Stephenie Meyer, 2015-06-05 The alien invasion is over and uh we kind of lost Oops The story opens with an alien parasite
being implanted into a human body They call the alien Wanderer and Wanderer s job is to access the memories of her host
body Melanie and tell the Seeker where to find more humans The thing is Wanderer starts liking Melanie More than that she
likes the way Melanie s memories of her hunky boyfriend Jared make her feel Wanderer wants to find Jared and Melanie s
brother Jamie herself To make sure they re safe and keep them that way Deciding to betray her species Wanderer sets off
into the desert and uses Melanie s memories to find Jared and Jamie s hideout Unfortunately she s not very good at resource
management She guzzles through their water supply way too fast and passes out from exhaustion in the desert Don t try this
at home kids Melanie s Uncle Jeb finds Wanderer Melanie in the desert and gives them a drink of life giving water They
revive only to find themselves confronted with a dozen or so angry alien hating humans With guns Dehydrating in the desert
is starting to look good after all She finds out that Jamie and Jared are still alive but Jared is so not happy to see her He
greets her with a backhand to the face Yikes Well it s not like Emily Post has an etiquette tip on what to do when your
girlfriend has been taken over by an alien parasite For all we know this might be the preferred method of action At least he
didn t shoot her Jeb doesn t want Wanderer Melanie dead though And since he s in charge what he says goes He puts
Wanderer Melanie into a tiny little prison cave where they keep her fed and watered like a scraggly houseplant until they
decide what to do with her Over the next few weeks Wanderer slowly acclimates to cave life and the humans kind of get used
to her too Jamie doesn t think she s half bad and becomes like a brother to her They start calling her by the less creepy name
of Wanda Wanda tells them stories of her lives on other planets One of the cave dwellers Ian might even be falling in love
with her Life is fairly calm for a bunch of alien resisting rebels Unfortunately Walter one of the cave dwellers has cancer and
is dying On his deathbed he mistakes Wanda for his deceased wife Gladys She goes along with it offering him comfort and
compassion until he dies This compassionate act endears her to Doc the cave s flamenco dancer Kidding he s a doctor Not all
the humans like her though Jared loves Melanie but still kind of hates Wanda Ian s brother Kyle hates her enough to try to
drown her in the bathing cave He doesn t succeed but Wanda refuses to let the others punish him She believes that most
humans are ruled by their anger and Kyle isn t any different One day Jared and Jamie return from a supply run It was Jamie s
first and he fell on his knife like a doofus His injury becomes infected and life threatening worse part about the alien invasion
zombie apocalypse no more penicillin so Wanda convinces Jared to take her to a healing facility in Tucson There Wanda
deceives the souls and steals their awesome drugs The legal healing kind Her heroism saves Jamie and everyone pretty much

loves her after that Except Kyle He s still a jerk Seeing the benefits to having Wanda on their side Jared takes her on a supply run She can shop in alien run stores without raising suspicion They return from a supply run and discover that the Seeker killed a cave dweller and has been taken hostage Wanda doesn t want the Seeker to be killed She believes she can save both the Seeker and the body she resides in Wanda performs a surgical procedure safely removing the Seeker It s much less gory than Doc s previous efforts which always resulted in the death of alien and host They put the Seeker in a cryotank and blast the Seeker into space Don t let the moon hit ya on the way out *La chimiste* Stephenie Meyer,2016-11-10
