C. Tristram, 2007 Speeding to the Millennium Joseph Natoli, 1998-04-02 Natoli offers observations from a postmodern point of view of American culture speeding toward the millennium in the years 1993 1995 a time sandwiched between mounting anxieties at the beginning of the nineties and the desperate final journey of the Heaven's Gate cult in the latter half of the decade Sometimes a whole life like the Unabomber's defies our logical grasp What motivated Susan Smith the mother who sent her two babies strapped into their car seats to the bottom of a lake Why did we pay so much attention to the O J Simpson trial Are we crawling toward our own end beyond the horizon of the New Millennium while at the same time thinking we are speeding to new positions in cyberspace Speeding to the Millennium reviews the headlines and seeks the Big Screen to give some framing to the disturbingly contingent to the seemingly senseless *Wild Belief* Nick Ripatrazone, 2021-05-18 Midway upon the journey of our life I found myself within a forest dark Dante's Inferno begins with imagery of the wilderness marked by darkness fear and the unknown In folktales legends and children's stories the wilderness is a place of conflict and exile Yet there is another spiritual tradition that embraces the complexities of the wilderness as a place of rejuvenation and wonder a place where Thomas Merton said man purges himself of sediments of society and becomes a new creature A book for those of us who revel in the beauty and mystery of the natural world *Wild Belief* brings together poets and prophets saints and storytellers from across the ages who share a common search for the spirit Their explorations of forests wetlands and deserts expose the wilderness as both a fearful and a sacred space a tension that aptly captures the unknown and surprising elements of belief As we join them on their search for the divine our eyes open to the possibilities of transformation to our most fundamental stories and to a fertile spirituality we can only find in the wild Great Short Books Kenneth C. Davis, 2023-09-19 An entertaining guide to some of the best short novels of all time looks at works from the eighteenth century to the present day
