Kiss Of Night Kiss Trilogy 1 By Debbie Vigui:

Kiss of Night Debbie Viguie, 2011-10-07 Centuries ago Raphael was a blasphemous knight who fought in the Crusades purely for his own mercenary benefit and to satisfy his taste for killing. Now condemned for his evil passions and hypocrisy, he wanders the earth a vampire cursed with first hand knowledge of the supernatural world he once denied existed. The powerful relic he still possesses from his days as a Crusader has been stolen by a rival vampire who has recruited an army of soulless underlings to aid him in spreading evil. At the time he learns this, Raphael has been hunting this vampire for nearly a century and it seems the final battle is destined to take place in Prague. For help in this quest, Raphael must enlist the aid of two humans, David and Susan, who suddenly find themselves immersed in a world they never imagined entangled with supernatural forces they can't control. Susan, in particular, finds herself conflicted as she struggles with her inexplicable attraction to Raphael. In the end, both Susan and Raphael will be called upon to exercise courage and faith, and in the process, the question "What would happen if a vampire truly accepted God?" is answered. **Kiss of Life** Debbie Viguie, 2013-08-06 The Baron has lived for hundreds of years a vampire who makes the most of his immortal life. Having personally learned the value of freedom, he has lately been using his exceptional fighting skills to assist the Union Army in the American War Between the States. When two ladies are kidnapped by ruthless guerrilla fighters who call themselves the Raiders, he agrees to help not just because he may be the only one who can save them, but because he owes a debt that he has been repaying for centuries. A companion short story to New York Times bestselling author Debbie Viguie's Kiss Trilogy, this e-book exclusive also includes an extended preview of the first novel in the series, *Kiss of Night: Encountering Enchantment*. Susan Fichtelberg, 2015-09-29 The most current and complete guide to a favorite teen genre, this book maps current releases along with perennial favorites, describing and categorizing fantasy, paranormal, and science fiction titles published since 2006. Speculative fiction continues to be of consuming interest to teens, so if you work with that age group, keeping up with the explosion of new titles in this category is critical. Likewise, understanding the many genres and subgenres into which these titles fall—wizard fantasy, alternate worlds, fantasy mystery, dystopian fiction, science fantasy, and more—is also key if you want to motivate young readers and direct them to books they'll enjoy. Written to help you master a complex array of genres and titles, this guide includes more than 1,500 books most published since 2006, organizing them by genre, subgenre, and theme. Subgenres growing in popularity, such as steampunk, are highlighted to keep you current with the latest trends. The guide will serve three audiences. Of course, you can turn to it as you help your teenage patrons select the books and genres that will interest them most. Teen readers, whether devoted fans or newcomers, can use it themselves to find titles and subgenres they might like. In addition, the guide will help teachers and parents match students with the right books.
