**Van Gogh** Gregory White Smith, Steven Naifeh, 2011-10-17 Vincent van Gogh created some of the best loved and most expensive works of art ever made from the early *The Potato Eaters* to his late masterpieces *Sunflowers* and *The Starry Night* He had worked as an art dealer a missionary and as a teacher in England and only in his late twenties did he begin a life that would be fundamental in shaping modern art But when he died in Auvers sur Oise in 1890 at the age of thirty seven he was largely unknown Written with the cooperation of the Van Gogh Museum Pulitzer winning authors Steven Naifeh and Gregory White Smith recreate his extraordinary life and the inside of his troubled mind like never before and they put forward an explosive new theory challenging the widespread belief that Van Gogh took his own life Drawing for the first time on all of his and his family's extensive letters which offer exquisite glimpses into his thoughts and feelings this is the definitive portrait of one of the world's cultural giants , *French Dramatists, 1789-1914* Barbara T. Cooper, 1998 Essays on French dramatists writing during a period when Paris and the provinces saw thousands of dramatic works in a myriad of genres These plays offered not only entertainment but broached serious political and social issues as well during a time of government censorship Includes information on the various forms of theatrical entertainment and the various types of playwriting including melodrama romantic drama tragedies comedies and realistic dramas

**Women Intellectuals in Post-68 France** I. Long, 2013-10-30 Accounts of public intellectuals in France and French feminism have focused on a specific set of women thinkers overlooking some major women intellectuals This book aims redresses this balance by studying these forgotten intellectuals creating a cultural and theoretical re evaluation of the gendered phenomenon of the public intellectual in France Cézanne to Picasso Rebecca A. **Marguerite de Navarre** Patricia Francis Cholakian, Rouben Charles Cholakian, 2006 Sister to the king of France queen of Navarre gifted writer religious reformer and patron of the arts in her many roles Marguerite de Navarre 1492 1549 was one of the most important figures of the French Renaissance In this the first major biography in English Patricia F Cholakian and Rouben C Cholakian draw on her writings to provide a vivid portrait of Marguerite's public and private life Freeing her from the shadow of her brother François I they recognize her immense influence on French politics and culture and they challenge conventional views of her family relationships The authors highlight Marguerite's considerable role in advancing the cause of religious reform in France her support of vernacular translations of sacred works her denunciation of ecclesiastical corruption her founding of orphanages and hospitals and her defense and protection of persecuted reformists Had this

plucky and spirited woman not been sister to the king she would most likely have ended up at the stake Though she remained a devout catholic her theological poem *Miroir de l me p cheresse* a mystical summa of evangelical doctrine that was viciously attacked by conservatives remains to this day an important part of the Protestant corpus Marguerite along with her brother the king was a key architect and animator of the refined entertainments that became the hallmark of the French court Always eager to encourage new ideas she supported many of the illustrious writers and thinkers of her time Moreover uniquely for a queen she was herself a prolific poet dramatist and prose writer and published a two volume anthology of her works In reassessing Marguerite s enormous oeuvre the authors reveal the range and quality of her work beyond her famous collection of tales posthumously called the *Heptameron* The Cholakians groundbreaking reading of the rich body of her work which uncovers autobiographical elements previously unrecognized by most scholars and their study of her surviving correspondence portray a life that fully justifies Marguerite s sobriquet Mother of the Renaissance **Catalogue of books**

**added to the Library of Congress** Washington D.C., libr. of Congress,1868 *The Cause of Cosmopolitanism* Patrick O'Donovan,Laura Rascaroli,2011 This work in assessing cosmopolitanism as a cause argues that justifications and critiques of the cosmopolitan are shaped as much by political and cultural forces as by the distinctive philosophical tradition in which it is situated *Literature* ,1899 **In Byron's Shadow** David Ernest Roessel,2002 In Bryon s Shadow draws on a wide range of sources to create a model for literary history that synthesizes literary investigation and cultural studies to develop a fuller understanding of the historical forces influencing the Anglo American conception of modern Greece Jacket

