Linfinito Viaggiare By Claudio Magris:

The Works of Claudio Magris: Temporary Homes, Mobile Identities, European Borders N. Pireddu, 2015-01-12 Italian scholar novelist journalist and philosopher Claudio Magris is among the most prominent of living European intellectuals This study is the first comprehensive critical analysis of Magris's corpus for an English speaking audience and addresses the crucial question of the return to humanism that is moving literature and theory forward **Firenze per Claudio Magris** Ernestina Pellegrini, Federico Fastelli, Diego Salvadori, 2021 Il volume raccoglie i contributi di studiosi dell'opera di Claudio Magris al fine di arricchire il dibattito critico con uno sguardo specifico alla dimensione interdisciplinare e al continuo dialogo della sua attività con le principali tradizioni letterarie europee Ne risulta uno studio complessivo sulla produzione narrativa saggistica e teatrale dello scrittore triestino volto a restituirne l'identità plurale e prismatica dalla narrazione sui luoghi all'ineludibile tensione ideologica dagli alfabeti filosofici al peso della Storia dalla riscrittura del Mito ai rapporti con le altre letterature dalla filigrana ipotestuale a veri e propri case studies che secondo una prospettiva diacronica si soffermano su opere come *Microcosmi* *Alla cieca* *Non luogo a procedere* e *Tempo curvo* a Krems **Bildungsroman and the Arab Novel** Maria Elena Paniconi, 2022-09-30 Through a close reading of a corpus of novels featuring young protagonists in their path toward adulthood the book shows how Bildungsroman impacted the formation of the Egyptian narrative On a larger scale the book helps the reader to understand the key role played by the coming of age novel in the definition and perception of modern Arab subjectivity Exploring the role of Bildungsroman in shaping the canonical Egyptian novel the book discusses the case of *Zaynab* by Muhammad Husayn Haykal 1913 as an example of early Arab Bildungsnarrative It focuses on Latifa Zayyat's masterpiece *The Open Door* and the novels of the 90s Generation offering a gender based analysis of the Egyptian Bildungsroman It provides insightful readings about the function of the novel in women's renegotiation of social boundaries The study shows how the stories of youth present universal themes such as the thwarted quest for love the struggle for personal fulfilment the desire to achieve a cultural modernity often felt as other than self The book is a journey in the Twentieth Century Egyptian Novel seen through the lens of the transnational form of Bildungsroman It is a key resource to students and academics interested in Arabic literature comparative literature and cultural studies *The Essence and the Margin*, 2009-01-01 With the expansion of the EU and calls for a European constitution the question of a common European identity has become increasingly pressing in recent times However in the face of diverse national and regional traditions and the absence of an obvious European cultural imaginary the forging of a strong sense of European identity proves problematic This volume brings together case studies of national and regional images from across Europe which together suggest emerging patterns of identification within contemporary Europe patterns which may not necessarily amount to a European identity but rather to a European mode of identification The chronological structure of the volume demonstrates the increasingly problematic nature of national collective memories and past

imaginaries in light of emergent marginal voices and images and suggests that it is both from beyond and within the national paradigm that new challenges are now reshaping the cultural imaginary of European communities Focusing on cultural images within film literature national narratives and myths museum exhibitions and architecture this volume is of interest to a wide variety of disciplines in the humanities and presents an interdisciplinary approach to questions of cultural memory and identity formation

permission in writing from the publishers **Textual Wanderings** Rhian Atkin, 2017-12-02 Digression is a crucial motif in literary narratives. It features as a key characteristic of fictional works from Cervantes and Sterne to Proust, Joyce and Calvino. Moving away from a linear narrative and following a path of associations reflects how we think and speak. Yet an author's inability to stick to the point has often been seen to detract from a work of literature, somehow weakening it. This wide-ranging and timely volume seeks to celebrate narrative digressions and move towards a theoretical framework for studying the meanderings of literary texts as a useful and valuable aspect of literature. Essays discussing some of the possibilities for approaching narrative digression from a theoretical perspective are complemented with focused studies of European and American authors. As a whole, the book offers a broad and varied view of textual wanderings.
