Don D'Ammassa

Melancholy Elephants By Spider Robinson:

Melancholy Elephants Spider Robinson, 1984 **The Crazy Years** Spider Robinson, 2009-06-01 A collection of witty irreverent essays on subjects running the gamut from the space program to airport bans on smoking are included in this anthology Written by Spider Robinson *The Crazy Years* takes its name from Robert A Heinlein's designation of the last years of the 20th century and contains essays from Robinson's tenure as op ed columnist for *The Globe and Mail* and from *Galaxy Online* Environmentalists that place the survival of earth before the survival of humanity the idiocy of computer designs and the downsides of the Internet are among the subjects Robinson uses to take the world to task *Sense of Wonder* Leigh Grossman, 2011-12-20 A survey of the last 100 years of science fiction with representative stories and illuminating essays by the top writers poets and scholars from Edgar Rice Burroughs and Samuel Butler to Robert A Heinlein and and Jack Vance from E E Doc Smith and Clifford D Simak to Ted Chiang and Charles Stross and everyone in between More than one million words of classic fiction and essays *Bridges to Science Fiction and Fantasy* Gregory Benford, Gary Westfahl, Howard V. Hendrix, 2018-03-05 The J Lloyd Eaton Conferences on Science Fiction and Fantasy Literature long held at the University of California Riverside have been a major influence in the study of science fiction and fantasy for thirty years The conferences have attracted leading scholars whose papers are published in Eaton volumes found in university libraries throughout the world This collection brings together 22 of the best papers most with new afterwords by the authors presented in chronological order to show how science fiction and fantasy criticism has evolved since 1979 **Science Fiction in Print** Charles N. Brown, William Contento, 1986 **The Fiddlehead** , 1985 **Very Bad Deaths** Spider Robinson, 2002-12-01 A MAN CAN T EVEN DIE IN PEACE Blind to the beauty of his island home in Canada shattered by the death of his wife of 32 years American expatriate Russell Walker is ready to join her But Smelly won't let him Smelly notorious for his refusal to bathe was Russell's college roommate back in 1967 He's lived a hermit's life ever since and only Russell knows why Smelly reads minds can't help it and it hurts After all these years Russell is still the only person Smelly can stand to be near And now Smelly urgently needs an intermediary with the police suicidal or not He's learned that a serial sadist who would terrify Ted Bundy is at play in the Vancouver area Unfortunately he's got only scraps of information that aren't enough to ID either the killer or his next victims And he can't even come close enough to a cop to tell his story Against his better judgment Russell brings this unlikely tale to Constable Nika Mandic a tough but unlucky Vancouver policewoman and soon the mild mannered Sixties survivor finds himself conspiring with a telepathic hermit and an uptight cop to track a monster to his lair But are the three together smart enough to stalk a creature who thinks of himself as the first true scientist of cruelty If not Russell's suicidal urges may be fulfilled sooner and much less painlessly than he planned At the publisher's request this title is sold without DRM Digital Rights Management **The Copyrights** Paul K. Saint-Amour, 2011-02-23 They borrow from published works without attribution They remake literary creation in the image of consumption They celebrate the art of

scissors and paste Who are these outlaws Postmodern culture jammers or file sharing teens No they are the Copywrights Victorian and modernist writers among them Oscar Wilde and James Joyce whose work wrestled with the intellectual property laws of their day In a highly readable and thought provoking book that places today's copyright wars in historical context Paul K Saint Amour asks Would their art have survived the copyright laws of the new millennium Revisiting major works by Wilde and Joyce as well as centos assembled by anonymous writers from existing poems Saint Amour sees the period 1830 1930 as a time when imaginative literature became aware of its own status as intellectual property and began to register that awareness in its subjects plots and formal architecture The authors of these self reflexive literary texts were more conscious than their precursors of the role played by consumption in both the composition and the consecration of literature The texts in question became in turn part of what Saint Amour characterizes as a counterdiscourse to extensive monopoly copyright a vocal minority that insisted on a broadly conceived public domain not only as indispensable to free expression and fresh creation but as a good in itself Recent events such as the court battle over the Copyright Term Extension Act CTEA which extends copyright terms by 20 years the patenting of the human genome and of genetically altered seed lines and high stakes controversies over literary parody have increased public awareness of intellectual property law In *The Copywrights* Saint Amour challenges the notion that copyright's function ends with the provision of private incentives to creation and innovation The cases he examines lead him to argue that copyright performs a range of political emotional and even sacred functions that are too often ignored and that what seems to have emerged as copyright's primary function the creation of private property incentives must not be an end in itself