*Post-migratory Cultures in Postcolonial France* Kathryn A. Kleppinger,Laura Reeck,2018 Post Migratory Cultures in Postcolonial France offers a critical assessment of the ways in which French writers filmmakers musicians and other artists descended from immigrants from former colonial territories bring their specificity to bear on the bounds and applicability of French republicanism Frenchness and national identity and contemporary cultural production in France In mobilizing a range of approaches and methodologies pertinent to their specialist fields of inquiry contributors to this volume share in the common objective of elucidating the cultural productions of what we are calling post migratory second and third generation postcolonial minorities The volume provides a lens through which to query the dimensions of postcoloniality and transnationalism in relation to post migratory postcolonial minorities in France and identifies points of convergence and conversation among them in the range of their cultural production The cultural practitioners considered query traditional French high culture and its pathways and institutions some emerge as autodidacts introducing new forms of authorship and activism they inflect French cultural production with different accents some experimental and even avant garde in nature As the volume contributors show though post migratory postcolonial minorities sometimes express dis settlement they also provide an incisive view of social identities in France today and their own compelling visions for the future **Daoism, Dandyism, and Political Correctness** Thorsten Botz-Bornstein,2023-09-01 How would Zhuangzi a Chinese philosopher

who lived in the fourth century BCE have reacted to the recent linguistic reforms commonly referred to as political correctness Zhuangzi was a language skeptic which means that he did not believe that language could convey the true meanings of the world Might Zhuangzi have argued that political correctness creates but a dream world made of rules policies and words no more real than when he dreamt he was a butterfly Written in a provocative tone this book looks at political correctness through the lens of ancient Chinese philosophy as well as through Brummell's and Wilde's aesthetic philosophy of dandyism Several scholars have established links between Zhuangzi and dandyism and Wilde wrote one of the first reviews of Herbert Giles's English translation of the Zhuangzi Like Daoism dandyism does not engage in a Confucian correction of language instead preferring aimless roaming and rambling The Daoist carefree wanderer is a flâneur and both Daoist and dandy deconstruct the puritanism and correctness sought by Confucianism Victorianism and our contemporary neoliberal culture Instead of seeking to induce correct opinions they seek to liberate the mind **Ghost Brothers** Rony Blum, 2005-05-12 Devastating losses caused by diseases such as smallpox led to an epidemic of bereavement among the Natives This loss resonated with the French who had dealt with smaller epidemics in France and were also mourning their absent communities through a nostalgia for home Blum traces how ghosts provided transgenerational and transcultural links that guided understanding rather than encouraging violence Ghost Brothers insightfully examines the process of this colonial interdependent alliance between Native and European worlds *Accessories to Modernity* Susan Hiner, 2011-06-06 *Accessories to Modernity* explores the ways in which feminine fashion accessories such as cashmere shawls parasols fans and handbags became essential instruments in the bourgeois idealization of womanhood in nineteenth century France Considering how these fashionable objects were portrayed in fashion journals and illustrations as well as fiction the book explores the histories and cultural weight of the objects themselves and offers fresh readings of works by Balzac Flaubert and Zola some of the most widely read novels of the period As social boundaries were becoming more and more fluid in the nineteenth century one effort to impose order over the looming confusion came in the case of women through fashion and the fashion accessory thus became an ever more crucial tool through which social distinction could be created projected and maintained Looking through the lens of fashion Susan Hiner explores the interplay of imperialist expansion and domestic rituals the assertion of privilege in the face of increasing social mobility gendering practices and their relation to social hierarchies and the rise of commodity culture and woman's paradoxical status as both consumer and object within it Through her close focus on these luxury objects Hiner reframes the feminine fashion accessory as a key symbol of modernity that bridges the erotic and proper the domestic and exotic and mass production and the work of art while making a larger claim about the accessory status in terms of both complicity and subordination of bourgeois women in nineteenth century France Women were not simply passive bystanders but rather were themselves accessories to the work of modernity from which they were ostensibly excluded **Figures of Ill Repute** Charles Bernheimer, 1997 Ubiquitous in the streets and brothels of

