## **Jerusalem Chronicles From The Holy City By Guy Delisle:**

Jerusalem Guy Delisle, 2017-05-04 Guy Delisle expertly lays the groundwork for a cultural road map of contemporary Jerusalem utilizing the classic stranger in a strange land point of view that made his other books *Pyongyang* *Shenzhen* and *Burma Chronicles* required reading for understanding what daily life is like in cities few are able to travel to In *Jerusalem Chronicles* from the Holy City Delisle explores the complexities of a city that represents so much to so many He eloquently examines the impact of the conflict on the lives of people on both sides of the wall while drolly recounting the quotidian checkpoints traffic jams and holidays When observing the Christian Jewish and Muslim populations that call Jerusalem home Delisle's drawn line is both sensitive and fair assuming nothing and drawing everything *Jerusalem* showcases once more Delisle's mastery of the travelogue

Frames and Framing in Documentary Comics Johannes C.P. Schmid, 2021-02-24 *Frames and Framing in Documentary Comics* explores how graphic narratives reframe global crises while also interrogating practices of fact finding An analog print phenomenon in an era shaped by digitalization documentary comics formulates a distinct counterapproach to conventional journalism In what ways are facts being presented and framed What is documentary honesty in a world of fake news and post truth politics How can the stories of marginalized peoples and neglected crises be told The author investigates documentary comics in its unique relationship to framing graphic narratives are essentially shaped by a reciprocal relationship between the manifest frames on the page and the attention to the cognitive frames that they generate To account for both the textuality of comics and its strategic use as rhetoric the author combines theories of framing analysis and cognitive narratology with comics studies and its attention toward the medium's visual frames

**Moebius** Nicolas Labarre, 2025-01-15 Jean Giraud 1938-2012 started drawing comics in the late 1950s for a variety of French comics magazines Under his real name he found success in 1963 with the western series *Blueberry* written by Jean Michel Charlier and published in *Pilote* magazine In the 1970s he started producing science fiction works under the name of Moebius which brought him international success and which included works such as *Arzach* He died in 2012 as a global celebrity in the comics world and a major influence across visual media This first book length English language study of Moebius finally brings international attention to an artist whose influence on the medium was profound and immediate making him a role model for aspiring comics creators throughout his career He was widely imitated while at *Métal Hurlant* in the 1970s was prominent among the spiritual fathers of the comic book rebels in the 1990s and again an example for the independent artists identified as the new *bande dessinée* in France in the early 2000s Featuring close readings of key texts including *Blueberry* *The Airtight Garage* of Jerry Cornelius and *The Long Tomorrow* this volume examines Moebius's style and aesthetic achievement Notably the volume explores the tension between Giraud and Moebius one name for westerns the other for science fiction one name for the domestic market another as a global brand one name for the brush another for the pen one for the mainstream and the other for the underground Nicolas Labarre challenges

those dichotomies especially in the later phases of Moebius's career unveiling the complex evolution of this understudied but influential artist      *Muybridge* Guy Delisle,2025-04-29 How do you capture a changing world in the blink of an eye

**Factory Summers** Guy Delisle,2022-08-03 For three summers beginning when he was 16 cartoonist Guy Delisle worked at a pulp and paper factory in Quebec City *Factory Summers* chronicles the daily rhythms of life in the mill and the twelve hour shifts he spent in a hot noisy building filled with arcane machinery Delisle takes his noted outsider perspective and applies it domestically this time as a boy amongst men through the universal rite of passage of the summer job Even as a teenager Delisle's keen eye for hypocrisy highlights the tensions of class and the rampant sexism in all male workplace permits Guy works the floor doing physically strenuous tasks He is one of the few young people on site and furthermore gets the job through his father's connections a fact which rightfully earns him disdain from the lifers Guy's dad spends his whole career in the white collar offices working 9 to 5 instead of the rigorous 12 hour shifts of the unionized labor Guy and his dad aren't close and *Factory Summers* leaves Delisle reconciling whether the job led to his dad's aloofness and unhappiness On his days off Guy finds refuge in art a world far beyond the factory floor Delisle shows himself rediscovering comics at the public library and preparing for animation school only to be told on the first day There are no jobs in animation Eager to pursue a job he enjoys Guy throws caution to the wind Translated by Helge Dascher and Rob Aspinall      **Islam and the**

**West** Sadia Zulfiqar,2015-06-18 Islam like the West is not a homogenous monolith However Islam is most commonly represented in the West in terms of suicide bombing suppressed and veiled women and internal and external conflict These depictions of Islam suggest that the relationship between Islam and the West is and has always been one of hostility and hatred However this collection locates threads of connection and love between Islam and the West and argues that it is important to bring them to the forefront i      **The Best American Comics 2018** Phoebe Gloeckner,2018 Phoebe Gloeckner author of *The Diary of a Teenage Girl* picks the best graphic pieces of the year      *World Record Holders* Guy

Delisle,2022-08-09 Universally beloved cartoonist Guy Delisle showcases a career spanning collection of his work with a sly sense of humor and warm characterization Before Delisle became an international superstar with his globe hopping travelogues he was an animator experimenting with the comics form Always aware of the elasticity of the human form and honing his keen observer's eye young Delisle created hilarious set pieces *World Record Holders* ranges from wistful childhood nostalgia to chagrined post fame encounters touching on formally ambitious visual puns and gut busting what ifs Delisle again and again shows how life is both exhilarating and embarrassing Delisle visits an exhibition of his work in another country and is confronted by an angry spouse who blames him for destroying her marriage A juvenile game of Bows and Arrows turns menacing as arrows shot straight up in the air turn into barely visible missiles of death A coded message from space creates different reactions from different people debates dance festivals gallery shows Translated by Helge Dascher      **The Cambridge Companion to the Graphic Novel** Stephen E.