The Culture of the Copy Hillel

Schwartz, 2014-11-02 A novel attempt to make sense of our preoccupation with copies of all kinds from counterfeits to instant replay from parrots to photocopies *The Culture of the Copy* is a novel attempt to make sense of the Western fascination with replicas duplicates and twins In a work that is breathtaking in its synthetic and critical achievements Hillel Schwartz charts the repercussions of our entanglement with copies of all kinds whose presence alternately sustains and overwhelms us This updated edition takes notice of recent shifts in thought with regard to such issues as biological cloning conjoined twins copyright digital reproduction and multiple personality disorder At once abbreviated and refined it will be of interest to anyone concerned with problems of authenticity identity and originality Through intriguing and at times humorous historical analysis and case studies in contemporary culture Schwartz investigates a stunning array of simulacra counterfeits decoys mannequins and portraits ditto marks genetic cloning war games and camouflage instant replays digital imaging parrots and photocopies wax museums apes and art forgeries not to mention the very notion of the Real McCoy Working through a range of theories on biological mechanical and electronic reproduction Schwartz questions the modern esteem for authenticity and uniqueness *The Culture of the Copy* shows how the ethical dilemmas central to so many fields of endeavor have become inseparable from our pursuit of copies of the natural world of our own creations indeed of our very selves The book is an

innovative blend of microsociology cultural history and philosophical reflection of interest to anyone concerned with problems of authenticity identity and originality Praise for the first edition T he author brings his considerable synthetic powers to bear on our uneasy preoccupation with doubles likenesses facsimiles replicas and re enactments I doubt that these cultural phenomena have ever been more comprehensively or more creatively chronicled A book that gets you to see the world anew again The New York Times A sprightly and disconcerting piece of cultural history Terence Hawkes London Review of Books In The Culture of the Copy Schwartz has written the perfect book original and repetitive at once Todd Gitlin Los Angeles Times Book Review

Vivid Tomorrows David Brin,2021-03-04 Can science fiction especially sci fi cinema save the world It already has many times Retired officers testify that films like Doctor Strangelove Fail Safe On the Beach and War Games provoked changes and helped prevent accidental war Soylent Green and Silent Running recruited millions of environmental activists The China Syndrome and countless movies about plagues helped bring attention to those failure modes And the grand daddy of self preventing prophecy Nineteen Eighty Four girded countless citizens to stay wary of Big Brother It s not been all dire warnings While optimism is much harder to dramatize than apocalypse both large and small screens have also encouraged millions to lift their gaze contemplating how we might get better incrementally or else raise grandchildren worthy of the stars Come along on a quirky quest for unusual insights into the power of forward looking media How the romantic allure of feudalism tugs at men and women who benefited vastly from modernity Or explore why almost every Hollywood film preaches Suspicion of Authority along with tolerance diversity and personal eccentricity and how those messages helped keep us free No one is spared scrutiny Not Spielberg or Tolkien or Cameron or Costner nor Dune or demigods or zombie flicks Certainly not George Lucas or Ayn Rand Though some critiques are offered from a lifetime of respect and love and gratitude

New Directions in Law and Literature Elizabeth Susan Anker,Bernadette Meyler,2017 This collection of essays by twenty two prominent scholars from literature departments and law schools showcases the vibrancy of recent work in law and literature and highlights its many new directions since the field s heyday in the 1970s and 80s