nineteenth century Paris the prostitute was even more so in the novels and paintings of the time Charles Bernheimer discusses how these representations of the sexually available woman express male ambivalence about desire money class and the body Interweaving close textual analysis with historical anecdote and theoretical speculation Bernheimer demonstrates how the formal properties of art can serve strategically to control anxious fantasies about female sexual power Drawing on methods derived from cultural studies psychoanalysis social history feminist theory and narrative analysis this interdisciplinary classic available now for the first time in paperback was awarded Honorable Mention in 1990 for the James Russell Lowell prize awarded by the Modern Language Association for the best book of criticism *The Saturday Review of Politics, Literature, Science and Art*, 1881 **Literature** Henry Duff Traill, 1898 Empire of Love Matt K. Matsuda, 2005-01-20 In this broad ranging survey of Paris Tahiti Indochina Japan New Caledonia and the South Pacific generally Matt Matsuda illustrates the fascinating interplay that shaped the imaginations of both colonizer and colonized Drawing on a wealth of primary sources Matsuda describes the constitution of a French Pacific through the eyes of Tahitian monarchs Kanak warriors French politicians and prisoners Asian revolutionaries and Central American laborers among others He argues that French imperialism in the Pacific both real and imagined was registered most forcefully in languages of desire and love for lost islands promised wealth and riches carnal and spiritual pleasures and political affinities Exploring the conflicting engagements with love for and against the empire in the Pacific this book is an imaginative and ground breaking work in global imperial and colonial histories as well as Pacific histories **Schaltstelle** Karen J. Leeder, 2007 Erstmals liegt mit Schaltstelle eine umfassende Studie zur zeitgenössischen deutschsprachigen Lyrik auf der Schwelle zum 21. Jahrhundert vor In einem breiten Spektrum an Beiträgen international renommierter Experten aus Deutschland Großbritannien den USA Kanada Italien und den Niederlanden präsentiert diese Untersuchung ausführliche Analysen zu bekannten Größen wie Volker Braun Ulrike Draesner Durs Grünbein Ernst Jandl Barbara Kehler Friederike Mayröcker Brigitte Oleschinski und Raoul Schrott eingehende Betrachtungen zur Lyrik des Körpers zur Verwendung von Klischee Bildern zum Topos der Kindheit oder zur neuen Schlichtheit sowie Beiträge zur jüngsten Generation von Dichterinnen und Dichtern die im neuen Jahrhundert ihren Einstand gegeben haben Untersuchungen zu individuellen Gedichtsammlungen ergänzen sich mit Abhandlungen die Dialoge über die Jahrhundertgrenzen hinweg aufzeigen oder den Einfluss von Schlüsselfiguren wie Paul Celan und Gottfried Benn nachweisen Zudem enthält der Band ein Interview mit Heinz Czechowski und neue Gedichte von acht führenden deutschsprachigen Lyrikerinnen und Lyrikern Zu oft wird in Diskussionen zur Literatur in der Berliner Republik die Lyrik marginalisiert dieser Band zeigt dass sie im Gegenteil eine unerlässliche Rolle zu spielen hat Für Wissenschaftler und Studierende der Germanistik wie überhaupt für alle die an den Entwicklungen auf dem Gebiet der modernen Lyrik interessiert sind sollte diese Veröffentlichung zur Pflichtlektüre erhoben werden Schaltstelle presents a pioneering examination of contemporary German poetry at the turn of the twenty first century Internationally recognised experts from Germany UK USA Canada Italy

and the Netherlands offer a first assessment of the paths that German poetry has taken into the new millennium. Alongside in-depth analyses of established names are broader surveys of poetry of the body, the use of cliché, theories of metaphor, the topos of childhood, the new simplicity and contributions dedicated to the youngest generation of poets making their debut in the new century. The volume also contains an interview with Heinz Czechowski, a substantial bibliography and new poems by eight leading poets. Poetry is too often marginalised in discussions about literature in the Berlin Republic; this volume demonstrates that it has a vital role to play at their heart.
