Love And Other Near Death Experiences By Mil Millington:

Love and Other Near Death Experiences Mil Millington, 2011-10-06 A fantastically funny bittersweet story of second guesses and second chances Rob Garland is getting married in two months Oddly however this is the least of his problems More vexing than the seating arrangements the choice of wedding stationery more even that the savagely obscene expense of everything is the fact that Rob should be dead and he knows it Faced with an ultimatum from his girlfriend to either sort himself out or call the wedding and the whole relationship off he sets about trying to come to terms with how it is that somehow he's still inexplicably breathing After pouring his heart out to the listeners on his late night radio jazz show he soon finds himself teamed up with others who really ought not to be alive but who for random meaningless and frankly stupid reasons unaccountably are And that's when things become yet more worrying because it turns out that their search to understand why they've each remained oddly alive might very well end up killing them all Love death religious beliefs existential angst Love and Other Near Death Experiences is a jack knifing comedy about those things which should be no laughing matter

Quite Dead Mil Millington, 2006 Rob Garland is getting married in two months Oddly however this is the least of his problems More vexing than the seating arrangements the choice of wedding stationery more even that the savagely obscene expense of everything is the fact that Rob should be dead and he knows it Faced with an ultimatum from his girlfriend to either sort himself out or call the wedding and the whole relationship off he sets about trying to come to terms with how it is that somehow he s still inexplicably breathing After pouring his heart out to the listeners on his late night radio jazz show he soon finds himself teamed up with others who really ought not to be alive but who for random meaningless and frankly stupid reasons unaccountably are And that s when things become yet more worrying because it turns out that their search to understand why they ve each remained oddly alive might very well end up killing them all Love death religious beliefs existential angst Love and Other Near Death Experiences is a jack knifing comedy about those things which should be no laughing matter The Bulletin ,2006 Instructions For Living Someone Else's Life Mil Millington, 2011-09-29 The new novel from the bestselling author of THINGS MY GIRLFRIEND AND I HAVE ARGUED ABOUT Chris is 25 He has a job in advertising he despises despite being naturally brilliant at creating shamelessly successful campaigns an artistic girlfriend and his two best mates from university who spend a lot of time playing pool drinking Grolsch and quoting lines from Robocop at each other But Chris s life is about to change The eighties are coming to an end and he must take decisive action if he is to fulfil what he suspects is his true potential So after pre emptively celebrating the fact he is about to hand in his resignation Chris goes to bed drunk in 1988 but very unexpectedly wakes up in 2006 with an unbelievable hangover a long suffering and worryingly old looking stranger for a wife a life that hasn t turned out the way he had hoped for at all and an unnerving amount of new body hair **The Guardian Index** ,2003 Book Review Index ,1981 Every 3rd issue is a quarterly cumulation *Harper's New Monthly Magazine* Henry Mills Alden, 1881 Harper s informs a diverse body of readers of cultural business political literary and scientific affairs Harper's New Monthly Magazine ,1881 **The Challenge of Nietzsche** Jeremy Fortier, 2020-03-24 Friedrich Nietzsche is one of the most widely read authors in the world from the time of his death to the present as well as one of the most controversial He has been celebrated as a theorist of individual creativity and self care but also condemned as an advocate of antimodern politics and hierarchical communalism Rather than treating these approaches as mutually exclusive Jeremy Fortier contends that we ought instead to understand Nietzsche s complex legacy as the consequence of a self conscious and artful tension woven into the fabric of his books The Challenge of Nietzsche uses Nietzsche as a guide to Nietzsche highlighting the fact that Nietzsche equipped his writings with retrospective self commentaries and an autobiographical apparatus that clarify how he understood his development as an author thinker and human being Fortier shows that Nietzsche used his writings to establish two major character types the Free Spirit and Zarathustra who represent two different approaches to the conduct and understanding of life one that strives to be as independent and critical of the world as possible and one that engages with cares for and aims to change the world

Nietzsche developed these characters at different moments of his life in order to confront from contrasting perspectives such elemental experiences as the drive to independence the feeling of love and the assessment of one's overall health or well-being Understanding the tension between the Free Spirit and Zarathustra takes readers to the heart of what Nietzsche identified as the tensions central to his life and to all human life **American Book Publishing Record**, 2004