Elgar Concise Encyclopedia of Law and Literature Robert Spoo,Simon Stern,2025-01-09 The Elgar Concise Encyclopedia of Law and Literature surveys the intersection between two important fields of study Interdisciplinary in scope the volume showcases the many ways in which literary and legal methods and insights both converge and remain distinct

Audio Culture Christoph Cox,Daniel Warner,2004-09-01 Contributions Brian Eno John Cage Jacques Attali Umberto Eco Christian Marclay Simon Reynolds Pierre Schaeffer Marshall McLuhan Derek Bailey Pauline Oliveros Tony Conrad David Toop etc

The Year's Best Science Fiction: First Annual Collection Gardner Dozois,1984-04-15 This collection launched the popular and long running The Year s Best Science Fiction series Fantastic Science Fiction The Year s Best And Biggest Collection Here s the cream of the crop

short stories novelettes novellas by science fiction writers already famous and awarded for their high quality work in science fiction Writers like Poul Anderson Joe Haldeman Tanith Lee George R R Martin Robert Silverberg James Tiptree Jr Vernor Vinge Gene Wolfe Plus writers who are newer to the field but just as excellent These are the stories that will vie for the Hugo and Nebula Awards this year And we've got them all Not ten Not twenty 25 GREAT SF TALES Each one is chosen by renowned SF writer and editor Gardner R Dozois Among them are Black Air by Kim Stanley Robinson Blood Music and Hardfought by Greg Bear Blind Shemmy by Jack Dann Cicada Queen by Bruce Sterling and Slow Birds by Ian Watson

Audio Culture, Revised Edition Christoph Cox, Daniel Warner, 2017-07-27 The groundbreaking Audio Culture Readings in Modern Music Continuum September 2004 paperback original maps the aural and discursive terrain of vanguard music today Rather than offering a history of contemporary music Audio Culture traces the genealogy of current musical practices and theoretical concerns drawing lines of connection between recent musical production and earlier moments of sonic experimentation It aims to foreground the various rewirings of musical composition and performance that have taken place in the past few decades and to provide a critical and theoretical language for this new audio culture This new and expanded edition of the Audio Culture contains twenty five additional essays including four newly commissioned pieces Taken as a whole the book explores the interconnections among such forms as minimalism indeterminacy musique concrète free improvisation experimental music avant rock dub reggae ambient music hip hop and techno via writings by philosophers cultural theorists and composers Instead of focusing on some crossover between high art and popular culture Audio Culture takes all these musics as experimental practices on par with and linked to one another While cultural studies has tended to look at music primarily popular music from a sociological perspective the concern here is philosophical musical and historical Audio Culture includes writing by some of the most important musical thinkers of the past half century among them John Cage Brian Eno Ornette Coleman Pauline Oliveros Maryanne Amacher Glenn Gould Umberto Eco Jacques Attali Simon Reynolds Eliane Radigue David Toop John Zorn Karlheinz Stockhausen and many others Each essay has its own short introduction helping the reader to place the essay within musical historical and conceptual contexts and the volume concludes with a glossary a timeline and an extensive discography

The Year's Best Science Fiction: Third Annual Collection Gardner Dozois, 1986-04-15 The best gets better and bigger The two time Nebula Award winning author and recently named editor of Isaac Asimov's Science Fiction Magazine has compiled an awesome collection of science fiction from 1985 It includes eleven current Nebula Award Finalists and works by such best selling and award winning authors as Orson Scott Card John Crowley Avram Davidson William Gibson Joe Haldeman R A Lafferty George R R Martin Frederik Pohl Kim Stanley Robinson Robert Silverberg James Tiptree Jr and Howard Waldrop The finest new writers in the field are also represented including recent Hugo and Nebula Award nominees such as James P Blaylock James Patrick Kelly Nancy Kress Lucius Shepard Lewis Shiner Bruce Sterling Michael Swanwick and Walter Jon Williams More than ever this massive and

