiment from the beginning of the twentieth century to the present the impact of new media on literature including multimodal literature digital fiction and code poetry the development of experimental genres from graphic narratives and found poetry through to gaming and interactive fiction experimental movements from Futurism and Surrealism to Postmodernism Avant Pop and Flarf Shedding new light on often critically neglected terrain the contributors introduce this vibrant area define its current state and offer

exciting new perspectives on its future This volume is the ideal introduction for those approaching the study of experimental literature for the first time or looking to further their knowledge **The Literary Review**, 2007 The Spectator, 2006

The Oxford Handbook of Ecocriticism Greg Garrard, 2014 The Oxford Handbook of Ecocriticism provides a broad survey of the longstanding relationship between literature and the environment The moment for such an offering is opportune in many respects multiple environmental crises are increasingly inescapable at both transnational and local levels the role of the humanities in addition to technology and politics is increasingly recognized as central for exploring and finding solutions and the subject of ecocriticism has reached a kind of critical mass both within its Anglo American heartlands and beyond From its origins in the study of American Nature Writing and British Romanticism ecocriticism has developed along numerous theoretical historical cultural and geographical axes the most contemporary and exciting of which will be represented in the Handbook The contributors include eminent founders of the field including Cheryll Glotfelty and Jonathan Bate a number of key second wave ecocritics and the best up and coming scholars Topics covered include Green Shakespeare the Bard's subversive uses of the pastoral John Clare's sacred relationship with the land Thoreau's profound political passion the natural landscape as symbol of postcolonial resistance in works by Lessing Naipaul and Coetzee the relation between feminism and environmentalism language and the concept of biosemiotics and concerns over pollution and toxicity in films like Erin Brockovich Michael Clayton and Al Gore's An Inconvenient Truth The Encyclopedia of Twentieth-Century Fiction, 3 Volume Set Brian W. Spanish language in global publishing it appeals to publishers cultural agents and translators as well as to Canadianists and Translation Studies scholars By analyzing more than 100 sources of online and print reviews this volume covers a wide range of areas and offers an ambitious scope that goes from the institutional side of the Spanish Anglo Canadian exchange to issues on the insertion of CanLit in the Spanish curriculum from nation branding translation and circulation of Canadian authors in autonomous communities such as Catalonia to the official acknowledgement of some authors by the Spanish literary system Margaret Atwood and Leonard Cohen were awarded the prestigious Prince of Asturias prize in 2008 and 2011 respectively

Autofiction in English Hywel Dix, 2018-06-04 This innovative volume establishes autofiction as a new and dynamic area of theoretical research in English Since the term was coined by Serge Doubrovsky autofiction has become established as a recognizable genre within the French literary pantheon Yet unlike other areas of French theory English language discussion of autofiction has been relatively limited until now Starting out by exploring the characteristic features and definitions of autofiction from a conceptual standpoint the collection identifies a number of cultural historical and theoretical contexts in which the emergence of autofiction in English can be understood In the process it identifies what is new and distinctive about Anglophone forms of autofiction when compared to its French equivalents These include a preoccupation with the conditions of authorship writing after trauma and a heightened degree of authorial self reflexivity beyond that typically associated with postmodernism By concluding that there is such a field as autofiction in English it provides for the first time detailed analysis of the major works in that field and a concise historical overview of its emergence It thus opens up new avenues in life writing and authorship research

The Metareferential Turn in Contemporary Arts and Media Werner Wolf, 2011-01-01 One possible description of the contemporary medial landscape in Western culture is that it has gone meta to an unprecedented extent so that a remarkable meta culture has emerged Indeed metareference i e self reflexive comments on or references to various kinds of media related aspects of a given medial artefact or performance specific media and arts or the media in general is omnipresent and can nowadays be encountered in high art and literature as frequently as in their popular counterparts in the traditional media as well as in new media From the Simpsons pop music children s literature computer games and pornography to the contemporary visual arts feature film postmodern fiction drama and even architecture everywhere one can find metareferential explorations comments on or criticism of representation medial conventions or modes of production and reception and related issues Within individual media and genres notably in research on postmodernist metafiction this outspoken tendency towards metaization is known well enough and various reasons have been given for it Yet never has there been an attempt to account for what one may aptly term the current metareferential turn on a larger transmedial scale This is what *The Metareferential Turn in Contemporary Arts and Media* Forms Functions Attempts at Explanation undertakes to do as a sequel to its predecessor the volume *Metareference across Media* vol 4 in the series *Studies in Intermediality* which was dedicated to theoretical issues and transhistorical case studies Coming from diverse

disciplinary and methodological backgrounds the contributors to the present volume propose explanations of impressive subtlety breadth and depth for the current situation in addition to exploring individual forms and functions of metareference which may be linked with particular explanations As expected there is no monocausal reason to be found for the situation under scrutiny yet the proposals made have in their compination a remarkable explanatory power which contributes to a better understanding of an important facet of current media production and reception The essays assembled in the volume which also contains an introduction with a detailed survey over the possibilities of accounting for the metareferential turn will be relevant to students and scholars from a wide variety of fields cultural history at large intermediality and media studies as well as more particularly literary studies music film and art history **The Story of "Me"** Marjorie

Worthington, 2018-11-01 Autofiction or works in which the eponymous author appears as a fictionalized character represents a significant trend in postwar American literature when it proliferated to become a kind of postmodern cliché The Story of Me charts the history and development of this genre analyzing its narratological effects and discussing its cultural implications By tracing autofiction's conceptual issues through case studies and an array of texts Marjorie Worthington sheds light on a number of issues for postwar American writing the maleness of the postmodern canon and anxieties created by the supposed waning of male privilege the relationship between celebrity and authorship the influence of theory the angst stemming from claims of the death of the author and the rise of memoir culture Worthington constructs and contextualizes a bridge between the French literary context from which the term originated and the rise of autofiction among various American literary movements from modernism to New Criticism to New Journalism The Story of Me demonstrates that the burgeoning of autofiction serves as a barometer of American literature from modernist authorial effacement to postmodern literary self consciousness
