Jefferson A Novel By Max Byrd:

Jefferson Max Byrd,1993 In the magnificent tradition of Gore Vidal's *Lincoln* and Burr Max Byrd reveals a Thomas Jefferson we've never met before. It is 1784 and Jefferson, the newly appointed American ambassador to the court of Louis XVI and Marie Antoinette, had just arrived in Paris, a city adrift in intrigue, upheaval, and temptation that will challenge his principles, incite his passions, and change Thomas Jefferson forever. Through the eyes of his impressionable young secretary William Short, we watch as the future president builds his dream of an America with fellow patriots John Adams and Ben Franklin, and as he struggles between political ambition and an unexpected crisis of the heart with a woman who has the power to destroy him. And we discover behind the face the complex Virginian shows the world: an enigmatic statesman who fights for individual liberty even as he keeps the slave who champions free will even as he denies it to his daughters and who holds men to the highest standards of honor even as he embarks on a shadowy double life of his own. From the Paperback edition. *The Mississippi Quarterly*, 1994

The Parting Richard Barlow Adams, 2013-03-12 It is July 18, 1861, in Winchester, Virginia. The Civil War has begun, and Lieutenant John Pelham, formerly of the West Point Class of 1861, is about to play a pivotal role in the First Battle of Bull Run. The confident Lieutenant Pelham bears little resemblance to the seventy-year-old who journeyed alone five years earlier from Jacksonville, Alabama, to West Point, New York, to attend the United States Military Academy. As he immerses himself in West Point, both Pelham's life and his beloved country see substantial change. While Pelham and his classmates witness the unraveling of the Union and the birth of the Confederacy, Pelham meets Clara Bolton, a Philadelphia belle who captures his heart. All while Pelham and his compatriots are preparing for the reality of combat. Told against the backdrop of slavery and states' rights, the Democratic and Republican Parties, the fire eaters of the South, and the abolitionists of the North, *The Parting* portrays how profoundly historical events divided West Point's graduating class of 1861 on the eve of the Civil War, changing all of their lives forever.