satisfying book is the best buy in science fiction **Întreabă un filosof** Ian Olasov, 2022-05-12 O colecție de răspunsuri la o seamă de întrebări filosofice care frământă mințile oamenilor de la marile întrebări ale omenirii până la cele personale la care nu tăi încă trebuie să răspundeți Plecând de la întrebările pe care le-a primit în viața reală în cadrul proiectului Întreabă un filosof Ian Olasov ne oferă răspunsurile sale la interogații precum Care este sensul vieții Sunt oamenii buni sau răi din naștere Este culoarea ceva subiectiv Este posibil că istoria în timp Există viața după moarte De unde timc 1 1 2 Întreabă un filosof ne arată nu doar că există o cale prin care filosofia poate deveni inteligibilă pentru fiecare dintre noi ci și perfect congruent cu viața de zi cu zi ci și că această tiință poate transporta într-o lume dincolo de noi Pornind de la mii de interacțiuni avute cu oamenii pe străzile New Yorkului Ian Olasov a scris o carte despre curiozitățile filosofice ale trecătorilor obișnuiți care cu siguranță va năvni oricând o persoană pasionată de cele mai enigmatice întrebări ale vieții Mămăgind adesea la ce fel de întrebări filosofice ar vrea să primească răspunsuri un om obișnuit sunt foarte curios care ar putea fi soluțiile pentru acestea Spre deliciul meu Ian Olasov a conceput o lucrare care mi va satisface ambele dorințe BARRY LAM profesor de filosofie la Colegiul Vassar din New York și gazda podcastului Hi Phi Nation *The Canadian Encyclopedia* James H. Marsh, 1999 This edition of The Canadian Encyclopedia is the largest most comprehensive book ever published in Canada for the general reader It is COMPLETE every aspect of Canada from its rock formations to its rock bands is represented here It is UNABRIDGED all of the information in the four red volumes of the famous 1988 edition is contained here in this single volume It has been EXPANDED since 1988 teams of researchers have been diligently fleshing out old entries and recording new ones as a result the text from 1988 has grown by 50% to over 4 000 000 words It has been UPDATED the researchers and contributors worked hard to make the information as current as possible Other words apply to this extraordinary work of scholarship AUTHORITATIVE RELIABLE and READABLE Every entry is compiled by an expert Equally important every entry is written for a Canadian reader from the Canadian point of view The finished work many years in the making and the equivalent of forty average sized books is an extraordinary storehouse of information about our country This book deserves pride of place on the bookshelf in every Canadian Home It is no accident that the cover of this book is based on the Canadian flag For the proud truth is that this volume represents a great national achievement From its formal inception in 1979 this encyclopedia has always represented a vote of faith in Canada in Canada as a separate place whose natural worlds and whose peoples and their achievements deserve to be recorded and celebrated At the start of a new century and a new millennium in an increasingly borderless corporate world that seems ever more hostile to national distinctions and aspirations this Canadian Encyclopedia is offered in a spirit of defiance and of faith in our future The statistics behind this volume are staggering The opening sixty pages list the 250 Consultants the roughly 4 000 Contributors all experts in the field they describe and the scores of researchers editors typesetters proofreaders and others who contributed their skills to this massive project The 2 640 pages incorporate over 10 000 articles and over 4 000 000 words making it the largest some might say the greatest Canadian book ever published

There are of course many special features These include a map of Canada a special page comparing the key statistics of the 23 major Canadian cities maps of our cities a variety of tables and photographs and finely detailed illustrations of our wildlife not to mention the colourful informative endpapers But above all the book is encyclopedic which the Canadian Oxford Dictionary describes as embracing all branches of learning This means that with rare exceptions there is satisfaction for the reader who seeks information on any Canadian subject From the first entry A mari usque ad mare from sea to sea which is Canada's motto and a good description of this volume's range to the Zouaves who mustered in Quebec to fight for the beleaguered Papacy there is the required summary of information clearly and accurately presented For the browser the constant variety of entries and the lure of regular cross references will provide hours of fascination The word encyclopedia derives from Greek expressions alluding to a grand circle of knowledge Our knowledge has expanded immeasurably since the time that one mind could encompass all that was known Yet now Canada's finest scientists academics and specialists have distilled their knowledge of our country between the covers of one volume The result is a book for every Canadian who values learning and values Canada
