way that I know how Politics involving religion and moral issues particularly in the areas of Christianity African American religion and Black Liberation Theology are my areas of interest and expertise At different times I have taught classes at the university level involving these topics and with the encouragement of my students I wish to address them in this book Drilling down to the root cause of the anti Obama rhetoric coming from Republicans and Christian conservatives not only provided useful talking points for my introductory course in Africana Studies but the issue became personal and convinced me to embark on this project
