Lee,2014-08-01 Creating Conservatism charts the vital role of canonical post World War II 1945 1964 books in generating guiding and sustaining conservatism as a political force in the United States Dedicated conservatives have argued for decades that the conservative movement was a product of print rather than a march a protest or a pivotal moment of persecution The Road to Serfdom Ideas Have Consequences Witness The Conservative Mind God and Man at Yale The Conscience of a Conservative and other mid century texts became influential not only among conservative office holders office seekers and well heeled donors but also at dinner tables school board meetings and neighborhood reading groups These books are remarkable both because they enumerated conservative political positions and because their memorable language demonstrated how to take those positions functioning in essence as debate handbooks Taking an expansive approach the author documents the wide influence of the conservative canon on traditionalist and libertarian conservatives By exploring the varied uses to which each founding text has been put from the Cold War to the culture wars Creating Conservatism generates original insights about the struggle over what it means to think and speak conservatively in America **Reagan's Children** Hans Zeiger,2006 Zeiger reveals why the generation born between 1981 and 1988 is uniquely positioned to carry on the conservatism faith and optimism of former President Ronald Reagan Why Conservatives Tell Stories and Liberals Don't David M Ricci,2015-12-03 Why do conservatives tell stories Because it helps them win elections and assail liberal policies like health care reform and economic stimulus Why is important but the what and the how behind the stories that conservatives tell are equally interesting and in this new book David Ricci reveals all He shows how conservative activists and candidates tell many tales that come together to project a large scale story a cultural narrative a vision of what America is and what it should do to prosper socially economically and politically Liberals by contrast tend to look for theories rather than stories for mathematical explanations rather than theological axioms for data rather than anecdotes and for statistics rather than homilies The difference is paradoxical Liberals are unlikely to fashion sweeping narratives that capture the public s attention and commitment Yet conservatives may tell attractive stories like the ones that got us into Iraq that momentarily capture voter support but end up costing the country more than it can afford

Dershowitz,2008-07-31 As defender of both the righteous and the questionable Alan Dershowitz has become perhaps the most famous and outspoken attorney in the land Whether or not they agree with his legal tactics most people would agree that he possesses a powerful and profound sense of justice In this meditation on his profession Dershowitz writes about life law and the opportunities that young lawyers have to do good and do well at the same time We live in an age of growing dissatisfaction with law as a career which ironically comes at a time of unprecedented wealth for many lawyers Dershowitz addresses this paradox as well as the uncomfortable reality of working hard for clients who are often without many redeeming qualities He writes about the lure of money fame and power as well as about the seduction of success In the process he conveys some of the tricks of the trade that have helped him win cases and become successful at the art and practice of lawyering **Logizomai** Kyle McDanell,2010-10-14 Logizomai is the Greek word meaning to reckon or to reason The Apostle John identifies Jesus as the Logos John 1 1 14 the Divine Word To most Christians in the West today Christianity is nothing more than a duty a feeling a name badge or something one does on Sunday s But Christianity is more than that Christianity is a complete worldview that makes sense of the world A right theology results in a right understanding of the world and the gospel is that right theology The Church is sick because she is shallow What we need is a logizomai faith a reasonable faith Such a reasonable faith encounters hardships with perseverance animosity with love and evangelism with Spirit filled skill Most refuse to share their faith because they don't understand it and are unable to articulate it If Christianity is logizomai then the issues we face today present no real challenge We must therefore learn to apply the truths of the gospel to our dying hurting world To do so we

must have reason rooted in the gospel and inspired by the cross
