Julio's Day Gilbert Hernandez, 2013-04-20 It begins in the year 1900 with the scream of a newborn It ends 100 pages later in the year 2000 with the death rattle of a 100 year old man The infant and the old man are both Julio and Gilbert Hernandez's Julio's Day originally serialized in Love and Rockets Vol II but never completed until now is his latest graphic novel a masterpiece of elliptical emotional storytelling that traces one life indeed one century in a human life through a series of carefully crafted consistently surprising and enthralling vignettes There is hope and joy there is bullying and grief there is war so much war this is after all the 20th century there is love there is heartbreak This is very much a singular standalone story that will help cement Hernandez's position as one of the strongest and most original cartoonists of this or any other century

People's Choice Literature Tom Comitta, 2025-06-03 What do Americans truly want in a novel What would it look like if their preferences and aversions materialized in book form In People's Choice Literature Tom Comitta has taken up this challenge writing two groundbreaking

novels based on a nationwide poll about literary taste one featuring the story elements Americans most desire and another containing everything Americans despise The Most Wanted Novel is a fast paced thriller evoking page turners by Dan Brown David Baldacci and Janet Evanovich It follows a California woman pulled into a tech tycoon s apocalyptic ambitions after her brother s kidnapping teaming up with a hunky FBI agent with a tragic past The Most Unwanted Novel is a genre bending doorstopper an epistolary Christmas novel set on a near future Mars where elderly aristocratic tennis players scour the globe for lost love venturing from the coldest of arctic wastelands to the darkest caverns of the macabre Various recalling Kathy Acker C sar Aira and Philip K Dick it features sentient robots talking animals and a hundred page collection of horror stories People s Choice Literature is inspired by the artists Komar and Melamid who created two now infamous paintings based on opinion polling A similar experiment by Dave Soldier produced The Most Wanted Song and The Most Unwanted Song Comitta has adapted these methods to fiction drawing on readers preferences about everything from genre to verb tense to characters identity and incorporating machine learning data and passages written in collaboration with a large language model Audacious and shockingly entertaining People s Choice Literature also asks big questions about taste authorship and the notion of good writing
