The Collected Stories Of T. Coraghessan Boyle T.C. Boyle, 2014-11-06 T Coraghessan Boyle is regarded as one of America s greatest living short story writers This publication brings together all his stories into one volume **The Best American Nonrequired Reading 2011** Guillermo del Toro, 2011 Eggers has hand picked a selection of the best writing including fiction nonfiction poetry comics and blogs published during 2010 **The Emerald Archive** Gary Freedman, 2019-05-16 The Emerald Archive is a novel in verse about a Jewish Iranian emigre family living in Manhattan The book is a theme and variations It opens with a three page prose theme that summarizes the plot of the entire book The remaining pages are a series of poems that function as a collection of variations on the theme The story unfolds through the poems The final page in prose ties together the themes of the book The major characters of The Emerald Archive include a high earning dental surgeon and his depressive wife a gay librarian an accounting student a stripper a concert pianist and a Park Avenue psychoanalyst There are numerous minor characters **Bits of me are falling apart** William Leith, 2013-08-22 One morning William Leith wakes up and realises that something is wrong He is alone and at the end of his tether Bits of him are falling apart With his trademark darkly humorous mix of personal story and social commentary Leith attempts to answer the question is everything really as bad as it seems You ll read this book in a weekend Leith is after all a very good writer succinct except when he s repeating himself for effect amusing except when he s predicting the end of the

world perceptive except when he's pretending he can't remember who actually sang Pink Floyd's Time or which Dutch explorer discovered Easter Island. Leith's brain is sharper than most and he deftly weaves solipsistic woe into more pressing concerns about the housing market and the failure of Western capitalism. This is a potentially important book for our times.

Significant Objects Joshua Glenn, Rob Walker, 2012-08-06 100 EXTRAORDINARY STORIES ABOUT ORDINARY THINGS. SIGNIFICANT OBJECTS: A Literary and Economic Experiment. Can a great story transform a worthless trinket into a significant object? The Significant Objects project set out to answer that question once and for all by recruiting a highly impressive crew of creative writers to invent stories about an unimpressive menagerie of items rescued from thrift stores and yard sales. That secondhand flotsam definitely becomes more valuable sold on eBay: objects originally picked up for a buck or so sold for thousands of dollars in total, making the project a sensation in the literary blogosphere along the way. But something else happened too. The stories created were astonishing; a cavalcade of surprising responses to the challenge of manufacturing significance. Who would have believed that random junk could inspire so much imagination? The founders of the Significant Objects project that's who. This book collects 100 of the finest tales from this unprecedented creative experiment: you'll never look at a thrift store curiosity the same way again.

See You in Paradise J. Robert Lennon, 2014-11-13. Bizarre, darkly funny and disconcerting, this collection of stories explores the surreal that lurks in everyday life. Deftly blending the everyday at its most uncanny with smatterings of sci-fi, these fourteen stories probe moments when family members move apart or drift back together when

dreams crumble and convictions falter moments when suddenly things fall into place from a new perspective A Japanese Hibachi grill rekindles a wife's passion for her husband and for revenge A family take weekend trips to other worlds through a magic portal Dan Larsen recently drowned is brought back to life and makes trouble for the group of friends who'd prefer he hadn't Ellen invites friends and her ex husband to a memorial party for Bounder a family pet who hasn't died Written with Lennon's characteristic deadpan humour these stories catch you off guard and leave you wondering just how much peculiarity the world is capable of absorbing The Publishers Weekly, 2009 *Highway 14* Dean Bakopoulos, Brian Evenson, Christine Hume, J.
